Dear Secretary Detzner:

As Governor, I have the privilege of traveling our great state and hearing firsthand from Florida families on what matters most to them. Nearly every family I meet has the same three priorities: getting a great job, making sure their children receive a top-notch education in great schools and keeping their family safe. Each year I have the opportunity to work with the Florida Legislature to deliver on these priorities and this year I'm proud of the great progress we've made for the families in our state.

Last week, I was proud to sign into law a comprehensive tax cut package that continues to lessen the burden of taxes on Florida's families and businesses by cutting more than \$180 million and encouraging job growth for future generations of Floridians.

While I am vetoing the lines associated with the Florida Education Finance Program (FEFP), I am also vetoing General Revenue funds which I believe should be allocated to our students in public schools. This action can be accomplished without changing the Required Local Effort (RLE), previously authorized and agreed upon by the Florida Legislature in the budget.

Today, I have announced a special session for June 7-9, 2017 where I am calling on the Legislature to fund our schools at a higher rate. It is my goal that an additional \$215 million more is allocated to the FEFP which is a \$100 per student increase over current year funding. Our students are the future of our great state and I know President Negrón and Speaker Corcoran are committed to our students, parents, and teachers, and ensuring Florida offers a world-class education at all levels.

Earlier today, I announced that I intend to veto HB 5501 relating to Enterprise Florida and VISIT FLORIDA. I believe very strongly in both of these programs and their ability to bring more jobs to Florida. Florida's tourism industry supports 1.4 million jobs and \$50.7 billion in related income for Florida's families, and generates \$24.3 billion in tax

revenue to support important public programs. According to the Legislature's Office of Economic and Demographic Research, for every dollar invested in VISIT FLORIDA, Florida taxpayers see a return of \$3.20. I was deeply concerned that VISIT FLORIDA's budget was cut by over 60 percent and there was no funding from the legislature for economic incentive tools. During the special session, I am calling on the Florida Legislature to consider new legislation that funds Visit Florida at \$76 million, which is the funding level I recommended for tourism marketing earlier this year. Additionally, I am proposing to establish the Florida Job Growth Grant Fund at \$85 million to promote public infrastructure and individual job training which will encourage more businesses to choose Florida as a destination to grow jobs. Like the Legislature, I strongly believe in transparency and accountability for any taxpayer dollars used and I believe with this new program, we can compete with other states and nations for new jobs. While I was in business, I learned that when there are differences, you figure out a solution to fix it. I believe the new Florida Job Growth Grant Fund will be a great tool we can use to grow our economy.

We have made great strides to protect our environment, and I am proud that we have invested more than \$3.6 billion to protect Florida's agricultural and natural resources. I applaud the Florida legislature for their incredible efforts this year to find solutions to protecting our lands and waterways. President Negrón championed SB 10, a piece of transformational legislation regarding Lake Okeechobee. I was proud to stand with him just a few weeks ago in Palm Beach County to sign this historic bill which provides \$64 million for the planning and construction of the C-51 Reservoir and a reservoir south of Lake Okeechobee. This legislation is a game changer for our state.

Over the past year, our state was tested like never before and I have seen that Floridians are fighters. We successfully battled the Zika virus in South Florida, experienced the horrific terror attack at Pulse Nightclub in Orlando and fought to recover from the first two hurricanes we've experienced in more than a decade. I'm proud that together with the Florida Legislature, we are making critical investments to keep Florida headed in the right direction to ensure our families stay safe and healthy.

The Fighting for Florida's Future budget provides nearly \$1 million for an additional 15 epidemiologists in Florida's County Health Departments. State epidemiologists serve as one of the first lines of defense in protecting Floridians from emerging threats related to disease outbreaks like Zika.

We are also making important investments in strengthening law enforcement around our state to keep Florida families safe. Along with a robust investment of \$5.8 million and 46 positions for the Florida Department of Law Enforcement (FDLE) to strengthen counterterrorism operations, I intend to sign SB 7022 which provides much deserved pay raises to our state law enforcement and correctional officers. These brave men and women put their lives on the line every day to keep Florida's communities safe and I am proud to reward them for their life saving work.

Since December of 2010, we have fought hard every day to make Florida the best place to get a great job, receive a world-class education and raise a family. The Fighting for Florida's Future budget builds on our years of success and I look forward to seeing the significant impact these important investments have on families across our great state.

Fighting for Florida's Future Budget Highlights

Fighting to Cut Taxes for Florida's Future - \$180 Million in Tax Cuts

Governor Scott is committed to reducing the burden of taxes on Florida families and ensuring taxes are cut for Florida's future generations. **The Governor signed House Bill 7109 which cuts taxes by more than \$180 million.** Florida's per capita state tax burden is the second lowest among all states at \$1,806, and Governor Scott is committed to continuing to cut every possible tax to help Florida's future generations. These tax cuts will encourage both large and small businesses to create more jobs and build opportunities for generations of Floridians.

Governor Scott's signing of House Bill 7109 cuts taxes by \$180 million and includes:

- **Decreasing the Tax on Business Rents by \$61 Million** – Florida is the only state that has a tax on commercial leases which unfairly targets small businesses. This legislation reduces the tax on commercial leases by 0.2 percent in 2018, saving Florida businesses \$61 million a year.
- **Sales Tax Holidays to Save Families \$37.9 Million** – The tax cut package includes two sales tax holidays, which will save Florida families an estimated \$37.9 million in the upcoming fiscal year. These sales tax holiday savings include:
 - \$33.4 million from a 3-day back-to-school sales tax holiday (August 4-6, 2017).
 - \$4.5 million from a 3-day disaster preparedness sales tax holiday (June 2-4, 2017). For more information visit www.floridarevenue.com.
- **Exemption for Feminine Hygiene Products: \$11.2 Million** – HB 7109 creates a sales tax exemption on the purchase of feminine hygiene products.

- **Cutting Taxes for Low-Income Floridians and Florida Seniors: \$32.7 Million**
 - \$6.9 million by expanding the property tax exemption for Assisted Living Facilities beginning in 2017.
 - \$25.8 million by providing a 50 percent discount in property taxes to certain multifamily, low-income housing projects.

- **Cutting Agricultural Sales Tax for Florida Farmers: \$2.6 Million** – Governor Scott is cutting \$2.6 million in sales tax for Florida farmers by signing into law an exemption for agricultural health products and products used in aquaculture. Eliminating this tax will help create additional jobs in Florida’s agriculture industry.

- **Exemption for the Resale of Admissions by Tax Exempt Entities: \$3 Million** – Governor Scott is putting into effect an exemption saving Florida charities \$3 million in sales tax on the resale of admissions, which they can further invest in their core missions.

- **Sales Tax Exemption for Data Center Materials: \$2.6 Million** – Governor Scott is putting into effect a sales tax exemption for materials for data centers. This \$2.6 million tax cut will help attract high paying technology jobs to the state.

- **Sales Tax Exemption for Construction Materials in Rural Areas of Opportunity: \$1.9 Million** – An exemption for purchases of construction materials in rural areas of opportunity from the sales tax, promoting growth and jobs in small and rural counties in Florida. This is expected to save Florida businesses \$1.9 million.

Fighting for Florida's Future Students

Governor Scott remains committed to ensuring every Florida student has the opportunity to receive a great education that leads to a successful job. To be first in the nation for jobs, Florida must have a diverse and educated workforce.

Educational Sectors	Total Funding
Florida College System	\$1.2 billion
State University System	\$4.95 billion

K-12 School Capital Funds – The Fighting for Florida's Future budget invests \$50 million for maintenance at K-12 public schools, \$50 million for charter schools, and \$15.5 million for the Florida School for the Deaf and Blind and public lab schools, which includes \$7.5 million for Florida State University Lab School to construct a new arts and sciences building.

K-12 Rural School District Construction and Renovation – The Fighting for Florida's Future budget invests \$50.8 million for five rural school districts' Special Facility Construction projects. This funding will provide new school buildings and major renovations in Taylor, Hamilton, Liberty, Dixie and Jackson counties.

Excellence in Early Learning – The Fighting for Florida's Future budget provides \$396.8 million for the Voluntary Pre-Kindergarten Program. The total funding in the Fighting for Florida's Future early learning budget is more than \$1 billion – an increase of \$12.9 million over last year's funding.

The budget also maintains \$15.5 million for the early learning performance funding program for child care instructors who continually provide quality education.

School Readiness – The Fighting for Florida's Future budget includes an increase of \$25 million in federal funding to allow more than 4,600 additional children access to School Readiness programs. The Fighting for Florida's Future budget includes funds for the following early learning initiatives:

- The T.E.A.C.H. Program – \$3 million for early childhood teacher scholarships.
- Performance Funding – \$15.5 million to reward child care providers and instructors for improving School Readiness program outcomes.
- Help Me Grow – \$1.9 million to connect children and families with information, resources, and developmental services to enhance health, behavior, and learning in the development of young children.

- Home Instruction Program for Preschool Youngsters (HIPPY) – \$1.4 million to deliver high quality School Readiness curriculum directly to parents so they may strengthen the cognitive and early literacy skills of at-risk children.

Excellence in Higher Education – Governor Scott continues to champion an affordable, accessible, high quality education that leads graduates to great jobs without incurring mountains of debt.

The Fighting for Florida’s Future budget does not include any higher education tuition increases and provides historic total levels of funding for state universities - \$4.95 billion, an increase of \$173.5 million over last year.

A record \$520 million in performance funding will reward institutions for excellence and improvement in student success tied to keeping higher education affordable and ensuring students get high-wage jobs.

Keeping Florida’s Higher Education Affordable – The Fighting for Florida’s Future budget provides \$397.3 million to the Bright Futures Scholarship Program and fully covers 100 percent of tuition and fees for Bright Futures Academic Scholars (FAS) students, including summer courses. These students will also receive a \$300 book stipend during both the fall and spring semesters. This funding will help more than an estimated 94,000 Florida students, including approximately 50,000 FAS students who will now receive increased scholarship amounts.

The Fighting for Florida’s Future budget increases funding to the First-Generation Matching Grant Program to \$10.6 million, doubling the state’s match to private dollars raised. This program provides scholarship opportunities for economically disadvantaged students whose parents were unable to attend college so they can attain a higher education.

The Fighting for Florida’s Future budget provides \$14.3 million for scholarships for National Merit Scholar and National Achievement Scholar students.

The Fighting for Florida’s Future budget provides \$125.4 million to the Effective Access to Student Education grant program (formerly Florida Resident Access Grant program), and increases the award amount students receive from \$3,000 to \$3,300.

The Fighting for Florida’s Future budget provides \$500,000 to create the Florida Farmworker Student Scholarship Program. This new program will provide up to 50 higher education scholarships to children of farmworkers.

Targeted Investments in State Universities – Since 2011-12, total funding for Florida’s universities has increased by \$1.5 billion or 41.9 percent. This impressive increase comes while Governor Scott has held the line on tuition for four consecutive years, providing students an affordable education.

The Fighting for Florida's Future budget provides \$50 million to state universities through the State University Professional and Graduate Degree Excellence Program to make targeted investments that enhance the quality of graduate and professional degree programs in medicine, law, and business.

The budget also provides \$70.6 million to state universities through the World Class Faculty and Scholar Program to elevate the national competitiveness of Florida's universities through recruitment and retention of faculty and research scholars.

College and University Construction and Building Maintenance – In order for Florida's colleges and universities to continue to have world-class facilities, the Fighting for Florida's Future budget provides \$69 million for Florida College System facilities and \$103.7 million for State University System facilities. The budget also provides \$38.1 million for maintenance and repair at state colleges and \$45.6 million for maintenance and repair at state universities.

Industry Certifications – \$10 million in industry certification funding for the Florida College System. Colleges will receive earn \$1,000 for each industry certification that a student earns.

Fighting for Florida Jobs

Since being elected in 2010, Governor Scott's top priority has been to ensure everyone in Florida who wants a job can get a job and the result of this unrelenting focus has been incredible. In a little over six years, Florida has created 1,355,700 private-sector jobs. April 2017 marked the 81st consecutive month of positive over-the-year job growth, and Florida's annual job growth rate has exceeded the nation's annual job growth rate for five consecutive years. The unemployment rate has been cut by almost 60 percent since December 2010, from 10.7 percent to 4.5 percent, and as of April 2017 was at its lowest level since September 2007. In April 2017, there were over 244,000 job openings in Florida.

Supporting Job Growth in Florida

Enterprise Florida, Inc. (EFI), the state's public-private economic development partnership, has been instrumental in bringing high-wage jobs to Florida and marketing the state as the best place to live, work, and raise a family.

The Fighting for Florida's Future budget provides \$925.6 million for the Department of Economic Opportunity. This funding includes:

- \$281.9 million for Florida's 24 regional CareerSource Boards;
- \$15 million for Quick Response Training;
- \$12.5 million for Space Florida;
- \$7 million for aerospace industry financing; and
- \$3.2 million for space, defense, and rural infrastructure projects.

Investing in Florida's Future Workforce – Governor Scott is committed to making Florida the best state in the nation for workforce development so Florida's economy can continue to diversify and attract more businesses. Since 2011, Governor Scott has directed investments of more than \$1.6 billion for communities to ensure the best workers are available for Florida's job creators.

The Fighting for Florida's Future budget provides \$281.9 million for Florida's 24 regional CareerSource Boards responsible for providing workforce services directly linked to job seekers and businesses. This includes job placement, recruitment assistance and skills training. The Florida workforce system helped place more than 413,000 Floridians in jobs during 2016, including almost 20,000 Florida veterans.

Quick Response Training – The Fighting for Florida's Future budget invests an additional \$3 million in Quick Response Training for a total of \$15 million to continue diversifying Florida's economy. This increase will build on the program's success by providing businesses in targeted industries, both large and small, with matching funds related to specific training activities for workers who will be moving into new jobs created in Florida.

Fighting for Great Transportation for Florida's Future

Since 2011, Governor Scott has overseen the investment of more than \$63 billion in funding for roads, bridges, airports and seaports. In fact, under Governor Scott's leadership, Florida has increased its investment in transportation by \$4 billion, or 57 percent, over the past six years. Continued investments in Florida's infrastructure and transportation is essential to supporting economic growth and ensuring that Florida's more than 20.7 million residents and more than 112 million visitors are able to move safely and efficiently throughout the state. Florida remains at the leading edge of transportation innovations and has been recognized for inventive funding solutions to enhance capacity of transportation infrastructure.

The Fighting for Florida's Future budget invests \$10.1 billion to fully fund the Department of Transportation's (FDOT) Work Program to keep Florida's transportation and infrastructure among the best in the nation. The five-year program is locally driven to ensure communities have input in what projects receive state funding and includes the following investments:

- \$4.1 billion to expand transportation capacity;
- \$648.3 million for resurfacing projects;
- \$307.8 million for scheduled bridge construction;
- \$263.5 million for aviation improvements;
- \$687.1 million for investment in transit;
- \$175.7 million for safety initiatives;
- \$89.3 million for bike and pedestrian trails; and
- \$178.2 million in investments in seaports.

Fighting to Improve Seaports and Increase Trade

Since 2011, Governor Scott has championed priority investments in Florida's 15 world-class seaports exceeding \$1.2 billion to help solidify Florida as the trade capital of the world. Port infrastructure investments support and build upon the 103 million tons of cargo worth \$49.8 billion, and the 15.2 million cruise passengers that passed through the state's ports in 2015. According to the Florida Ports Council, Florida's 15 seaports have created 200,000 new jobs across the state since 2012, and are also responsible for \$117.6 billion in economic activity; supporting nearly 900,000 jobs, \$40 billion in personal income and \$4.3 billion in state and local tax revenue.

Additionally, Florida's proximity to Latin America and the Caribbean remains critical to the state's major role in the nations' trade, accounting for 25.2 percent of all U.S. waterborne exports and 19.1 percent of all U.S. waterborne imports to and from this growing region in 2015. Improvements such as completing the deepening of the Port of Miami and planned deepening at JAXPORT are vital to Florida being able to accommodate the large cargo ships traveling through the recently widened Panama Canal.

To date, Florida's port investments have resulted in an economic value of more than \$117 billion – a \$15 billion increase since 2012. The Fighting for Florida's Future budget

Secretary Kenneth W. Detzner

includes \$178.2 million investments in seaports through FDOT's Work Program to continue the state's commitment for the development and enhancement of Florida's ports.

Fighting to Protect Florida's Environment for Future Generations

Florida's diverse natural resources include world-class beaches, pristine waterways and the nation's best state parks. The Fighting for Florida's Future budget continues Governor Scott's commitment to protecting Florida's environment for future generations and invests more than \$3.6 billion to protect Florida's agricultural and natural resources.

Everglades – The Florida Everglades is one of the world's most treasured natural resources and Governor Scott has made protecting it a top priority. The Fighting for Florida's Future budget invests more than \$202 million in Everglades restoration projects, designating \$167.6 million for the Comprehensive Everglades Restoration Plan (CERP) and other related projects, and setting aside \$35 million for the Northern Everglades and Estuaries Protection Program.

Additionally, SB 10, signed by Governor Scott on May 9, 2017, provides \$64 million for the planning and construction of the C-51 Reservoir and a reservoir south of Lake Okeechobee. Under Governor Scott's leadership, Florida has invested more than \$958 million for Everglades restoration.

Under Governor Scott's leadership, an historic \$880 million water quality plan was created to protect the Everglades and more than \$2 billion has been invested in the CERP.

Protecting Florida Springs – The Fighting for Florida's Future budget continues Governor Scott's commitment to protect Florida's springs and once again provides \$50 million in funding for springs restoration projects. **To date, Governor Scott has provided more funding for springs restoration projects – nearly \$200 million – than any Governor in Florida's history.**

Land Acquisition and Increased Land Management – In addition to the approximately \$100 million the Fighting for Florida's Future budget invests in land management, the budget also invests more than \$13 million for land acquisition, including:

- \$10 million for Rural and Family Lands;
- \$1.2 million for land acquisition in Lake County through the United States Fish and Wildlife Service;
- \$850,000 for land acquisition along the Homosassa River; and
- \$1.1 million for acquisition of the Hamm Parcel in the Martin County East Ridge Reserve.

Protecting the Florida Keys – Governor Scott has fulfilled his promise to help the Florida Keys complete the repair of their wastewater treatment facilities. This important project helps ensure that South Florida's reefs and waters are protected for the local

communities, fish and wildlife that depend on these resources. The Fighting for Florida's Future budget recognizes the importance of preserving and protecting the Florida Keys by providing \$13.3 million for additional water quality improvement projects, such as stormwater infrastructure improvements and canal restoration.

State Park Facility Improvements – Visitors from around the world are attracted to Florida because of its state parks and the Fighting for Florida's Future budget invests \$24.8 million for repairs and renovations to these nationally recognized facilities. This includes \$14.5 million for park repairs and enhancements across the state and \$4.8 million for facility improvements at Fakahatchee Strand and Lovers Key State Parks. The budget also includes \$5.5 million to manage the land, protect natural resources, market and improve access for state parks.

Beach Restoration – The Fighting for Florida's Future budget invests \$63.3 million for beach and dune restoration, nourishment and regional sediment management. This includes \$13.3 million for the state's share of needed restoration based on the latest hurricane damage assessment and \$50 million for statewide beach and dune restoration, beach renourishment and other coastal restoration projects. On January 27, 2017, under Executive Orders 16-230 and 17-16, Governor Scott announced \$15.8 million in state funds for emergency beach restoration projects in response to the damage caused by Hurricane Matthew in St. Johns, Flagler, Volusia and Brevard counties. This funding immediately addressed critically eroded beaches where imminent threats to beachfront structures, such as roadways, homes and businesses, were identified. Like Florida's state parks, Florida's beaches regularly rank as the best in the nation and are a driving force behind the state's record tourism numbers.

Wastewater Treatment Facility Construction – The Fighting for Florida's Future budget provides \$142.6 million for the construction of wastewater treatment and stormwater management systems, including collection and transmission sewers, reclaimed water systems, and a variety of other facilities and programs through the Clean Water State Revolving Fund.

Drinking Water Facility Construction – The Fighting for Florida's Future budget provides \$97.6 million for the construction of drinking water systems, including treatment, storage and distribution facilities.

Water Projects – The Fighting for Florida's Future budget provides more than \$40 million for local water projects to assist communities in the enhancement and protection of local water resources.

Citrus Industry – The Florida First budget invests more than \$19 million in citrus research and programs to protect Florida's citrus industry. This investment will help growers continue to combat the serious problem of citrus greening, a bacterial disease that greatly reduces citrus production and kills citrus trees.

Ensuring Florida's Future Generations Are Safe

Governor Scott's Fighting for Florida's Future budget builds on the state's 45-year low in crime by investing \$4.9 billion in public safety that will help ensure that Florida remains a safe place to raise a family. This includes a pay increase to support Florida's sworn law enforcement officers, a comprehensive pay plan for correctional officers that will make Florida's prisons safer, re-entry program funding that will reduce recidivism and increase funding for prevention programs targeting at-risk youth.

