The Legislature finds that the American Dental Licensure Examination, in both its structure and function, has been approved and validated by both the board and the Legislature as consistently meeting generally accepted testing standards and has been found, as it is currently organized and operating, to adequately and reliably measure an applicant's ability to practice the profession of dentistry.

281 this state and employed by the department for just such purpose,
282 provided that the board has attained, and continues to maintain
283 thereafter, representation on the board of directors of the
284 American Board of Dental Examiners, the examination development
285 committee of the American Board of Dental Examiners, and such
286 other committees of the American Board of Dental Examiners as
287 the board deems appropriate by rule to assure that the standards
288 established herein are maintained organizationally. A passing

290 in this state and graded by Florida dentists is valid for 365
291 days after the date the examination was successfully completed.
292 The board shall develop and adopt rules that specify the general
293 areas of competency to be covered by the examination, the
294 relative weight to be assigned in rating each area tested, the
295 score necessary to achieve a passing grade, the criteria by
296 which examiners are to be selected, the grading criteria to be
297 used by the examiner, and rules regarding the security and
298 monitoring of the examination.

299 2. As an alternative to subparagraph 1., an applicant may
300 submit scores from an American Dental Licensure Examination
301 previously administered in a jurisdiction other than this state,
302 and such examination results shall be recognized as valid for
303 the purpose of licensure in this state. A passing score on the
304 American Dental Licensure Examination administered out-of-state
305 shall be the same as the passing score for the American Dental
306 Licensure Examination administered in this state and graded by
307 dentists who are licensed in this state. The examination results
308 are valid for 365 days after the date on which the examination

309 was successfully completed. The applicant must complete the
310 examination after January 1, 2012. This subparagraph may not be
311 given retroactive application.

312 3. If the date of an applicant's passing American Dental
313 Licensure Examination scores from an examination previously
314 administered in a jurisdiction other than this state is older
315 than 365 days, then such scores shall nevertheless be recognized

317 the applicant demonstrates to the satisfaction of the board that
318 all of the following additional standards have been met:

319 a. The applicant completed the American Dental Licensure
320 Examination after January 1, 2012. This sub-subparagraph may not
321 be given retroactive application;

323 by the American Dental Association Commission on Dental
324 Accreditation or its successor entity, if any, or any other
325 dental accrediting organization recognized by the United States
326 Department of Education, provided, however, that if the
327 applicant did not graduate from such a dental school, then the
328 applicant may submit proof of having successfully completed a
329 full-time supplemental general dentistry program accredited by
330 the American Dental Association Commission on Dental
331 Accreditation of at least 2 consecutive academic years at such
332 accredited sponsoring institution. This program must provide
333 didactic and clinical education to the level of a D.D.S. or
334 D.M.D. program accredited by the American Dental Association
335 Commission on Dental Accreditation;

336 c. The applicant currently possesses a valid and active

CS/CS/HB 1319

2011

dental license in good standing, with no restriction, which has
never been revoked, suspended, restricted, or otherwise
disciplined, from another state or territory of the United
States, the District of Columbia, or the Commonwealth of Puerto
Rico;

d. The applicant has never been reported to the National
Practitioner Data Bank, the Healthcare Integrity and Protection
Data Bank, or the American Association of Dental Boards
Clearinghouse. This sub-subparagraph does not apply if the
applicant successfully appealed to have his or her name removed
from the data banks of these agencies;

e.(I) In the 5 years immediately preceding the date of
application for licensure in this state, the applicant must
submit proof of being consecutively engaged in the full-time
practice of dentistry in another state or territory of the
United States, the District of Columbia, or the Commonwealth of
Puerto Rico; or, in the alternative, if the applicant has been
licensed in another state or territory of the United States, the
District of Columbia, or the Commonwealth of Puerto Rico for
less than 5 years, the applicant must submit proof of having
been engaged in the full-time practice of dentistry since the
date of his or her initial licensure.

(II) As used in this section, "full time practice" is
defined as a minimum of 1,200 hours per year for each and every
year in the consecutive 5-year period or, where applicable, the
period since initial licensure, and must include any combination
of the following:

(A) Active clinical practice of dentistry providing direct

CS/CS/HB 1319

365 patient care.

