SUMMARY ANALYSIS

The Florida Prepaid Tuition Scholarship Program provides prepaid plan scholarships to economically disadvantaged youth that remain crime free and drug free. The Florida Prepaid Tuition Scholarship Program is operated by the Florida Prepaid College Foundation, Inc., (the "Foundation") a private sector, tax-exempt 501(c)(3) organization. The Foundation provides scholarships in conjunction with other private sector foundations and organizations through a matching program.

When scholarship recipients fail to use all of the credit hours available under a scholarship, the cooperating organizations often will attempt to use the remaining, unused semester credit hours that are available under the prepaid contracts they helped buy to provide scholarships to additional economically disadvantaged students that have remained drug free and crime free.

PCS for HB 281 authorizes purchasers of advance payment contracts for prepaid tuition scholarships to receive a refund equal to the redemption value of the unused portion of the advance payment contract, if the refund is used exclusively to fund the purchase of additional prepaid scholarships.

This PCS does not appear to have a fiscal impact on state government.

The effective date provided is upon becoming law.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Background

The Florida Prepaid Tuition Scholarship Program provides prepaid plan scholarships to economically disadvantaged youth that remain crime free and drug free. The Florida Prepaid Tuition Scholarship Program is operated by the Florida Prepaid College Foundation, Inc., (the "Foundation") a private sector, tax-exempt 501(c)(3) organization. The Foundation provides scholarships in conjunction with other private sector foundations and organizations through a matching program whereby the other private sector organizations provide 50 percent of the cost of scholarships for such students. The remaining 50 percent of the cost is provided by the Foundation, through an annual appropriation and the monies provided by escheated prepaid contracts. The Foundation buys prepaid contracts from the Florida Prepaid College Board in cooperation with other private sector organizations.

In addition to the Florida Prepaid Tuition Scholarship Program, other tax exempt organizations may purchase prepaid contracts from the Florida Prepaid College Board to provide scholarships through scholarship programs which have been approved by the Board.¹

When scholarship recipients fail to use all of the credit hours available under a scholarship, the cooperating organizations often will attempt to use the remaining, unused semester credit hours that are available under the prepaid contracts they helped buy to provide scholarships to additional economically disadvantaged students that have remained drug free and crime free.

This is accomplished by naming a substitute beneficiary for those prepaid contracts. The process of changing the beneficiary on such contracts can involve changing the beneficiary on a series of prepaid contracts used for scholarships to a new scholarship recipient.

Effect of Proposed Changes

PCS for HB 281 authorizes purchasers of advance payment contracts for prepaid tuition scholarships to receive a refund equal to the redemption value of the unused portion of the advance payment contract, if the refund is used exclusively to fund the purchase of additional prepaid scholarships. This may reduce the administrative difficulties and costs associated with the current process of naming a substitute beneficiary.

- Section 1. Amends s. 1009.98, F.S., providing that a purchaser of an advance payment contract may receive a refund of the unused portion of the contract under certain circumstances.
