SUMMARY ANALYSIS

HB 251 addresses several issues relating to support for victims of sexual violence and criminal prosecution of such offenses. HB 251:

- Expands the admissibility of collateral crime or "similar fact" evidence in criminal prosecutions of crimes "of a sexual nature."
- Prohibits a court from granting a request of a defendant in a criminal proceeding for permission to duplicate or copy material depicting sexual performance by a child or child pornography as long as the state attorney makes the material reasonably available to the defendant for inspection.
- Requires licensed facilities providing emergency room services to gather forensic medical evidence from victims who have reported a sexual battery to a law enforcement agency or upon their request for purposes of filing a report in the future.
- Amends the statute of limitations for video voyeurism to authorize commencement of prosecutions within one year either from the date the victim learns of the existence of the video recording or the date the recording is confiscated by law enforcement, whichever occurs first.
- Adds crimes to the list of offenses for which an additional \$151 dollar surcharge will be assessed against a convicted defendant in order to fund to the Rape Crisis Program Trust Fund.
- Requires the court, upon a victim's request, to order a defendant to undergo HIV testing within 48 hours of the filing of an indictment or information either: 1) when the defendant is charged with a specified sexual offense and the victim is a minor, or an elderly person or disabled adult, regardless of whether it involved the transmission of body fluids; or 2) when the defendant is charged with a specified crime, whether or not a sexual offense, that involved the transmission of body fluids from one person to another.
- Expands the availability of financial relocation assistance, currently provided to domestic violence victims, to victims of sexual violence.
- Requires the topic of internet safety to be taught at public schools.

HB 251 has both a positive and a negative fiscal impact on state government which is indeterminate at this time.

The bill has an effective date of July 1, 2011.

### I. SUBSTANTIVE ANALYSIS

#### A. EFFECT OF PROPOSED CHANGES:

##### **Evidence of Other Crimes Wrongs or Acts**

Section 90.404(2)(a), F.S., is the general provision regarding the admission of "similar fact" or collateral crime evidence in criminal proceedings. It provides:

(a) Similar fact evidence of other crimes, wrongs, or acts is admissible when relevant to prove a material fact in issue, including, but not limited to, proof of motive, opportunity, intent, preparation, plan, knowledge, identity, or absence of mistake or accident, but it is inadmissible when the evidence is relevant solely to prove bad character or propensity.

Under this provision, evidence of other crimes or actions (also called "collateral crime" or "similar fact" evidence) is admissible when it is relevant to a matter that is at issue in a trial. Such evidence is not admissible, however, if it is **only** relevant to show a defendant's propensity to commit such crimes or other wrongful acts.

This section is a codification of standard of admissibility announced by the Florida Supreme Court in Williams v. State.<sup>1</sup> Under this standard, "relevant evidence will not be excluded merely because it relates to similar facts which point to the commission of a separate crime. The test of admissibility is relevancy. The test of inadmissibility is a lack of relevancy."<sup>2</sup>

Under this provision, similarity of detail or uniqueness is not required for the admission of similar fact evidence of other crimes, wrongs or acts.<sup>3</sup> Even though similarity it is not in and of itself required, it may be necessary to make the evidence relevant to the issue it is offered to prove. For example, if identity of the perpetrator is an issue at trial, then a "fingerprint" type of similarity between the other crimes or wrongs and the charged offense are necessary because without such similarity the evidence is prejudicial to the defendant, but doesn't necessarily prove the defendant actually committed the crime charged.<sup>4</sup> When identity is not disputed, finer points of similarity are not required to establish the relevance of collateral crime evidence to prove other issues such as absence of mistake, plan, opportunity, or preparation.

Additionally, all forms of relevant evidence are scrutinized under s. 90.403, F.S., which precludes the admission of relevant evidence "if its probative value is substantially outweighed by the danger of unfair prejudice" (also known as a "403 balancing test").

In the context of prosecutions for sexual offenses, the law surrounding the admission of collateral crime evidence has become confusing. A strict "fingerprint" type standard of similarity that the Florida Supreme Court articulated in connection with cases where identity is in issue has been held to apply in cases involving sexual abuse even where identity of the defendant is not in dispute.<sup>5</sup> In State v. Richman, a rheumatologist was charged with one count of sexual battery against a victim who was physically helpless to resist and another count for lewd and lascivious molestation of an elderly or

Richman*, 861 So.2d 1195 (2<sup>nd</sup> DCA.), a case involving sexual battery and lewd and lascivious molestation of adult victims where the District Court of Appeal applied the strict similarity requirements that existed in child sexual abuse cases prior to the 2001 amendments to 90.404(2) (b), F.S., to the case before it. *Richman*, at 1197 *citing Kulling v. disabled person. His victims were his patients. The state proffered the testimony of seven former patients, each of whom claimed to have been sexually assaulted by Richman. The trial judge first determined that testimony of three of the seven witnesses was admissible, but later changed his mind and disallowed all of their testimony. The Second District Court of Appeal, however, overruled the trial judge and found the testimony admissible.

