SUMMARY ANALYSIS

The Division of Statutory Revision of the Office of Legislative Services is required, by statute, to conduct a systematic and continuing study of the Florida Statutes. The purpose of this study is to recommend to the Legislature changes that will remove inconsistencies, redundancies, and unnecessary repetition from the statutes; improve clarity and facilitate correct interpretation; correct grammatical and typographical errors; and delete obsolete, repealed, or superseded provisions. These recommendations are submitted to the Legislature in the form of technical, nonsubstantive reviser's bills.

This bill redesignates the Secretary of Health as the State Surgeon General wherever the term appears in the Florida Statutes pursuant to the directive of the Legislature in section 3, chapter 2007-40, Laws of Florida.

This bill has no fiscal impact.