Supporting Law Enforcement – Governor Scott recognizes that the brave men and women who serve Florida as members of state law enforcement agencies work hard to make Florida a safe place to live and deserve to be rewarded for their lifesaving work. The Fighting for Florida's Future budget provides \$12.7 million to provide these men and women a five percent pay increase.

Protecting Floridians and Visitors – The Fighting for Florida's Future budget provides \$5.8 million and 46 positions for the Florida Department of Law Enforcement (FDLE) to strengthen counterterrorism operations. These funds will allow the Department to work more closely with local, state, and federal intelligence agencies on domestic security issues.

The budget also provides over \$3 million to upgrade FDLE's Sexual Offender and Predator Registry and to ensure sexual assault kits are quickly processed. These investments will improve public safety by better identifying and tracking sexual offenders.

Continuing Investments to Improve Safety in Florida's Prisons – Over the past two years, Governor Scott has invested more than \$104 million to help improve the Florida prison system including addressing staffing levels, ensuring vehicles are safe, and better maintaining the state's facilities. The Fighting for Florida's Future budget continues this by investing more than \$56 million in Florida's Department of Corrections (FDC). The budget provides \$43.7 million to increase the base rate of pay for correctional officers, authorizes the increase of pay to certified mental health correctional officers, and authorizes the FDC to provide a hiring bonus to correctional officers at institutions with high officer vacancy rates. This funding enhances the safety and security of Florida's correctional institutions by ensuring that these facilities are appropriately staffed. The budget also provides \$6.5 million to maintain and make critical repairs at prison facilities.

Improving Inmate Mental Health and Medical Care – The Fighting for Florida's Future budget provides 104 positions and \$14.4 million to fund a residential mental health unit at the Wakulla Correctional Institution. These funds will allow FDC to more effectively treat inmates with mental health disorders. The budget also provides an additional \$18 million to provide comprehensive health services to state inmates.

Safer Communities through Reduced Recidivism – Evidence-based re-entry programs help reduce recidivism, which means that fewer inmates return to prison. The Fighting for Florida's Future budget invests \$8.4 million in re-entry programs to further reduce Florida's recidivism rate. This includes:

- \$3.7 million for job training and placement for current and newly-released inmates through Operation New Hope, Ready4Work Hillsborough, Bethel Ready4Work, Reentry Alliance Pensacola, RESTORE Initiative, and the Broward County Sheriff's Inmate Portal Reentry program;
- \$3 million for the Continuum of Care program;
- \$1 million for workforce education programs; and
- \$750,000 for Home Builder's Institute vocational programs, which provides career training and building industry certification.

Continuing to Improve Juvenile Justice – The Fighting for Florida's Future budget provides \$5.2 million to the Department of Juvenile Justice (DJJ) for an additional 60 residential beds, which will ensure more youth are receiving needed services. The budget also invests \$5.3 million to improve staffing and evidence-based services in its residential facilities. The Fighting for Florida's Future budget also seeks to ensure DJJ's facilities continue to be safe for youth and staff by providing \$4.2 million for maintenance and repair.

Prevention Programs for Florida's Youth – Effective prevention programs strengthen families and turn around the lives of troubled youth. In recognition of these benefits, the Fighting for Florida's Future budget provides additional funding to expand prevention programs for at-risk youth. Some of these investments include the following:

- A total of \$19.6 million which includes an additional \$1.4 million to fund the PACE REACH after school program at six PACE Centers for Girls programs and an additional \$1.4 million to add a PACE Center for Girls day program in Hernando County;
- An additional \$3 million for the AMIKids Family Centric program to incorporate family engagement into delinquency prevention and youth intervention services;
- An investment of more than \$1 million for the About Face Program to provide summer and afterschool life preparation programs;
- An investment of more than \$600,000 for the Forward March Program to provide job readiness services at selected Florida armories for Work and Gain Economic Self Sufficiency recipients and other qualifying young adults; and
- An investment of more than \$1.3 million to draw down an additional \$3.6 million in federal funds for the Florida Youth Challenge Program, which is an alternative residential high school for at-risk youth at Camp Blanding.

Fighting for a Healthier Future

Governor Scott's Fighting for Florida's Future budget continues his commitment to helping Florida's most vulnerable citizens by making important investments in substance abuse and mental health treatment services, the child welfare system and adoption services, and human trafficking victim support services. The Fighting for Florida's Future budget also supports Floridians with developmental disabilities, provides care for Florida's seniors and strengthens Florida's defense against infectious diseases and other mosquito borne illnesses like Zika.

Governor Scott knows that raising a family begins with ensuring good health and the Fighting for Florida's Future budget makes important investments so individuals and families have the support they need to stay healthy for years to come.

Investing in Floridians Behavioral Health Needs

Governor Scott understands that every individual struggling with mental health or substance abuse is somebody's son, daughter, mother, father, sister, brother or friend. Each case leaves loved ones searching for answers and praying for help. The Fighting for Florida's Future budget invests over \$126 million through the Department of Children and Families for substance abuse and mental health treatment and continues to invest in programs to better care for those dealing with behavioral health issues.

Opioid Crisis Grant – This spring, Governor Scott directed the Department of Children and Families, the Department of Health, and the Florida Department of Law Enforcement to host workshops across the state to help identify additional strategies to fight rising opioid usage cases in Florida. Following the completion of these workshops, which provided significant feedback and input from impacted communities, Governor Scott signed an executive order declaring a statewide public health emergency due to the opioid epidemic.

Consistent with Governor Scott's executive order, the Fighting for Florida's Future budget provides \$27.1 million for direct treatment and services to individuals who struggle with opioid use. This funding will expand services that are currently provided and fill gaps throughout the state. DCF will continue to work closely with impacted communities to ensure funds are distributed based on where there is the greatest need for treatment. Additionally, the Fighting for Florida's Future budget provides \$3.5 million for life-saving medication for those struggling with opioid use.

Behavioral Health Services – Governor Scott understands the importance of addressing the needs of those with mental illness and better aligning services to serve individuals in their own communities instead of hospitals. The Fighting for Florida's Future budget includes \$10 million to fund community-based programs. These programs provide better care coordination and comprehensive treatment to individuals and their families. This follows Executive Order 15-175, signed by the Governor in July

2015, which directed the Department of Children and Families to develop and implement best management practices based on community care coordination.

Family Intensive Treatment Teams (FIT) – The Fighting for Florida’s Future budget invests \$10.2 million to support FIT Teams. These teams implement evidence-based practices that are family focused for treating parent’s mental health and substance abuse disorders that potentially put children at risk.

Children’s Community Action Treatment (CAT) – The Fighting for Florida’s Future budget invests \$19.5 million in total funding, with an increase of \$2.25 million, to add three new additional CAT Teams. These teams provide community in-home services to severely mentally ill children and their families. These teams focus on treating Floridians in their communities rather than in institutional settings. The new teams will provide services in Charlotte, Volusia, Flagler, Leon, Gadsden and Wakulla counties.

Florida Assertive Community Treatment (FACT) – The Fighting for Florida’s Future budget provides \$39.7 million, an increase of \$1.5 million, to expand FACT teams to Putnam and St. Johns counties. This means 39 Florida counties are served by 33 FACT teams that focus on ensuring immediate frontline services are available to adults with severe and persistent mental illness.

Mental Health Treatment Facilities – The Fighting for Florida’s Future budget also continues to invest in Florida’s state-run mental health facilities with more than \$221 million in total funding. This includes \$4.6 million for 65 additional staff for the care and treatment of those in the greatest need who reside in these facilities. This funding will also continue to ensure the safety of the residents and staff at these facilities.

Protecting Florida’s Most Vulnerable

Fighting Human Trafficking – Over the past two years, Governor Scott has invested more than \$8 million to fight human trafficking and to ensure survivors have the services they need. The Fighting for Florida’s Future budget continues to build on these investments by providing \$7.9 million to fight human trafficking and provide rehabilitation, shelter and other services to victims. The following programs and projects that support human trafficking survivors will receive funding:

- \$500,000 for Camillus House
- \$700,000 for Devereux Advanced Behavioral Health
- \$200,000 for Porch Light
- \$2,900,000 for Place of Hope
- \$1,200,000 for Bridging Freedom Program
- \$1,140,000 for Open Doors/Voices for Florida Program
- \$1,250,000 for Selah Freedom Sex Trafficking Programs

Community Based Care Organizations – Governor Scott knows that caring for Florida’s children is essential to ensuring a bright future for Florida and that every dollar

must have a maximum return on investment. The Fighting for Florida's Future budget includes an additional \$18 million to provide services to children who depend on Florida's child welfare system.

Supporting Adoption – The Fighting for Florida's Future budget provides an additional \$12.5 million to encourage families to adopt and to provide post-adoptive services and support for families.

Enhancing the Health of Floridians

Investing in Epidemiologists – The Fighting for Florida's Future Budget provides almost \$1 million for an additional 15 epidemiologists in Florida's County Health Departments to protect Floridians and visitors from emerging threats related to disease outbreaks like Zika. State epidemiologists serve as one of the first lines of defense in protecting individuals from mosquito borne and other illnesses.

Investing in Cancer Research and Prevention – The Fighting for Florida's Future budget invests \$7.7 million in new funding for cancer research, prevention, early detection and treatment.

Improving the Lives of Florida Seniors

Alzheimer's Disease Initiative (ADI) – The Fighting for Florida's Future budget includes an additional \$3 million to provide respite services for approximately 249 individuals. The ADI provides caregiver respite services and support to meet the changing needs of individuals and families affected by Alzheimer's disease and similar memory disorders.

Community Care for the Elderly (CCE) – The Fighting for Florida's Future budget invests an additional \$4 million in Community Care for the Elderly, which will serve approximately 497 individuals who are at the greatest risk of nursing home placement. The CCE program provides community-based services organized in a continuum of care to meet the needs of functionally impaired seniors and help them live in the least restrictive environment suitable.

Home Care for the Elderly (HCE) – The fighting for Florida's Future budget provides an additional \$1 million to serve 274 individuals who are at risk for nursing home placement. These individuals receive assistance with medical supplies, home health services, wheelchairs and other home accessibility modifications, and additional services to help them stay in their own homes.

Meals for the Elderly – The Fighting for Florida's Future budget includes more than \$5.6 million to serve hot meals to Florida's most vulnerable seniors. These meals are provided in the congregate and home settings.

Supported Employment for Floridians

Job Placement for Individuals with Behavioral Health Needs – Governor Scott knows that the most important step toward independent living is getting a good job. The Fighting for Florida's Future budget includes \$1 million for supportive employment services to assist individuals with behavioral health needs. This is the first time that employment services are supported by state funding at the Department of Children and Families. This funding will serve 1,650 individuals with behavioral health needs who have indicated they would like to work through employment services such as job training, coaching, employment assistance and transportation to and from work.

Job Placement for Individuals with Developmental Disabilities – The Fighting for Florida's Future budget includes more than \$5 million for supporting employment services for individuals with developmental disabilities. This includes enhancing an individual's employment options through job training, job placement and providing transportation.

Serving Individuals with Developmental Disabilities

Agency for Persons with Disabilities Wait List– The Fighting for Florida's Future budget provides \$3.7 million to serve approximately 340 individuals on the Agency for Persons with Disabilities critical needs waitlist to help them work, learn and live in their communities.

The Arc of Florida Dental Services – The Fighting for Florida's Future budget supports dental services for individuals with developmental disabilities with \$3 million provided to The Arc of Florida. Funds will be used to enroll new providers and continue statewide coordinated dental services, which will improve the health of those served.

Fighting for Veterans Future in Florida

As a proud Navy veteran, Governor Scott is committed to making Florida the most military and veteran-friendly state in the nation. The Governor believes that those who so bravely serve the United States should be offered every available resource to ensure they are successful and able to provide for their families. The Fighting for Florida's Future budget includes more than \$60 million in total funding to support active military, veterans and their families.

Supporting Military Installations and Communities

The Fighting for Florida's Future budget invest \$6.2 million to protect Florida's military installations and communities. This includes the following:

- \$2 million for the Florida Defense Support Task Force;
- \$3.2 million for Space, Defense, and Rural Infrastructure Programs; and
- \$1 million for military and defense reinvestment grants.

The Florida Defense Support Task Force is charged with representing the state's military interests and strengthening state support for military families and veterans with an emphasis on education, healthcare, employment and family programs. In Fiscal Year 2016-17, the Task Force awarded \$765,000 to projects that help protect military installations across the state.

Florida National Guard Missions and Security – This Fighting for Florida's Future budget includes \$6 million to fund the renovation of the Robert F. Ensslin Armory in St. Augustine, Florida, the only remaining armory in the Florida Armory Revitalization Program. The budget also includes an additional \$2 million to continue the investments made to enhance security at National Guard Armories after Governor Scott's Executive Order following the tragic shooting in Tennessee in 2015, and \$1.7 for additional maintenance and repairs. Since the Governor has been in office, \$79.6 million has been invested in Florida's National Guard Armories. These funds have improved their ability to maintain their units, keep guardsmen and women safe, and increase readiness during any emergency.

Connecting Veterans with Benefits and Services

Expanding Crisis Support Services for Veterans Statewide – The Fighting for Florida's Future budget includes \$400,000 to expand the Crisis Center Support Line for Veterans beyond the Tampa region. This new, statewide dedicated telephone line (1-844-MYFLVET) will connect veterans in need with local resources such as medical services, employment, housing, transportation and other services. More than 4,300 veterans in all 67 counties will benefit from this statewide expansion, an almost fivefold increase over the program's current capacity.

Supporting Florida's Veterans in Their Communities – The Fighting for Florida's Future budget includes funding to complete the construction of the Ardie R. Copas State

Veterans Nursing Home in St. Lucie County and to complete the renovation of the Lake Baldwin Nursing Home in Orange County. This will provide nursing home care and support for more than 230 veterans.

Building Homes for Heroes – The Fighting for Florida’s Future budget invests \$1 million for Building Homes for Heroes to build and modify homes for veterans who were severely injured while serving in Iraq and Afghanistan and their families. Building Homes for Heroes supports neighborhood economic advancement and positively impacts construction growth within 32 communities across Florida. Last year, Building Homes for Heroes built or modified 19 project homes which had a projected value exceeding \$4 million.

Supporting Military and their Families – The Fighting for Florida’s Future budget includes \$3.1 million for tuition assistance for National Guard members seeking degrees and certifications from higher education institutions.

K9s for Warriors Program – The Fighting for Florida’s Future budget includes \$50,000 to help acquire, screen and train dogs to become service dogs for veterans suffering from post-traumatic stress disorder, brain injury or other traumas. Funding will also cover all costs associated with in-house training for veterans and their service dogs so veterans will pay nothing out of pocket.

Fighting to Keep Government Efficient for the Future

The Fighting for Florida's Future budget continues Governor Scott's goal to ensure Florida has the most efficient state workforce in the country while investing in programs to save taxpayer dollars.

Budget Savings – Florida has the lowest number of state workers per capita in the country, and the Fighting for Florida's Future budget continues Governor Scott's commitment to provide Florida taxpayers with an efficiently run government. The Fighting for Florida's Future budget includes \$1.5 billion in savings and a decrease of 624 positions as a result of state agencies' continued efforts to become more efficient and save taxpayer dollars.

First Responder Public Safety Communications – The Fighting for Florida's Future budget includes \$2 million to provide a common radio signal for state and local public safety agencies, including law enforcement, emergency medical services, and fire and rescue officials, to assist first responders that travel outside of their radio service areas in times of disaster or emergency response.

Dependent Verification – The Fighting for Florida's Future budget includes \$1.2 million for one-time auditing services and continuous quality control services to determine dependent eligibility in the state employee health insurance program. This audit is estimated to save taxpayers more than \$45 million per year by reducing waste, fraud and abuse in the state health plan.

Efficient Management of State Vehicles – The Fighting for Florida's Future budget includes more than \$450,000 for the new, single Fleet Management system that will make Florida's state government fleet management one of the most efficient in the nation. The system will more than pay for itself within the first year after implementation through increased efficiency, and will ultimately save Florida's taxpayers millions in the years to come.

Efficient Management of State Buildings – The Fighting for Florida's Future budget invests \$31 million to address the needs of state owned buildings within the Florida Facilities Pool, including funding for maintenance and repair, life safety issues, ADA compliance, and capital projects.

By the authority vested in me as Governor of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby withhold my approval of portions of Senate Bill 2500, enacted during the 49th Session of the Legislature convened under the Constitution of 1968, and entitled:

An act making appropriations; providing monies for the annual period beginning July 1, 2017, and ending June 30, 2018, and supplemental appropriations for the period ending June 30, 2017, to pay salaries and other expenses, capital outlay - buildings, and other improvements, and for other specified purposes of the various agencies of state government; providing an effective date.

For these reasons, and for those which follow, I do hereby withhold my approval of the following line items in the Fiscal Year 2017-18 General Appropriations Act:

SECTION 1 - EDUCATION ENHANCEMENT

The following are vetoed because the amount of funding included in the Florida Education Finance Program should be higher in order to educate and prepare Florida's 2.8 million public kindergarten through grade 12 students for college and career.

Funds in Specific Appropriations 8 and 92 are provided to implement

the requirements of sections 1003.03 and 1011.685, Florida Statutes. The class size reduction allocation factor for grades prekindergarten to grade 3 shall be \$1,317.03, for grades 4 to 8 shall be \$898.36, and for grades 9 to 12 shall be \$900.53. The class size reduction allocation shall be recalculated based on enrollment through the October 2017 FTE survey except as provided in section 1003.03(4), Florida Statutes. If the total class size reduction allocation is greater than the appropriation in Specific Appropriations 8 and 92, funds shall be prorated to the level of the appropriation based on each district's calculated amount. The Commissioner of Education may withhold disbursement of these funds until a district is in compliance with reporting information required for class size reduction implementation."

Funds in Specific Appropriation 9 are provided for the Florida School Recognition Program to be allocated as awards of up to \$100 per student to qualified schools pursuant to section 1008.36, Florida Statutes.

If there are funds remaining after payment to qualified schools, the balance shall be allocated as discretionary lottery funds to all school districts based on each district's K-12 base funding. From these funds, school districts shall allocate up to \$5 per unweighted student to be used at the discretion of the school advisory council pursuant to section 24.121(5), Florida Statutes. If funds are insufficient to provide \$5 per student, the available funds shall be prorated."

SECTION 2 - EDUCATION (ALL OTHER FUNDS)

The following projects are vetoed because they are low priorities of the Florida College System.

Specific Appropriation 20

The following is vetoed because state law requires all childcare providers to have professional development training, and there are currently multiple professional development training programs funded by the State of Florida.

Specific Appropriation 83
Pages 19 and 20

"Business and Leadership Institute for Early Learning
(HB 3409)..... 200,000"

The following is vetoed because the funding is duplicative of services provided by the School Readiness Programs and the Voluntary Prekindergarten Program, and there is no identifiable statewide impact.

"From the funds in Specific Appropriation 83, \$110,000 in nonrecurring funds from the Child Care and Development Block Grant Trust

Fund is provided for funding an appropriations project related to HB 2329 for the Literacy Jump Start Program in St. Lucie County to provide at-risk, academically challenged pre-school children, residing within high risk federally subsidized housing, a chance at success. The children will be immersed with a strong support system and an instructional approach designed to foster emergent literacy skills. This will be accomplished via (a) early literacy development in participating children; (b) parent engagement and literacy development; and (c) care coordination to ensure a smooth transition to voluntary prekindergarten and kindergarten."

The following are vetoed because the amount of funding included in the Florida Education Finance Program should be higher in order to educate and prepare Florida's 2.8 million public kindergarten through grade 12 students for college and career.

"91 AID TO LOCAL GOVERNMENTS
GRANTS AND AIDS - FLORIDA EDUCATIONAL
FINANCE PROGRAM
FROM GENERAL REVENUE FUND 7,750,817,167
FROM STATE SCHOOL TRUST FUND 70,438,902

Funds provided in Specific Appropriations 7 and 91 shall be allocated using a base student allocation of \$4,133.64 for the FEFP.

Funds provided in Specific Appropriations 7 and 91 for the supplemental allocation for juvenile justice education programs shall be allocated pursuant to the formula provided in section 1011.62(10), Florida Statutes. The allocation factor shall be \$1,240.91.

From the funds provided in Specific Appropriations 7 and 91, juvenile justice education programs shall receive funds as provided in section 1003.52(13), Florida Statutes. Up to \$341 per student may be used for high school equivalency examination fees for juvenile justice students who pass the high school equivalency exam in full, or in part, while in a juvenile justice education program and may be used for students in juvenile justice education programs to support equipment, specially designed curricula, and industry credentialing testing fees, for students enrolled in career and technical education (CTE) courses

that lead to industry recognized certifications.