In a concurring opinion, now Chief Justice Canady stated:

... I believe the strict test set forth in (reference omitted) is not appropriately applied in a case ... where the identity of the defendant is not at issue. The rationale for requiring a heightened level of similarity in cases where the defendant is identified as the perpetrator based on collateral crimes involving the same modus operandi used in the charged offense is simply not applicable where the similar acts evidence is offered to corroborate the victim's testimony that an offense occurred and to rebut the defendant's contention that the victim's testimony is fabricated.

... The justification for applying a relaxed standard of similarity focuses on the appropriateness of using similar acts evidence to support the credibility of a victim who testifies concerning an offense committed when the victim was alone with a person well known to the victim. The rationale for allowing such similar acts evidence is just as compelling when the context is a sexual assault by a physician on a patient in the privacy of the physician's examining room as it is when the context is a sexual assault by a parent on that parent's child in the privacy of the home. Indeed, the rationale is compelling in any context where a defendant who is well known to the victim has been accused of an offense and the critical issue is whether the victim's testimony regarding the offense is a fabrication.<sup>6</sup>

In 2001, the Legislature amended s. 90.404, F.S., to add a new subsection (b) to expand the admissibility of collateral crime evidence in cases involving sexual abuse of children 16 years of age or younger.<sup>7</sup> Section 90.404(2)(b), F.S., provides:

(b)1. In a criminal case in which the defendant is charged with a crime involving child molestation, evidence of the defendant's commission of other crimes, wrongs, or acts of child molestation is admissible, and may be considered for its bearing on any matter to which it is relevant.

2. For the purposes of this paragraph, the term "child molestation" means conduct proscribed by s. 794.011, s. 800.04, or s. 847.0135(5) when committed against a person 16 years of age or younger.<sup>8</sup>

The conduct proscribed under these statutory sections are the following:

1. Sexual Battery under s. 794.011, F.S.,
2. Lewd or Lascivious Battery under s. 800.04(4), F.S.,
3. Lewd or Lascivious Molestation under s. 800.04(5), F.S.,
4. Lewd or Lascivious Conduct under s. 800.04(6), F.S.,
5. Lewd or Lascivious Exhibition under s. 800.04(7), F.S., and
6. Lewd or Lascivious Exhibition via computer transmission under s. 847.0135(5), F.S.

<sup>8</sup> S. 847.0135(5), F.S., was added to the offenses in this subsection in Ch. 2008-172.

The 2001 addition to s. 90.404(b), F.S., was challenged on due process grounds and upheld by the Florida Supreme Court in McLean v. State.<sup>9</sup> This section significantly broadened the admissibility of collateral crime evidence in prosecutions of child molestation cases.<sup>10</sup> The Court noted that the amendments to s. 90.404, F.S. abrogated their prior cases with respect to the admission of such evidence.<sup>11</sup> In upholding the statute, the Court adopted standards to govern admission of such evidence designed to protect the due process rights of the accused. First, the court required that the evidence of the collateral crime be proven by clear and convincing evidence. Second, the court required that the trial court balance the probative value of the evidence against the danger of unfair prejudice, pursuant to section 90.403, F.S.<sup>12</sup> Third, the court cautioned that the collateral crime evidence must not become a “feature” of the trial. Finally, the court required that, upon request, the jury be instructed as to the limited purpose for which the evidence may be considered.

### Effect of HB 251

HB 251 expands the admission of collateral crime evidence to all cases involving crimes “of a sexual nature,” for its bearing on any matter to which it is relevant regardless of the age of the victim. The bill adds the following offenses to the current list of crimes for which the admission of collateral crime evidence is expanded:

- s. 784.048, F.S., - Stalking
- s. 787.01, F.S., - Kidnapping
- s. 787.02, F.S., - False imprisonment
- s. 787.025(2)(c), - F.S., Luring or enticing a child
- s. 794.05, F.S., - Unlawful activity with certain minors
- s. 796.03, F.S., - Procuring person under 18 for prostitution
- s. 796.035, F.S., - Selling or buying of minors into sex trafficking or prostitution
- s. 796.045, F.S., - Sex trafficking
- s. 825.1025(2)(b), - Lewd or lascivious offenses against an elderly or disabled person
- s. 827.071, F.S., - Sexual performance by a child
- s. 847.0145, F.S., - Selling or buying minors
- s. 985.701(1), F.S., - Sexual misconduct by a juvenile justice employee

### **Access to Evidence for Criminal Proceedings**

HB 251 also requires material or property in a criminal proceeding which depicts a sexual performance by a child or child pornography to remain secured or locked in the custody or control of law enforcement, the state attorney or the court. It also prohibits courts from granting any request of a defendant to photo copy or otherwise reproduce such material notwithstanding any court rule or law to the contrary as long as the state attorney makes the material reasonably available. (See section on Other Constitutional Issues). The bill specifies that material is reasonably available if the state attorney provides ample opportunity at a designated facility for the inspection, viewing, and examination of the property or material that portrays sexual performance by a child or constitutes child pornography by the defendant, his or her attorney, or any individual whom the defendant uses as an expert during the discovery process or at a court proceeding.

