JUVENILE JUSTICE, DEPARTMENT OF

From the funds in Specific Appropriations 1132 through 1214, the Department of Juvenile Justice may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as a result of a Prison Rape Elimination Act audit conducted in accordance with Title 28, Part 115 of the Code of Federal Regulations. The department may request additional resources required

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

From the funds in Specific Appropriations 1132 through 1214, the Department of Juvenile Justice shall conduct a comprehensive statewide review of county-level data, including a gap analysis of services and programs available across all counties in the state, to evaluate the implementation of juvenile justice policies at the county level. As a result of such review, the department shall prepare a report that includes benchmarking of counties' performance on factors that demonstrate how a county is supporting the department's strategic goals of preventing and diverting more youth from entering the juvenile justice system; providing appropriate, less restrictive, community-based sanctions and services; reserving serious sanctions for youth who pose the greatest risk to public safety; and focusing on rehabilitation. The report shall also include recommendations and strategies that can be implemented by the department or counties to address any identified deficiencies and to assist in developing a statewide, coordinated response across all of Florida's communities to support the department's strategic goals. A copy of the report shall be submitted to the Governor, President of the Senate, and Speaker of the House of Representatives by January 5, 2024.

PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1188 through 1200, the Department of Juvenile Justice shall provide a monthly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth awaiting placement, and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, chair of the House of Representatives Appropriations Committee, and chair of the Senate Appropriations Committee, prior to implementing any change.

From the funds in Specific Appropriations 1188 through 1200, the department must also provide a report of serious incidents to the Governor, Speaker of the House of Representatives, and President of the Senate on a quarterly basis. The report must include, at a minimum: the number of incidents and allegations of staff abuse or abuse by another child, including whether or not an allegation was substantiated; descriptions of incidents or allegations of such abuse that resulted in physical injury or significant psychological trauma, or that involved deprivation of food, water, or medical care; and the failure of a provider to report incidents or allegations within required timeframes established by the department. The department must also immediately report the death or serious bodily injury of a youth in a secure or non-secure residential program to the Governor, Speaker of the House of Representatives, and President of the Senate, and may make any additional reports that it determines to be appropriate based upon the seriousness of an incident or allegation.

From the funds in Specific Appropriation 1336, \$800,000 in recurring funds from the General Revenue Fund is provided to the Florida Sheriffs Association (recurring base appropriations project). These funds shall be used to enhance Crisis Intervention Team (CIT) training for law enforcement and correctional officers in local sheriff's offices and police departments. The training must include evidence-based approaches designed to improve the outcomes of law enforcement interactions with persons who have mental health issues. Agencies who have conducted minimal or no CIT training must be given priority for training. Local law enforcement agencies may use the funds to pay necessary expenditures resulting from a demonstrated financial hardship that currently prevents officers from receiving CIT training. Funds can also be provided to local community mental health providers to provide additional CIT training in partnership with local law enforcement agencies. A maximum of \$75,000 of these funds may be used by the Florida Sheriffs Association to hire a contract coordinator.

From the funds in Specific Appropriation 1336, \$700,000 in recurring funds from the General Revenue Fund is provided for the Bridging Freedom Program in Pasco County to provide individualized, holistic, therapeutic safe homes for children traumatized by child sex trafficking (recurring base appropriations project).

The department head or a designee must certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. WORKFORCE DEVELOPMENT

From the funds in Specific Appropriations 2293 through 2322, the Department of Economic Opportunity must determine if any funds provided for specific workforce programs, projects, or initiatives are not an allowable use of federal funds. If the department finds that any workforce program, project, or initiative for which funds are specifically provided in this act is not an allowable use of federal funds, the department must notify the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Committee on Appropriations, and the chair of the House of Representatives Appropriations Committee.

When allocating full-time equivalent (FTE) positions to individual local workforce development boards, the Department of Economic Opportunity must ensure that workforce services are effectively and efficiently provided throughout the state. The department is authorized to reallocate any FTE position allocated to a local workforce development board that has been or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a local workforce development board that would use the FTE position to provide additional services to veterans.

