SUMMARY ANALYSIS

Effective February 1, 2009, this bill places restrictions on refunding bonds for which debt service will be paid with revenues from the Water Management Lands Trust Fund in the Department of Environmental Protection. - Of the 25% that is currently transferred to the Southwest Florida Water Management District, \$2.5 million first will be transferred to General Revenue Fund;
- Of the 25% that is currently transferred to the St. Johns River Water Management District, debt service on bonds issued before February 1, 2009 will be paid first, next \$2.5 million will be transferred to the General Revenue Fund, and the remainder will be distributed to the District;