366 (B) Full-time practice as a faculty member employed by a

368 accredited by the American Dental Association Commission on
369 Dental Accreditation.

370 (C) Full-time practice as a student at a postgraduate
371 dental education program approved by the board or accredited by
372 the American Dental Association Commission on Dental
373 Accreditation.

374 (III) The board shall develop rules to determine what type
375 of proof of full-time practice is required and to recoup the
376 cost to the board of verifying full-time practice under this
377 section. Such proof must, at a minimum, be:

378 (A) Admissible as evidence in an administrative
379 proceeding;

380 (B) Submitted in writing;

381 (C) Submitted by the applicant under oath with penalties
382 of perjury attached;

383 (D) Further documented by an affidavit of someone
384 unrelated to the applicant who is familiar with the applicant's
385 practice and testifies with particularity that the applicant has
386 been engaged in full-time practice; and

387 (E) Specifically found by the board to be both credible
388 and admissible.

389 (IV) The board must make specific findings of fact and
390 conclusions of law regarding the credibility and admissibility
391 of proffered evidence and such findings and conclusions of law
392 are final agency action under chapter 120. An affidavit of only

CS/CS/HB 1319

2011

the applicant is not acceptable proof regarding full-time practice unless it is further attested to by someone unrelated to the applicant who has personal knowledge of the applicant's practice. If the board deems it necessary to assess credibility or accuracy, the board may require the applicant or the applicant's witnesses to appear before the board and give oral testimony under oath.

f. The applicant must submit documentation that he or she has completed, or will complete, prior to licensure in this state, continuing education equivalent to this state's requirements for the last full reporting biennium;

g. The applicant must prove that he or she has never been convicted of, or pled nolo contendere to, regardless of adjudication, any felony or misdemeanor related to the practice of a health care profession in any jurisdiction;

h. The applicant must successfully pass a written examination on the laws and rules of this state regulating the practice of dentistry and must successfully pass the computer-based diagnostic skills examination during the year preceding the date of the application; and

i. The applicant must submit documentation that he or she has successfully completed the National Board of Dental Examiners dental examination prior to the date of application.

(4) (a) The practical examination required under subsection (3) shall be the American Dental Licensure Examination developed by the American Board of Dental Examiners, Inc., or its successor entity, if any, provided the board finds that the successor entity's clinical examination complies with the

CS/CS/HB 1319

2011

provisions of this section, and shall include, at a minimum:

1. A comprehensive diagnostic skills examination covering the full scope of dentistry and an examination on applied clinical diagnosis and treatment planning in dentistry for dental candidates.

~~2.a. Two restorations on a live patient or patients, and the board by rule shall determine the class of such restorations. and whether they shall be performed on mannequins, live patients, or both. At least one restoration shall be on a live patient;~~

~~3.b. A demonstration of periodontal skills on a live patient;~~

~~5.d. A demonstration of restorative skills on a mannequin which requires the candidate to complete procedures performed in preparation for a cast restoration; and~~

~~6.e. A demonstration of endodontic skills; and~~

7. A diagnostic skills examination demonstrating ability to diagnose conditions within the human oral cavity and its adjacent tissues and structures from photographs, slides, radiographs, or models pursuant to rules of the board. If an applicant fails to pass the diagnostic skills examination in three attempts, the applicant shall not be eligible for

CS/CS/HB 1319

2011

449 reexamination unless she or he completes additional educational
450 requirements established by the board.

451 (b)2. The department shall consult with the board in
452 planning the times, places, physical facilities, training of
453 personnel, and other arrangements concerning the administration
454 of the examination. The board or a duly designated committee
455 thereof shall approve the final plans for the administration of
456 the examination.

457 (c)3. If the applicant fails to pass the clinical
458 examination in three attempts, the applicant shall not be
459 eligible for reexamination unless she or he completes additional
460 educational requirements established by the board; and

461 ~~(c) A diagnostic skills examination demonstrating ability~~
462 ~~to diagnose conditions within the human oral cavity and its~~

466 ~~three attempts, the applicant shall not be eligible for~~
467 ~~reexamination unless she or he completes additional educational~~
468 ~~requirements established by the board.~~

469 (d) The board may by rule provide for additional
470 procedures which are to be tested, provided such procedures
471 shall be common to the practice of general dentistry. The board
472 by rule shall determine the passing grade for each procedure and
473 the acceptable variation for examiners. No such rule shall apply
474 retroactively.

475
476 The department shall require a mandatory standardization

CS/CS/HB 1319

2011

exercise for all examiners prior to each practical or clinical examination and shall retain for employment only those dentists who have substantially adhered to the standard of grading established at such exercise.

(5)(a) It is the finding of the Legislature that absent a threat to the health, safety, and welfare of the public, the relocation of applicants to practice dentistry within the geographic boundaries of this state, who are lawfully and currently practicing dentistry in another state or territory of the United States, the District of Columbia, or the Commonwealth of Puerto Rico, based on their scores from the American Dental Licensure Examination administered in a state other than this state, is substantially related to achieving the important state interest of improving access to dental care for underserved citizens of this state and furthering the economic development goals of the state. Therefore, in order to maintain valid active licensure in this state, all applicants for licensure who are relocating to this state based on scores from the American Dental Licensure Examination administered in a state other than this state, must actually engage in the full-time practice of dentistry inside the geographic boundaries of this state within 1 year of receiving such licensure in this state. The Legislature finds that, if such applicants do not actually engage in the full-time practice of dentistry within the geographic boundaries of this state within 1 year of receiving such a license in this state, access to dental care for the public will not significantly increase, patients' continuity of care will not be attained, and the economic development goals of

CS/CS/HB 1319

2011

the state will not be significantly met.

(b)1. As used in this section, "full time practice of dentistry within the geographic boundaries of this state within 1 year" is defined as a minimum of 1,200 hours in the initial year of licensure, which must include any combination of the following:

a. Active clinical practice of dentistry providing direct patient care within the geographic boundaries of this state.

b. Full-time practice as a faculty member employed by a dental or dental hygiene school approved by the board or accredited by the American Dental Association Commission on Dental Accreditation and located within the geographic boundaries of this state.

c. Full-time practice as a student at a postgraduate dental education program approved by the board or accredited by the American Dental Association Commission on Dental Accreditation and located within the geographic boundaries of this state.

2. The board shall develop rules to determine what type of proof of full-time practice of dentistry within the geographic boundaries of this state for 1 year is required in order to maintain active licensure and shall develop rules to recoup the cost to the board of verifying maintenance of such full-time practice under this section. Such proof must, at a minimum:

a. Be admissible as evidence in an administrative proceeding;

b. Be submitted in writing;

c. Be submitted by the applicant under oath with penalties

CS/CS/HB 1319

2011

533 of perjury attached;

534 d. Be further documented by an affidavit of someone
535 unrelated to the applicant who is familiar with the applicant's
536 practice and testifies with particularity that the applicant has
537 been engaged in full-time practice of dentistry within the
538 geographic boundaries of this state within the last 365 days;
539 and

540 e. Include such additional proof as specifically found by
541 the board to be both credible and admissible.

542 3. The board must make specific findings of fact and
543 conclusions of law regarding the credibility and admissibility
544 of such additional proof as evidence, and such findings and
545 conclusions of law are final agency action under chapter 120. An
546 affidavit of only the applicant is not acceptable proof
547 regarding full-time practice of dentistry within the geographic
548 boundaries of this state within 1 year, unless it is further
549 attested to by someone unrelated to the applicant who has
550 personal knowledge of the applicant's practice within the last
551 365 days. If the board deems it necessary to assess credibility
552 or accuracy, the board may require the applicant or the
553 applicant's witnesses to appear before the board and give oral
554 testimony under oath.

555 (c) It is the further intent of the Legislature that a
556 license issued pursuant to paragraph (a) shall automatically
557 expire and become null, void, revoked, and of no effect in the
558 event the board finds that it did not receive acceptable proof
559 of full-time practice within the geographic boundaries of this
560 state within 1 year after the initial issuance of the license.