PROGRAM: EMERGENCY MANAGEMENT

EMERGENCY PREVENTION, PREPAREDNESS AND RESPONSE

The Division of Emergency Management must submit quarterly status reports on the outstanding obligations for each federally declared disaster event to the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Committee on Appropriations, and the chair of the House of Representatives Appropriations Committee no later than the 15th day of the month following the end of a quarter. Based on the most recent quarterly report, the division must also provide an allocation of funding by appropriation category and funds needed to meet these obligations for the budget request year.

In order to properly store, manage, maintain, and deploy emergency supplies, the Division of Emergency Management, in consultation with the Department of Health, shall issue Invitations to Negotiate (ITN) for a turnkey stockpile solution that may include the lease, buildout, and operation of one warehouse facility that serves as the hub facility for the storage and movement of emergency supplies in Florida during emergency activations and responses. ITN responses must be from experienced providers who can demonstrate successful past performance of projects similar in size, scope, and complexity. Respondents must have at least five years of direct experience in receiving, storing, managing, and distributing state or federal stockpiles. The Division shall select and recommend to the Governor, the President of the Senate, and the Speaker of the House of Representatives, the ITN response that has the best value for the state for final approval. ITN responses shall include:

1. An initial assessment of the Division of Emergency Management's existing inventory of supplies that includes a review of the condition of supplies, proper disposal of spoiled or expired supplies, sale of unnecessary supplies, onboarding of supplies into an inventory and quality management system, and relocation of supplies into the appropriate environment in the new hub facility.
2. The lease and buildout of a hub facility with the capability to store and manage emergency supplies, including food and water, health and medical supplies, and medical equipment, including personal protective equipment, durable medical equipment, and medical countermeasures, in the correct environment with appropriate security, temperature, and humidity controls and in compliance with industry licensing and regulatory standards. Facility square footage shall be sufficient to access, maintain, inventory and distribute such supplies, which includes a PPE inventory pursuant to section 252.35(2)(u), Florida Statutes.
3. A staffing plan that ensures facility staff have appropriate knowledge, skills, and training to maintain, organize, identify, and package all types of emergency supplies, including medical equipment. Staffing plans must demonstrate how staff will utilize the inventory and quality management system in day-to-day operations to support the Division of Emergency Management. All staff shall operate at the direction of the Division of Emergency Management staff.
4. An inventory and quality management system that can track and trace, in real-time, the state's emergency supplies. The system must be able to track the number, type, location, and expiration date of supplies; facilitate the regular testing, maintenance, and rotation of supplies and equipment; and provide reporting to assist in the state's emergency response and recovery.
5. The one-time and on-going costs associated with site selection and

3309	OPERATING CAPITAL OUTLAY FROM GENERAL REVENUE FUND	198,259
3310	SPECIAL CATEGORIES PROBLEM SOLVING COURTS FROM GENERAL REVENUE FUND	11,026,267

From the funds in Specific Appropriation 3310, \$9,441,267 in recurring funds from the General Revenue Fund is provided for treatment services, drug testing, case management, and ancillary services for participants in problem-solving courts, including, but not limited to, adult drug courts, juvenile drug courts, dependency drug courts, early childhood courts, mental health courts, and veterans courts. Funds may also be used for problem-solving court operational costs and to provide training and education for multidisciplinary problem-solving court team members to gain up-to-date knowledge on best practices.

The Trial Court Budget Commission shall determine the allocation of funds to the circuits. Funds distributed from this specific appropriation must be matched by local government, federal government, or private funds. The matching ratio for allocation of these funds shall be 30 percent non-state and 70 percent state funding, other than veterans court, which shall have a matching ratio of 20 percent non-state funding and 80 percent state funding. However, no match will be required for a problem-solving court that by its primary purpose or mission addresses activities for which state dollars are typically expended. Further, if the county meets the definition of a "fiscally constrained county," as provided in section 218.67, Florida Statutes, no match will be required. In pursuing funding under this specific appropriation, a circuit may consider, among other criteria, the extent to which a problem-solving court addresses the needs of individuals with an opioid use disorder.
