Representative Yvonne Hinson issued the following statement:

“I am happy to host the United Faculty of Florida and other advocates in raising the alarm on postsecondary intellectual freedom and viewpoint diversity in the Florida House during the 2023 Legislative Session. There are many bad bills this year including HB 999 that I fear will forever damage our state universities. I am proud to sponsor HB 311/SB 324: Postsecondary Intellectual Freedom & Viewpoint Diversity with Senator Polsky.”