The Department of Education shall work with the Washington County school district and the Okeechobee County school district to determine, pursuant to section 1003.52(3), Florida Statutes, which district shall be the educational service provider for the full-time equivalent (FTE) students currently associated with Washington Special. Effective with the October 2017 FTE Survey, the FTE associated with Washington Special in the Florida Education Finance Program (FEFP) will be reported by either the Washington County school district or the Okeechobee County school district. The FTE changes required shall be incorporated into the 2017-2018 third FEFP Calculation as determined by the FEFP Allocation Conference.

The district cost differential (DCD) for each district shall be calculated pursuant to the provisions of section 1011.62(2), Florida Statutes.

From the funds provided in Specific Appropriations 7 and 91, \$52,800,000 is provided for the Sparsity Supplement as defined in section 1011.62(7), Florida Statutes, for school districts of 24,000 and fewer FTE in the 2017-2018 fiscal year.

Total Required Local Effort for Fiscal Year 2017-2018 shall be \$7,605,379,015. The total amount shall include adjustments made for the calculation required in section 1011.62(4)(a) through (c), Florida Statutes.

The maximum nonvoted discretionary millage which may be levied pursuant to the provisions of section 1011.71(1), Florida Statutes, by district school boards in Fiscal Year 2017-2018 shall be 0.748 mills. This millage shall be used to calculate the discretionary millage compression supplement as provided in section 1011.62(5), Florida Statutes. To be eligible for the supplement, a district must levy the maximum.

Funds provided in Specific Appropriations 7 and 91 are based upon program cost factors for Fiscal Year 2017-2018 as follows:

1. Basic Programs
 - A. K-3 Basic.....1.107
 - B. 4-8 Basic.....1.000
 - C. 9-12 Basic.....1.001

2. Programs for Exceptional Students
 - A. Support Level 4.....3.619
 - B. Support Level 5.....5.526

3. English for Speakers of Other Languages1.212

4. Programs for Grades 9-12 Career Education.....1.001

From the funds in Specific Appropriations 7 and 91, \$1,060,770,374 is provided to school districts as an Exceptional Student Education (ESE) Guaranteed Allocation as authorized by law to provide educational programs and services for exceptional students. The ESE Guaranteed Allocation funds are provided in addition to the funds for each exceptional student in the per FTE student calculation. School districts that provided educational services in the 2016-2017 fiscal year for exceptional students who are residents of other districts shall not discontinue providing such services without the prior approval of the Department of Education. Expenditure requirements for the ESE Guaranteed Allocation shall be as prescribed in section 1010.20(3), Florida Statutes, for programs for exceptional students.

From the funds provided in Specific Appropriations 7 and 91, the value of 43.35 weighted FTE students is provided to supplement the funding for severely handicapped students served in ESE programs 254 and 255 when a school district has less than 10,000 FTE student enrollment and less than three FTE eligible students per program. The Commissioner of Education shall allocate the value of the supplemental FTE based on documented evidence of the difference in the cost of the service and the amount of funds received in the district's FEFP allocations for the students being served. The supplemental value shall not exceed three FTE.

The Declining Enrollment Supplement shall be calculated based on 25 percent of the decline between the prior year and current year unweighted FTE students pursuant to section 1011.62(8), Florida Statutes.

From the funds in Specific Appropriations 7 and 91, \$64,456,019 is provided for Safe Schools activities and shall be allocated as follows: \$62,660 shall be distributed to each district, and the remaining balance shall be allocated as follows: two-thirds based on the latest official Florida Crime Index provided by the Department of Law Enforcement and one-third based on each district's share of the state's total unweighted student enrollment. Safe schools funds are to be used by school districts in their compliance with sections 1006.07-1006.148, Florida Statutes, with priority given to establishing a school resource officer program pursuant to section 1006.12, Florida Statutes.

From the funds in Specific Appropriations 7 and 91, \$712,207,631 is for Supplemental Academic Instruction to be provided throughout the school year pursuant to section 1011.62 (1)(f), Florida Statutes. From these funds, at least \$75,000,000, together with funds provided in the district's research-based reading instruction allocation and other

available funds, shall be used by districts with one or more of the 300 lowest performing elementary schools based on the statewide, standardized English Language Arts assessment to provide an additional hour of instruction beyond the normal school day for each day of the entire school year for intensive reading instruction for the students in each of these schools. This additional instruction must be provided by teachers or reading specialists who are effective in teaching reading, or by a K-5 mentoring reading program that is supervised by a teacher who is effective at teaching reading. Students enrolled in these schools who have level 5 reading assessment scores may choose to participate in the program on an optional basis. ESE centers shall not be included in the 300 schools.

The Department of Education shall provide guidance to school districts for documentation of the expenditures for this additional instruction to ensure that all local, state, and federal funds are maximized for the total instructional program and that the funds used in these schools do not supplant federal funds. School districts shall submit a report to the Department of Education in a format prepared by the department that includes summary information, including funding sources, expenditures and student outcomes for each of the participating schools that shall be submitted to the Speaker of the House of Representatives, President of the Senate, and Governor by September 30, 2017. Pursuant to section 1008.32, Florida Statutes, the State Board of Education shall withhold funds from a school district that fails to comply with this requirement.

The funds provided for the Supplemental Academic Instruction allocation shall consist of a base amount that shall have a workload adjustment based on changes in FTE. In addition, an additional amount is provided for districts with schools on the list of the 300 lowest-performing elementary schools. District allocations from these additional funds shall be based on each district's level of per student funding in the reading instruction allocation and the supplemental academic instruction categorical fund, and on the total FTE for each of the schools. The categorical funding shall be recalculated during the fiscal year following an updated designation of the 300 lowest-performing elementary schools and shall be based on actual student membership from the FTE surveys. If the recalculated total allocation is greater than the amount provided in the General Appropriations Act, the allocation shall be prorated to the level of the appropriation, based on each district's share of the total.

From the funds in Specific Appropriations 7 and 91, \$130,000,000 is provided for a K-12 comprehensive, district-wide system of research-based reading instruction. The amount of \$115,000 shall be allocated to each district and the remaining balance shall be allocated based on each district's proportion of the total K-12 base funding. From these funds, at least \$15,000,000 shall be used to provide an additional

hour of intensive reading instruction beyond the normal school day for each day of the entire school year for the students in the 300 lowest performing elementary schools based on the statewide, standardized English Language Arts assessment pursuant to sections 1008.22(3) and 1011.62(9), Florida Statutes. This additional instruction must be provided by teachers or reading specialists who are effective in teaching reading. Students enrolled in these schools who have level 5 reading assessment scores may choose to participate in the program on an optional basis. ESE centers shall not be included in the 300 schools. Pursuant to section 1008.32, Florida Statutes, the State Board of Education shall withhold funds from a school district that fails to comply with this requirement.

From the funds provided in Specific Appropriations 7 and 91, \$230,743,258 is provided for Instructional Materials including 12,184,490 for Library Media Materials, \$3,330,427 for the purchase of science lab materials and supplies, \$10,329,494 for dual enrollment instructional materials, and \$3,114,988 for the purchase of digital instructional materials for students with disabilities. The growth allocation per FTE shall be \$303.69 for the 2017-2018 fiscal year. School districts shall pay for instructional materials used for the instruction of public high school students who are earning credit toward high school graduation under the dual enrollment program as provided in section 1011.62(1)(i), Florida Statutes.