### **Treatment of Sexual Assault Victims**

Section 395.1021, F.S., requires medical facilities that perform emergency room services to arrange for rendering of appropriate medical attention and treatment of sexual assault victims.

<sup>9</sup> McLean v. State, 934 So.2d 1248 (Fla. 2006).

<sup>10</sup> See, Mendez v. State, 961 So.2d 1088, 1090 (Fla. 2007).

<sup>11</sup> McLean, *supra*, at 1259.

<sup>12</sup> In upholding the statute, the Court compared the new provisions to the comparable federal rules of evidence dealing with the same issue and paralleled the federal court analysis in connection with its second requirement that such evidence be subject to the balancing test required under s. 90.403, F.S. McLean, *supra*, at 1259 -1261 comparing s. 90.404(2)(b) F.S. and s. 90.403, F.S., with Federal Rule of Evidence 413 relating to sexual assault, 414 relating to child molestation and 403 relating to balancing probative value against prejudice to the defense.

The bill requires that this be done in part through medical examinations conducted for the purpose of collecting physical evidence when required by law enforcement personnel.

#### Effect of HB 251

HB 251 amends s. 395.1021(2), F.S., to provide that the "appropriate medical attention and treatment of sexual assault victims" required under this section includes the gathering of forensic medical evidence necessary for investigation and prosecution either when a victim reports a sexual battery to a law enforcement agency or when the victim requests the evidence to be gathered for a possible future report to law enforcement.

#### **Video Voyeurism Statute of Limitation**

Section 810.145, F.S., creates the criminal offenses of video voyeurism, video voyeurism dissemination, and commercial video voyeurism dissemination. Depending on the circumstances, the offenses under this section are punishable as a first degree misdemeanor, third degree felony or second degree felony.<sup>13</sup>

A statute of limitations is an absolute bar to the filing of a legal case after a date set by law. Section 775.15, F.S., provides statutes of limitations for criminal offenses. Under this section, the time limitations period begins to run the day after an offense is committed.<sup>14</sup> An offense is considered committed either when every element of the crime has occurred or, if there is a legislative purpose to prohibit a continuing course of conduct, at the time the course of conduct is terminated.<sup>15</sup> The statute of limitations for a misdemeanor of the first degree is two years. For second and third degree felonies the statute of limitations period is three years.

One of the essential elements of the video voyeurism offenses is that they occur without the victim's knowledge. As a result, the statute of limitations can expire before a victim becomes aware that the crime has occurred.

#### Effect of HB 251

HB 251 amends s. 775.15, F.S., to authorize prosecution for any offense of video voyeurism within one year after the date on which the victim obtained actual knowledge of the existence of a recording or the date on which the recording is confiscated by a law enforcement agency, whichever occurs first.

#### **Rape Crisis Program Trust Fund**

The Rape Crisis Program Trust Fund is created in s. 794.056, F.S. within the Department of Health to provide funds for rape crisis centers in the state. It is funded in part through collections of additional court assessments which consist of a \$151 surcharge added to amounts paid by persons pleading guilty or no contest to, or found guilty of, specified sex offenses listed in s. 938.085, F.S., and s. 794.056, F.S.<sup>16</sup>

#### Effect of HB 251

HB 251 amends ss. 794.056 & 938.085, F.S. to add several new offenses to the list crimes which will support the financing of the trust fund through the additional \$151 surcharge.<sup>17</sup>

---

<sup>13</sup> S. 810.145(6), F.S., provides that the offense is generally a first degree misdemeanor. If, however, the person has a prior conviction, the person is guilty of a third degree felony. S. 810.145(7), F.S. Also, under s. 810.145(8), F.S., persons over 18 years of age responsible for a child under 16, or who are employed at a private school, and persons 24 years of age who commit the offense against a child under 16, commit a third degree felony. If persons under subsection (8) have been previously convicted, the offense is a second degree felony.

<sup>14</sup> S. 775.15(3), F.S.

<sup>15</sup> Id.

<sup>16</sup> The sum of \$150 from these surcharges are deposited into the trust fund while \$1 is paid to the clerk of court as a service charge. S. 938.085, F.S.