The board shall make reasonable attempts within 30 days prior to the expiration and revocation of such a license to notify the licensee in writing at his or her last known address of the need for proof of full-time practice in order to continue licensure. If the board has not received a satisfactory response from the licensee within the 30-day period, the licensee must be served with actual or constructive notice of the pending expiration and revocation of licensure and be given 10 days in which to submit proof required in order to continue licensure. If the 10-day period expires and the board finds it has not received acceptable proof of full-time practice within the geographic boundaries of this state within 1 year after the initial issuance of the license, then the board must issue an administrative order finding that the license has expired and been revoked. It shall be a disciplinary violation, punishable according to s. 466.028, for a licensee under this section to fail to ensure that the board receives acceptable proof of full-time practice within the geographic boundaries of this state within 1 year after the initial issuance of such license. The penalty for such violation shall be revocation of licensure. Such an order may be appealed by the former licensee in accordance with the provisions of chapter 120. In the event of expiration and revocation, the licensee shall immediately cease and desist from practicing dentistry and shall immediately surrender to the board the wallet-size identification card and wall card. A person who uses or attempts to use a license issued pursuant to this section which has expired or been revoked commits unlicensed practice of dentistry, a felony of the third

590 s. 775.082, s. 775.083, or s. 775.084.

591 Section 5. Effective January 1, 2012, for the purpose of
592 incorporating the amendment made by this act to section 466.006,
593 Florida Statutes, in a reference thereto, subsection (1) of
594 section 466.0065, Florida Statutes, is reenacted to read:

595 466.0065 Regional licensure examinations.—

596 (1) It is the intent of the Legislature that schools of
597 dentistry be allowed to offer regional licensure examinations to
598 dental students who are in the final year of a program at an
599 approved dental school for the sole purpose of facilitating the
600 student's licensing in other jurisdictions. This section does
601 not allow a person to be licensed as a dentist in this state
602 without taking the examinations as set forth in s. 466.006, nor
603 does this section mean that regional examinations administered
604 under this section may be substituted for complying with testing
605 requirements under s. 466.006.

606 Section 6. Effective January 1, 2012, for the purpose of
607 incorporating the amendment made by this act to section 466.006,
608 Florida Statutes, in a reference thereto, subsections (2), (5),
609 (9), and (12) of section 466.0067, Florida Statutes, are
610 reenacted to read:

611 466.0067 Application for health access dental license.—The
612 Legislature finds that there is an important state interest in
613 attracting dentists to practice in underserved health access
614 settings in this state and further, that allowing out-of-state
615 dentists who meet certain criteria to practice in health access
616 settings without the supervision of a dentist licensed in this

617 state is substantially related to achieving this important state
618 interest. Therefore, notwithstanding the requirements of s.
619 466.006, the board shall grant a health access dental license to
620 practice dentistry in this state in health access settings as
621 defined in s. 466.003(14) to an applicant that:

622 (2) Pays an application license fee for a health access
623 dental license, laws-and-rule exam fee, and an initial licensure
624 fee. The fees specified in this subsection may not differ from
625 an applicant seeking licensure pursuant to s. 466.006;

626 (5) Submits documentation that she or he has completed, or
627 will obtain prior to licensure, continuing education equivalent
628 to this state's requirement for dentists licensed under s.
629 466.006 for the last full reporting biennium before applying for
630 a health access dental license;

631 (9) Has never failed the examination specified in s.
632 466.006, unless the applicant was reexamined pursuant to s.
633 466.006 and received a license to practice dentistry in this
634 state;

635 (12) Has passed an examination covering the laws and rules
636 of the practice of dentistry in this state as described in s.
637 466.006(4) (a) .

638 Section 7. Effective January 1, 2012, for the purpose of
639 incorporating the amendment made by this act to section 466.006,
640 Florida Statutes, in a reference thereto, paragraph (d) of
641 subsection (1) of section 466.00671, Florida Statutes, is
642 reenacted to read:

643 466.00671 Renewal of the health access dental license.—

644 (1) A health access dental licensee shall apply for

645 renewal each biennium. At the time of renewal, the licensee
646 shall sign a statement that she or he has complied with all
647 continuing education requirements of an active dentist licensee.
648 The board shall renew a health access dental license for an
649 applicant that:

650 (d) Has not failed the examination specified in s. 466.006
651 since initially receiving a health access dental license or
652 since the last renewal; and

653 Section 8. Effective January 1, 2012, for the purpose of
654 incorporating the amendment made by this act to section 466.006,
655 Florida Statutes, in a reference thereto, paragraph (b) of
656 subsection (2) and subsection (3) of section 466.007, Florida
657 Statutes, are reenacted to read:

658 466.007 Examination of dental hygienists.—

659 (2) An applicant shall be entitled to take the
660 examinations required in this section to practice dental hygiene
661 in this state if the applicant:

662 (b)1. Is a graduate of a dental hygiene college or school
663 approved by the board or accredited by the Commission on
664 Accreditation of the American Dental Association or its
665 successor agency; or

666 2. Is a graduate of a dental college or school accredited
667 in accordance with s. 466.006(2)(b), or a graduate of an
668 unaccredited dental college or school, and has met the
669 requirements of subsection (3).

670 (3) A graduate of a dental college or school shall be
671 entitled to take the examinations required in this section to
672 practice dental hygiene in this state if, in addition to the

requirements specified in subsection (2), the graduate meets the following requirements:

(a) Submits the following credentials for review by the board:

1. Transcripts totaling 4 academic years of postsecondary dental education; and

2. A dental school diploma which is comparable to a D.D.S. or D.M.D.

Such credentials shall be submitted in a manner provided by rule of the board. The board shall approve those credentials which comply with this paragraph and with rules of the board adopted pursuant to this paragraph. The provisions of this paragraph notwithstanding, an applicant of a foreign dental college or school not accredited in accordance with s. 466.006(2)(b) who cannot produce the credentials required by this paragraph, as a result of political or other conditions in the country in which the applicant received his or her education, may seek the board's approval of his or her educational background by submitting, in lieu of the credentials required in this paragraph, such other reasonable and reliable evidence as may be set forth by board rule. The board shall not accept such other evidence until it has made a reasonable attempt to obtain the credentials required by this paragraph from the educational institutions the applicant is alleged to have attended, unless the board is otherwise satisfied that such credentials cannot be obtained.

701 and duration approved and defined by board rule, that meet the
702 requirements of law for instructing health care providers on the
703 human immunodeficiency virus and acquired immune deficiency
704 syndrome. In addition, the board may require an applicant who
705 graduated from a nonaccredited dental college or school to
706 successfully complete additional coursework, only after failing
707 the initial examination, as defined by board rule, at an
708 educational institution approved by the board or accredited as
709 provided in subparagraph (2)(b)1. A graduate of a foreign dental
710 college or school not accredited in accordance with s.
711 466.006(2)(b) may not take the coursework set forth in this
712 paragraph until the board has approved the credentials required
713 by paragraph (a).

714 Section 9. Effective January 1, 2012, for the purpose of
715 incorporating the amendment made by this act to section 466.006,
716 Florida Statutes, in a reference thereto, subsection (1) of
717 section 466.009, Florida Statutes, is reenacted to read:

718 466.009 Reexamination.—

719 (1) The department shall permit any person who fails an
720 examination which is required under s. 466.006 or s. 466.007 to
721 retake the examination. If the examination to be retaken is a
722 practical or clinical examination, the applicant shall pay a
723 reexamination fee set by rule of the board in an amount not to
724 exceed the original examination fee.

725 Section 10. Effective January 1, 2012, for the purpose of
726 incorporating the amendment made by this act to section 466.006,

729 466.011 Licensure.—The board shall certify for licensure
730 by the department any applicant who satisfies the requirements
731 of s. 466.006, s. 466.0067, or s. 466.007. The board may refuse
732 to certify an applicant who has violated any of the provisions
733 of s. 466.026 or s. 466.028.

734 Section 11. If any provision of this act or its
735 application to any person or circumstance is held invalid by a
736 court of competent jurisdiction, the invalidity does not affect
737 other provisions or applications of the act which can be given
738 effect without the invalid provision or application, and to this
739 end the provisions of this act are severable.

740 Section 12. Except as otherwise specifically provided in
741 this act, this act shall take effect July 1, 2011, and shall not
742 apply retroactively.
