State Representative Kevin Chambliss Named Democratic Ranking Member of the Government Operations Subcommittee

Miami, FL – Yesterday, **State Representative Kevin Chambliss** was appointed as the ranking Democratic member of the Government Operations Subcommittee by Florida House **Speaker Chris Sprowls**.

“As a freshman Representative, to have the opportunity to be a ranking member on the Government Operations Subcommittee is nothing short of humbling,” said **Representative Chambliss**. “This subcommittee’s work has a huge impact on the progress we not only make as a state, but as a governing body of that state as well.”

The Government Operations Subcommittee considers matters related to state agency governance, including organization, agency rulemaking, and procurement and contracting; public records and open meetings; collective bargaining; and state and local public employee retirement and pensions.