<sup>17</sup> The new crimes added are: s. 775.21, The Florida Sexual Predators Act, s. 787.025, Luring or enticing a child, s. 787.06, Human trafficking, s. 787.07, Human Smuggling, s. 794.05, Unlawful sexual activity with certain minors, s. 794.08, Female genital mutilation, s. 796.03, Procuring a person under 18 for prostitution, s. 796.035, selling or buying minors into sex trafficking, s. 796.04,

### **HIV Testing of Person Charge with Certain Crimes**

Section 960.003(2)(a), F.S., requires a court to order a defendant to undergo HIV testing upon request of the victim in any case where the defendant is formally charged with any of the sexual or violent offenses listed in s. 775.0877(a)-(n), F.S., that involved the transmission of body fluids from one person to another.<sup>18</sup>

Section 960.003(2)(b), F.S., provides for HIV testing upon request of the victim when the crime involved is a sexual offense under ss. 775.0877(a)-(n) or 825.1025, F.S., and the victim is a minor, disabled adult or an elderly person regardless of whether the crime involved the transmission of body fluids from one person to another.

Under both sections, the defendant must undergo testing within 48 hours after the court enters an order compelling the testing.

### **Effect of HB 251**

HB 251 amends these sections to require a court to order a defendant to undergo testing within 48 hours after the filing of the indictment or information. Because the court does not order the testing until requested by the victim, however, it is unclear how the bill's provisions will apply when the request of the victim is made more than 48 hours after the filing of formal charges.

### **Relocation Assistance**

Section 960.198, F.S., authorizes the Department of Legal Affairs to award a one-time payment of up to \$1,500 on a single claim and a maximum lifetime limit of \$3,000 to a victim of domestic violence who needs immediate relocation assistance to escape domestic violence. In order to qualify for assistance

- There must be proof that an offense of domestic violence was committed;
- It must have been reported to law enforcement;
- The need for assistance must be certified by a domestic violence center within the state; and
- The center's certification must assert that the victim is cooperating with law enforcement officials.<sup>19</sup>

### **Effect of HB 251**

HB 251 extends relocation assistance to victims of sexual violence. Under the bill, the need for assistance must be certified by a rape crisis center.

Unlike domestic violence cases, where it is common for the victim to reside with the abuser, and relocation concerns are typical after domestic violence has been reported, offenses involving sexual violence occur in more diverse and varied surroundings and circumstances. The extent to which acts of sexual violence occur under circumstances where the victim would seek relocation is unknown.

<sup>20</sup> The health education curriculum for students in grades 7 through 12 shall include a teen dating violence and abuse component that includes, but is not limited to, the definition of dating violence and abuse, the warning signs of dating violence and abusive behavior, the characteristics of healthy relationships, measures to prevent and stop dating violence and abuse, and community resources available to victims of dating violence and abuse.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

None.

2. Expenditures:

None.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

HB 251's addition of crimes to be included in the contribution of funds supporting the Rape Crisis Program Trust Fund will increase funding for the trust fund. The extent of its positive fiscal impact on the trust fund is indeterminate at this time.

HB 251's expansion of financial relocation assistance to victims of sexual violence will have a negative fiscal impact on state government, but the amount of the impact will depend on the number of sexual violence victims who will seek and be granted relocation assistance. The frequency of that occurrence is unknown although it is expected to be a small number of instances in comparison to the number of overall sexual offenses reported.

### III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

This bill does not appear to require counties or municipalities to take an action requiring the expenditure to funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, nor reduce the percentage of state tax shared with counties or municipalities.

2. Other:

**Collateral crime evidence**

Among the crimes added to s. 90.404(2)(b) are the crimes of stalking, kidnapping and false imprisonment. Although these crimes may in some instances be committed in conjunction with or to facilitate the commission of sexual crimes, the elements of these crimes standing alone have no sexual component.

Under McLean, balancing the probative value of the evidence against the danger of substantial unfair prejudice under s. 90.403, F.S., was a critical component of the Court's analysis in upholding the expansion of collateral crime evidence in cases of child sexual abuse against a due process challenge to Ch. 2002-221, Laws of Florida. The Court noted that ". . . the less similar the prior acts, the less relevant they are to the charged crime, and therefore the less likely they will be admissible. . . the less similar the prior acts, the more likely that the probative value of this evidence will be substantially outweighed by the danger of unfair prejudice, . . ." <sup>21</sup> Under this bill, a person charged with a kidnapping or false imprisonment that doesn't include any fact "of a sexual nature" may have

the state seeking to admit into evidence collateral crime evidence of a stalking, also with no facts of a sexual nature surrounding the collateral act. Because HB 251 expands the range of collateral crimes to include offenses that do not include sexual elements, it may subject the statute to a renewed constitutional challenge based on collateral crimes that are less similar to each other than crimes that have a common feature of including a sexual element to the crime.

### **Criminal Proceedings for Child Pornography**

The Florida Supreme Court has held that the authority granted to it under Section 2, of Article V of the Florida Constitution to adopt rules of practice and procedure is exclusively its own.<sup>22</sup> Since that time, the Legislature has passed acts which the court has declared impermissibly procedural.<sup>23</sup>

In 2008 in the case of Massey v. David, the Supreme Court reviewed a statute that conditioned the award of expert witness fees as taxable costs upon a requirement that the expert witness furnish the opposing party with a written report within a certain number of days.<sup>24</sup> In Massey, the Supreme Court articulated how statutes containing a mixture of substance and procedure are analyzed in order to determine their constitutional validity in view of the Supreme Court's procedural rulemaking authority. They explained:

Of course, statutes at times may not appear to fall exclusively into either a procedural or substantive classification. We have held that where a statute contains some procedural aspects, but those provisions are so intimately intertwined with the substantive rights created by the statute, that statute will not *impermissibly intrude* on the practice and procedure of the courts in a constitutional sense, causing a constitutional challenge to fail. (citations omitted). If a statute is clearly substantive and "operates in an *area of legitimate legislative concern*," this Court will not hold that it constitutes an unconstitutional encroachment on the judicial branch. (citations omitted) However, where a statute does not basically convey substantive rights, the procedural aspects of the statute cannot be deemed "incidental," and that statute is unconstitutional. (emphasis added).<sup>25</sup>

When a statute "impermissibly" intrudes on the practice and procedure of the courts or when legislation is within a "legitimate area of legislative concern" is unclear. For Massey, the Court found that the statute's requirement of a report submitted to the opposing party conflicted with the lack of such a provision in the court rule and the statute was invalidated.

Florida Rule of Criminal Procedure 3.220(b) relating to discovery in criminal cases mandates that the state must "disclose to the defendant and permit the defendant to inspect, copy, test, and photograph . . . any tangible papers or objects that were obtained from or belong to the defendant. . . ."

HB 251's provision prohibiting the court from granting a defendant's request to copy this particular type of evidence conflicts with the mandate of rule 3.220 and could subject it to a court challenge on the basis that this provision invades the Supreme Court's exclusive authority to adopt rules of practice and procedure.

**B. RULE-MAKING AUTHORITY:**

None.

**C. DRAFTING ISSUES OR OTHER COMMENTS:**

It should be noted that some of the offenses added to fund the Rape Crisis Program Trust Fund are not sexual offenses. Specifically, s. 812.135, F.S., Home invasion robbery, s. 817.025, F.S., Home or private business invasion by false impersonation, s. 825.102, F.S., abuse or aggravated abuse of an elderly or disabled person, and s. 836.10, F.S., Written threats to kill or do bodily injury.

With respect to the amendment in section 4 to the video voyeurism statute of limitations, the phrase “[n]otwithstanding the time periods prescribed in this section . . .” may be construed to render the current two and three year statute of limitations inapplicable. Depending on when the victim learns of the existence of the video recording or the date it is confiscated by law enforcement, the bill may actually shorten the statute of limitations in some instances. If the term “notwithstanding” were changed to “in addition to” the bill would increase the statute of limitations for these offenses in every case.

Section 10 of the bill appears to add the phrase “or to a victim of sexual violence” in the wrong place in the subsection amended. It appears that this term belongs after the reference to “domestic violence” on line 234. An additional reference to escaping from a sexual violence environment would also clarify the intended effect of the amendment to the subsection.

### SUMMARY ANALYSIS

HB 257 would allow a county or municipality to pay the medical costs of an in-custody pretrial detainee or sentenced inmate at 110 percent of the Medicare allowable rate if no formal written agreement exists between the county or municipality and the third-party medical care provider. The bill exempts payments to physicians for emergency services provided within a hospital emergency department from the maximum allowable rate.

Medical costs include medical care, treatment, hospitalization, and transportation.

The bill requires that before a third-party provider can seek reimbursement from a county or municipal's general fund, it must show that a "good faith effort" was made to collect payment for medical care expenses from an in-custody pretrial detainee or sentenced inmate.

The bill may have a positive fiscal impact on local governments but may have a negative impact on medical care providers. See "Fiscal Comments."

The bill provides an effective date of July 1, 2011.

## FULL ANALYSIS

### I. SUBSTANTIVE ANALYSIS

#### A. EFFECT OF PROPOSED CHANGES:

##### **Financial Responsibility for Medical Expenses of Arrestees**

Section 901.35, F.S., provides that a medical services provider shall recover the expenses of medical care, treatment, hospitalization, and transportation (hereinafter referred to simply as "medical care") for a person ill, wounded, or otherwise injured during or at the time of arrest<sup>1</sup> for any violation of state law or a county or municipal ordinance from the following sources in the following order:

- (1) Insurance of the person receiving the medical care;
- (2) The person receiving medical care; or
- (3) A financial settlement for the medical care.<sup>2</sup>

When reimbursement from these sources is unavailable, the cost of medical care is paid from the general fund of the county in which the person was arrested or from the general fund of the municipality if the arrest was for a violation of a municipal ordinance.<sup>3</sup> The rates medical service providers can charge local governments are not capped.<sup>4</sup>

The responsibility for payment of medical costs exists until the arrested person is released from the custody of the arresting agency.<sup>5</sup> If an arrested person has health insurance, subscribes to a health care corporation, or receives health care benefits from any other source, he or she must assign those benefits to the health care provider.<sup>6</sup>

##### **Financial Responsibility for Medical Expenses of County and Municipal Prisoners**

Section 951.032, F.S., articulates a local government's rights to reimbursement from a prisoner or person<sup>7</sup> seeking medical attention. A county or municipal detention facility incurring expenses for providing medical care may seek reimbursement for the expenses in the following order:

- (1) From the prisoner or person receiving medical care by deducting the cost from the prisoner's cash account on deposit with the detention facility or placing a lien on the prisoner's cash account or other personal property;<sup>8</sup> or
- (2) From an insurance company, health care corporation or other source if the prisoner or person is covered by an insurance policy.

If the prisoner refuses to cooperate with the reimbursement efforts of the detention facility he or she may not receive gain-time as provided by s. 951.21, F.S.

## Medicare Rates

The Social Security Act, 42 U.S.C. § 1395, addresses Medicare. Medicare consists of Part A (hospital insurance), Part B (medical insurance), and Part D (prescription drug coverage) as health insurance for:

- people age 65 or older,
- people under age 65 with certain disabilities, and
- people of any age with End-Stage Renal Disease (ESRD) (permanent kidney failure requiring dialysis or a kidney transplant).<sup>9</sup>

Medicare reimburses providers based on the type of service they provide. The Centers for Medicare and Medicaid Services (CMS) develops annual fee schedules for physicians, ambulance services, clinical laboratory services, and durable medical equipment, prosthetics, orthotics, and supplies.<sup>10</sup> Other Medicare providers are paid via a prospective payment system (PPS). The PPS is a method of reimbursement in which Medicare payment is made based on a predetermined, fixed amount. The payment amount for a particular service is derived based on the classification system of that service (for example, diagnosis-related groups for inpatient hospital services). The CMS uses separate PPSs for reimbursement to acute inpatient hospitals, home health agencies, hospices, hospital outpatient departments, inpatient psychiatric facilities, inpatient rehabilitation facilities, long-term care hospitals, and skilled nursing facilities.<sup>11</sup>

## The Department of Corrections and Medical Payment Caps

In 2008, the General Appropriations Implementing Bill, chapter 2008-153, Laws of Florida, capped medical payment rates the Department of Corrections (department) could pay to a hospital, or a health care provider providing services at a hospital. Payments were capped at 110 percent of the Medicare allowable rate for inmate medical care when no contract existed between the department and a hospital, or a health care provider providing services at a hospital. However hospitals reporting an operating loss to the Agency for Health Care Administration were capped at 125 percent of the Medicare allowable rate.

In 2009, s. 945.6041, F.S., created by chapter 2009-63, Laws of Florida, codified the payment caps and made other medical service providers, defined in s. 766.105, F.S., and medical transportation services subject to the medical payment cap. The department has reported savings of over \$63 million since the payment caps were implemented.<sup>12</sup> The department's community hospital expenditures, which include inpatient and outpatient hospital charges, outpatient surgery and emergency room visits, totaled nearly \$70 million in FY 2009-10.<sup>13</sup>

## Effect of the Bill

HB 257 modifies s. 901.35(1), F.S., to specify that except as provided in 951.032, F.S., a person is responsible for paying any medical care expenses if he or she is ill, wounded, or otherwise injured during or *as a result of* an arrest for any state law or county or municipal ordinance. This specification, "as a result of an arrest," replaces current language, "at the time of an arrest." The bill removes all language regarding how a medical care service provider can recover medical care expenses from arrestees from s. 901.35(2), F.S., and adds it to s. 951.032, F.S., (which relates to how county and municipal detention facilities recover medical costs from prisoners.)

The bill amends s. 951.032, F.S., by replacing each use of the term "prisoner" with the term "in-custody pretrial detainee or sentenced inmate." However, the process by which county and municipal facilities recover medical care expenses from such persons remains unchanged.

As noted above, the bill moves language regarding how a medical care service provider can recover medical care expenses from s. 901.35, F.S., to s. 951.032, F.S. This language specifies that a third-party provider shall recover the expenses of medical care from an in-custody pretrial detainee or sentenced inmate from the following sources in the following order:

- (1) Insurance of the person receiving the medical care;
- (2) The person receiving medical care; or
- (3) A financial settlement for the medical care.

The bill requires the third-party provider to make a "good faith effort" to recover the payment before it can seek reimbursement from the general fund of a county or municipality in which a person was arrested.<sup>14</sup> A "good faith effort" is described as one that is consistent with that provider's usual policies and procedures related to the collection of fees from indigent patients who are not in the custody of a county or municipal detention facility.

The bill requires that, in the absence of a formal written agreement, payments made from county or municipal general funds for an in-custody pretrial detainee or sentenced inmate's medical care will be made at 110 percent of the Medicare allowable rate. However, payments can be increased to 125 percent of the Medicare allowable rate if the third-party provider reports a negative operating margin for the previous year to the Agency of Health Care Administration through hospital-audited financial data.

The bill exempts payments to physicians licensed under ch. 458, F.S., or ch. 459, F.S., for emergency services provided within a hospital emergency department from the maximum allowable rate.

The bill provides an effective date of July 1, 2011.

## II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

#### A. FISCAL IMPACT ON STATE GOVERNMENT:

##### 1. Revenues:

None.

##### 2. Expenditures:

None.

#### B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

##### 1. Revenues:

See "Fiscal Comments."

---

<sup>14</sup> The third-party provider must show that a "good faith effort" was made to collect payment from the sources listed in subsection 1. Subsection 1 lists the sources that the county or municipal detention facility may recover medical expenses from. This reference to subsection 1 instead of subsection 3 may be a possible drafting error. See "Drafting Errors or Other Comments."

2. Expenditures:

See "Fiscal Comments."

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

Providers of medical care, treatment, hospitalization, and transportation may receive decreased revenue when providing services to in-custody pretrial detainees and sentenced inmates when the person receiving the services cannot provide for payment of the costs and the provider does not have a formal written agreement with the county or municipality in which the person was arrested.

D. FISCAL COMMENTS:

This bill may be a cost savings measure for counties and municipalities because it caps the cost of medical services provided to in-custody pretrial detainees and sentenced inmates at 110 percent of the Medicare allowable rate or in some cases at 125 percent of the Medicare allowable rate.

### III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

Not applicable because this bill does not appear to: require the counties or cities to spend funds or take an action requiring the expenditure of funds; reduce the authority that cities or counties have to raise revenues in the aggregate; or reduce the percentage of a state tax shared with cities or counties.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

None.

C. DRAFTING ISSUES OR OTHER COMMENTS:

- The exception in section 1 of the bill provides that *except as provided in s.951.032, F.S.*, a person is responsible for their medical care expenses. If the intent is to allow third-party providers to recoup medical care expenses in accordance with 951.032, F.S., this could be clarified to read: "Such payment shall be made in accordance with s. 951.032, F.S."
- It is unclear what the term "in-custody pretrial detainee" refers to. In *Williams v. Ergle* (698 So.2d 1294, 5th DCA 1997), a Florida appellate court found that pretrial detainees are considered prisoners for the purposes of state statutes allowing recovery of certain medical expenses from prisoners.
- Lines 144-149 of the bill provide that a third-party provider must show a good faith effort was made to obtain reimbursement from the sources listed in subsection 1. The sources in subsection 1 relate how a county or municipal detention facility may seek reimbursement for medical care expenses. Subsection 3 (lines 126-143 of the bill) details how a third-party provider can recover medical care expenses. The reference to subsection 1 instead of subsection 3 may be a possible drafting error.
- Lines 152-156 of the bill provide that a third-party provider must first make a "good faith effort" to recover medical care expenses from in-custody pretrial detainees and sentenced inmates before they seek reimbursement from the general fund of a county or municipality that originated the arrest. This would require the arresting county or municipality to pay medical care

expenses related to an in-custody pretrial detainee or sentenced inmate when he or she may no longer be detained in that county or municipality detention facility.

- Lines 158-174 of the bill use the term "governmental body." It is unclear what that term refers to.

SUMMARY ANALYSIS

Pretrial release is an alternative to incarceration that allows arrested defendants to be released from jail while they await disposition of their criminal charges. Article I, section 14, of the Florida Constitution provides that unless charged with a capital offense or an offense punishable by life imprisonment and the proof of guilt is evident or the presumption is great, every person charged with a crime or violation of a municipal or county ordinance is entitled to pretrial release on reasonable conditions.

Bail, one of the most common forms of pretrial release, requires an accused to pay a set sum of money to the sheriff. If a defendant released on bail fails to appear before the court at the appointed place and time, the bail is forfeited.

Section 903.046, F.S., currently states that the purpose of a bail determination in criminal proceedings is to ensure the appearance of the criminal defendant at subsequent proceedings and to protect the community against unreasonable danger from the criminal defendant. The statute contains an extensive list of factors a court must consider when determining whether to release a defendant on bail or other conditions, including, but not limited to, the defendant's criminal history, family ties, danger to the community, and whether the defendant is on probation or parole.

HB 265 adds the following to the list of factors a court must consider when determining whether to release a defendant on bail or other conditions:

- Whether the defendant is required to register as a sexual offender under s. 943.0435, F.S.; and, if so, he or she is not eligible for release on bail or surety bond until the first appearance on the case in order to ensure the full participation of the prosecutor and the protection of the public.
- Whether the defendant is required to register as a sexual predator under s. 775.21, F.S.; and, if so, he or she is not eligible for release on bail or surety bond until the first appearance on the case in order to ensure the full participation of the prosecutor and the protection of the public.

