1 Council/Committee hearing bill: Committee on Health Quality
2 Representative(s) Baxley offered the following:

Amendment (with title amendment)

Remove everything after the enacting clause and insert:

Section 1. Paragraph (e) of subsection (4) of section 458.347, Florida Statutes, is amended to read:

458.347 Physician assistants.--

(4) PERFORMANCE OF PHYSICIAN ASSISTANTS.--

(e) A supervisory physician may delegate to a fully licensed physician assistant the authority to prescribe or dispense any medication used in the supervisory physician's practice unless such medication is listed on the formulary created pursuant to paragraph (f). A fully licensed physician assistant may only prescribe or dispense such medication under the following circumstances:

1. A physician assistant must clearly identify to the patient that he or she is a physician assistant. Furthermore, the physician assistant must inform the patient that the patient has the right to see the physician prior to any prescription being prescribed or dispensed by the physician assistant.

HOUSE AMENDMENT FOR COUNCIL/COMMITTEE PURPOSES

Amendment No. 1 (for drafter's use only)

22 2. The supervisory physician must notify the department of
23 his or her intent to delegate, on a department-approved form,
24 before delegating such authority and notify the department of
25 any change in prescriptive privileges of the physician
26 assistant. Authority to dispense may be delegated only by a
27 supervising physician who is registered as a dispensing
28 practitioner in compliance with s. 465.0276.

29 3. The physician assistant must file with the department,
30 before commencing to prescribe or dispense, evidence that he or
31 she has completed a continuing medical education course of at
32 least 3 classroom hours in prescriptive practice, conducted by
33 an accredited program approved by the boards, which course
34 covers the limitations, responsibilities, and privileges
35 involved in prescribing medicinal drugs, or evidence that he or
36 she has received education comparable to the continuing
37 education course as part of an accredited physician assistant
38 training program.

39 4. The physician assistant must file with the department,
40 before commencing to prescribe or dispense, evidence that the
41 physician assistant has a minimum of 3 months of clinical
42 experience in the specialty area of the supervising physician.

43 5. The physician assistant must file with the department a
44 signed affidavit that he or she has completed a minimum of 10
45 continuing medical education hours in the specialty practice in
46 which the physician assistant has prescriptive privileges with
47 each licensure renewal application.

48 6. The department shall issue a license and a prescriber
49 number to the physician assistant granting authority for the
50 prescribing of medicinal drugs authorized within this paragraph
51 upon completion of the foregoing requirements. The physician

52 assistant shall not be required to independently register
53 pursuant to s. 465.0276.

54 7. The prescription must be written in a form that
55 complies with chapter 499 and must contain, in addition to the
56 supervisory physician's name, address, and telephone number, the
57 physician assistant's prescriber number. Unless it is a drug or
58 drug sample dispensed by the physician assistant, the
59 prescription must be filled in a pharmacy permitted under
60 chapter 465 and must be dispensed in that pharmacy by a
61 pharmacist licensed under chapter 465. The appearance of the
62 prescriber number creates a presumption that the physician
63 assistant is authorized to prescribe the medicinal drug and the
64 prescription is valid.

65 8. The physician assistant must note the prescription or
66 dispensing of medication in the appropriate medical record, and
67 the supervisory physician must review and sign each notation.
68 For dispensing purposes only, the failure of the supervisory
69 physician to comply with these requirements does not affect the
70 validity of the prescription.

71 9. This paragraph does not prohibit a supervisory
72 physician from delegating to a physician assistant the authority
73 to order medication for a hospitalized patient of the
74 supervisory physician.

75
76 This paragraph does not apply to facilities licensed pursuant to
77 chapter 395.

78 Section 2. Paragraph (e) of subsection (4) of section
79 459.022, Florida Statutes, is amended to read:
