SUMMARY ANALYSIS

Florida Statute section 11.242 requires the Division of Law Revision and Information of the Florida Legislature to conduct a systematic and continuing study of Florida's statutes and laws for the purpose of recommending to the Legislature changes that would:

- Remove statutory inconsistencies, redundancies, and unnecessary repetitions.
- Improve clarity.
- Facilitate correct and proper interpretation.

Such changes include:

- Corrections to grammatical and typographical errors.
- Removal of expired or obsolete statutes and laws.
- Transfer, consolidation, and renumbering of sections, subsections, chapters, and titles.

These recommendations are submitted to the Legislature as technical, non-substantive reviser's bills.

PCB RCC 14-02 is a general reviser's bill of technical nature that deletes expired or obsolete language; corrects cross references and grammatical errors; removes inconsistencies, redundancies, and unnecessary repetition in the statutes; improves the clarity of the statutes and facilitates their correct interpretation; and confirms the restoration of provisions unintentionally omitted from republication in the Legislature's acts during the amendatory process.

Pursuant to House Rule 12.3(e), a reviser's bill cannot be amended except to delete a bill section.

The bill has no fiscal impact.

This bill becomes effective on the 60th day after adjournment sine die.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

The general reviser's bill is technical and non-substantive in nature. The bill amends, deletes, and reenacts various statutory provisions. Further, the bill deletes expired or obsolete language; corrects cross-references and grammatical errors; removes inconsistencies, redundancies, and unnecessary repetition in the statutes; improves the clarity of the statutes and facilitates their correct and proper interpretation; and confirms the restoration of provisions unintentionally omitted from republication in the Legislature's acts during the amendatory process.
