Representative Nixon Reacts to Governor Ron DeSantis's Veto List

JACKSONVILLE, Fla. – Florida House District 13 **Representative Angie Nixon (D- Jacksonville)** reacts to today's budget vetoes:

“Governor DeSantis's veto list represents both a punishment list of all the folks in office that dared speak out against his harmful policies, like myself.

“Because of his ambition, it represents the giveaways that prop him up for his presidential campaign.

“Let me be clear, we can't afford Ron DeSantis. Under Governor Ron DeSantis, costs in Florida are out of control, with property insurance, utility rates, and rents skyrocketing. Ron DeSantis is attacking our freedoms, while our costs continue to rise because DeSantis is too busy doing favors for his billionaire and corporate elite donors in order to advance his own ambition to be president instead of providing real relief to Floridians.

“As Governor, DeSantis has already given billions in taxpayer handouts to some of his largest donors, including a \$3 billion taxpayer bailout of the insurance industry, while raising our taxes by over \$1 billion as workers and seniors struggle to keep a roof over their heads and food on the table.

“In the end, we can't trust Ron DeSantis because he will always do what's best for his own political career and not Floridians.”
