**Representative Chambliss Partners With West Perrine
Community Builders Association In Search of Missing Girls
Jazmine Brown and Markevia Wright**

Naranja, FL – In the last few days, community members in the Naranja neighborhood have been frantically looking for 12 year-old Jazmine Brown and 13 year-old Markevia Wright. West Perrine Community Builders Association have teamed up with Representative Kevin Chambliss' office in distributing flyers to the community in an effort to receive any kind of information on the disappearance of the girls.

“I cannot imagine the pain that these parents are feeling right now. I have an 11 year old daughter myself and it would completely break me if she was to go missing. I urge the community to not only pray for their safe return, but help do the work of getting the word out about their disappearance, and how residents can help bring them home,” **Representative Kevin Chambliss** said.

If there is anyone with any information on the disappearance of the girls, please have them call Miami-Dade and Florida Keys Crime Stoppers at 305-471-8477 or leave a tip at CrimeStoppers305.com.

Flyers for the missing girls can be picked up at the Office of Representative Chambliss at 17502 SW 104th Ave, West Perrine, FL 33157.