From the funds provided for Instructional Materials, \$165,000,000 shall be available to school districts to purchase instructional content, as well as electronic devices and technology equipment, and infrastructure. The purchases made in the 2017-2018 fiscal year must comply with the minimum or recommended requirements for instructional content, hardware, software, networking, security and bandwidth, and the number of students per device as developed and published by the Department of Education. Prior to release of the funds by the department to the school districts, each school district shall certify to the Commissioner of Education an expenditure plan for the purchase of instructional content and technology. If the district intends to use any portion of the funds for technology, the district must certify that it has the instructional content necessary to provide instruction aligned to the adopted statewide benchmarks and standards. If the district intends to use the funds for technology the district must include an expenditure plan for the purchase of electronic devices and technology equipment, and infrastructure that demonstrates the alignment of devices and equipment with the minimum or recommended requirements. The department shall provide a report to the Legislature on or before March 1, 2018, that summarizes the district expenditures for these funds.

From funds provided in Specific Appropriations 7 and 91, \$438,875,286 is provided for Student Transportation as provided in

section 1011.68, Florida Statutes.

From funds provided in Specific Appropriations 7 and 91, \$45,286,750 is provided for the Teachers Classroom Supply Assistance Program and shall be given to teachers pursuant to section 1012.71, Florida Statutes. The allocation shall not be recalculated during the school year.

From the funds provided in Specific Appropriation 7 and 91, \$12,805,373 is provided for a Federally Connected Student Supplement to be calculated to support the education of students connected with federally-owned military installations, National Aeronautics and Space Administration (NASA) property, and Indian lands pursuant to section 1011.62(13), Florida Statutes. The supplement shall be the sum of a student allocation and an exempt property allocation. To participate, districts must be eligible for federal Impact Aid funding under Section 8003, Title VIII of the Elementary and Secondary Education Act of 1965. The amount allocated for each eligible school district shall be recalculated during the year, using actual student membership, as amended, from the most recent February survey and the tax-exempt valuation from the most recent assessment roll. Upon recalculation, if the total allocation is greater than the amount provided in the General Appropriations Act, it must be prorated to the level of the appropriation based on each district's share of the total recalculated amount.

Funds provided in Specific Appropriations 7 and 91 for the Virtual Education Contribution shall be allocated pursuant to the formula provided in section 1011.62(11), Florida Statutes. The contribution shall be based on \$5,230 per FTE.

Districts may charge a fee for grades K-12 voluntary, non-credit summer school enrollment in basic program courses. The amount of any student's fee shall be based on the student's ability to pay and the student's financial need as determined by district school board policy.

From the funds in Specific Appropriations 7 and 91, \$80,000,000 is provided for the Digital Classrooms allocation as provided in section 1011.62(12), Florida Statutes. The minimum amount to be allocated to each district is \$500,000. Twenty percent of the funds provided may be used for professional development, including in-state conference attendance or online coursework, to enhance the use of technology for digital instructional strategies."

"92 AID TO LOCAL GOVERNMENTS
GRANTS AND AIDS - CLASS SIZE REDUCTION

FROM GENERAL REVENUE FUND	2,907,797,252
FROM STATE SCHOOL TRUST FUND	86,161,098

Funds in Specific Appropriations 8 and 92 are provided to implement the requirements of sections 1003.03 and 1011.685, Florida Statutes. The class size reduction allocation factor for grades prekindergarten to grade 3 shall be \$1,317.03, for grades 4 to 8 shall be \$898.36, and for grades 9 to 12 shall be \$900.53. The class size reduction allocation shall be recalculated based on enrollment through the October 2017 FTE survey except as provided in section 1003.03(4), Florida Statutes. If the total class size reduction allocation is greater than the appropriation in Specific Appropriations 8 and 92, funds shall be prorated to the level of the appropriation based on each district's calculated amount. The Commissioner of Education may withhold disbursement of these funds until a district is in compliance with reporting information required for class size reduction implementation."

The following are vetoed because the programs are not a core education mission for state government. School districts have local flexibility to support such initiatives based upon their priorities. In addition, the programs are not statewide initiatives.

"Advancement Via Individual Determination (AVID) (Recurring Base Appropriations Project).....	700,000"
---	----------

The following is vetoed because the program is not a core education mission for state government and it is not a statewide initiative.

"Early Childhood Music Education Incentive Pilot Program.....	250,000"
---	----------

The following proviso sections are vetoed because they pertain to the above vetoed projects.

"Funds in Specific Appropriation 108 for Advancement Via Individual Determination (AVID) shall be used to implement a program to reward success of students in need of assistance to become college ready and

enrolled in the AVID elective class who performed in rigorous coursework during the 2016-2017 school year. School districts shall report student enrollments from the 2016-2017 school year in the AVID elective during the October student membership survey. Each school district shall be rewarded \$325 per full-time equivalent student enrolled in the AVID elective who also receives a score of 4 or higher on an International Baccalaureate subject examination; score of E or higher on an Advanced International Certificate of Education subject examination; score of 3 or higher on the College Board Advanced Placement Examination; or, for students in grades 6-8, receives a passing score on the algebra end of course examination. Each school district shall allocate the funds received from this bonus award funding to the school whose students generate the funds. Funds shall be expended solely for the payment of costs associated with the school's AVID system which include annual membership fees; professional development and training for program coordinators, teachers, and tutors; and compensation for tutors. Funds shall be awarded to the school districts no later than January 1, 2018. If the total bonus amount is greater than the funds provided in this appropriation, then each district's amount shall be prorated based on the number of students who earned qualifying scores in each district."

"From the funds in Specific Appropriation 108 for the Early Childhood Music Education Incentive Pilot Program, \$150,000 shall be provided for the Commissioner to coordinate a comprehensive music education pilot program for students in kindergarten through grade 2 in three selected, eligible elementary schools. For a school to be eligible for participation, it must meet the following criteria at a minimum: 1) all students in kindergarten through grade 2 must participate in a comprehensive music education program; 2) program staff must be certified in music education; 3) each student must receive at least 30 consecutive minutes of music instruction two days per week; 4) program classes must be no greater than 18 students; and 5) the instruction shall meet the state standards for early childhood music education. The Commissioner may establish additional criteria that would enhance the quality of the program and shall select the three schools for participation based on these criteria. Each selected school shall receive an award of up to \$150 per student. From the remaining \$100,000 provided, the Commissioner shall contract with a preeminent state research university to evaluate the effectiveness of the program through quantitative and qualitative analysis and provide a summary of findings and recommendations to the Commissioner and the State Board of Education by June 30, 2018."

One of Florida's most important resources is water. The Department of Environmental Protection and the state's five water management districts provide funding to protect the quality and quantity of Florida's water supply. These agencies work to ensure that Floridians' tax dollars are spent in a manner that will provide a demonstrable improvement statewide through an open and public process. While some water projects may also contribute to a statewide objective, not all projects demonstrate an ability to clearly contribute to a statewide investment. The following projects are vetoed because they did not provide a clear return for the investment.