This bill takes effect July 1, 2011, and may have a negative fiscal impact on local governments. See "Fiscal Section."

## FULL ANALYSIS

### I. SUBSTANTIVE ANALYSIS

#### A. EFFECT OF PROPOSED CHANGES:

##### Current Situation

##### Pretrial Release

Pretrial release is an alternative to incarceration that allows arrested defendants to be released from jail while they await disposition of their criminal charges.<sup>1</sup> Generally, pretrial release is granted by releasing a defendant on their own recognizance, by requiring the defendant to post bail, and/or by requiring the defendant to participate in a pretrial release program.<sup>2</sup>

Article I, section 14, of the Florida Constitution provides that unless charged with a capital offense or an offense punishable by life imprisonment and the proof of guilt is evident or the presumption is great, every person charged with a crime or violation of a municipal or county ordinance is entitled to pretrial release on reasonable conditions. The accused may be detained if no conditions of release can reasonably protect the community from risk of physical harm to persons, assure the presence of the accused at trial, or assure the integrity of the judicial process.<sup>3</sup>

Bail, one of the most common forms of pretrial release, requires an accused to pay a set sum of money to the sheriff. If a defendant released on bail fails to appear before the court at the appointed place and time, the bail is forfeited.

Section 903.046, F.S., currently states that the purpose of a bail determination in criminal proceedings is to ensure the appearance of the criminal defendant at subsequent proceedings and to protect the community against unreasonable danger from the criminal defendant. The statute further specifies that when determining whether to release a defendant on bail or other conditions, and what that bail or those conditions may be, courts must consider the following:

- The nature and circumstances of the offense charged.
- The weight of the evidence against the defendant.
- The defendant's family ties, length of residence in the community, employment history, financial resources, and mental condition.
- The defendant's past and present conduct, including any record of convictions, previous flight to avoid prosecution, or failure to appear at court proceedings.<sup>4</sup>
- The nature and probability of danger which the defendant's release poses to the community.
- The source of funds used to post bail.
- Whether the defendant is already on release pending resolution of another criminal proceeding or on probation, parole, or other release pending completion of a sentence.
- The street value of any drug or controlled substance connected to or involved in the criminal charge.<sup>5</sup>

<sup>3</sup> Art. I, s. 14, Fla. Const.

<sup>4</sup> Section 903.046(2)(d), F.S., specifies that any defendant who failed to appear on the day of any required court proceeding in the case at issue, but who later voluntarily appeared or surrendered, is not eligible for a recognizance bond; and any defendant who failed to appear on the day of any required court proceeding in the case at issue and who was later arrested is not eligible for a recognizance bond or for any form of bond which does not require a monetary undertaking or commitment equal to or greater than \$2,000 or twice the value of the monetary commitment or undertaking of the original bond, whichever is greater. Section 903.046(2)(d), F.S., also specifies that notwithstanding anything in s. 903.046, F.S., the court has discretion in determining conditions of release if the defendant proves circumstances beyond his or her control for the failure to appear; and that s. 903.046, F.S., may not be construed as imposing additional duties or obligations on a governmental entity related to monetary bonds.

<sup>5</sup> Section 903.046(2)(d), F.S., specifies that it is the finding and intent of the Legislature that crimes involving drugs and other controlled substances are of serious social concern, that the flight of defendants to avoid prosecution is of similar serious social

- The nature and probability of intimidation and danger to victims.
- Whether there is probable cause to believe that the defendant committed a new crime while on pretrial release.
- Any other facts that the court considers relevant.
- Whether the crime charged is a violation of ch. 874, F.S.,<sup>6</sup> or alleged to be subject to enhanced punishment under ch. 874, F.S. If any such violation is charged against a defendant or if the defendant is charged with a crime that is alleged to be subject to such enhancement, he or she shall not be eligible for release on bail or surety bond until the first appearance on the case in order to ensure the full participation of the prosecutor and the protection of the public.<sup>7</sup>

#### Pretrial Release – Offenders on Community Supervision

Section 948.06, F.S., sets forth the procedures used when an offender on probation<sup>8</sup> or community control<sup>9</sup> violates the terms and conditions of their supervision. Offenders arrested for violating the terms and conditions of community supervision are arrested and brought before the sentencing court.<sup>10</sup> Generally, if the offender denies having violated the terms of supervision, the court has the option to commit the offender to jail, release the offender with or without bail to await further hearing, or dismiss the charge.<sup>11</sup>

In certain instances, courts are limited or prohibited from granting pretrial release to offenders arrested for violating their terms of supervision. Section 948.06(4), F.S., requires the court to make a finding that the following offenders are not a danger to the public before releasing the offender on bail:

- Offenders who are under supervision for any offense prescribed in ch. 794., s. 800.04(4), (5), and (6), s. 827.071, or s. 847.0145, F.S.<sup>12</sup>
- Offenders are registered sexual offenders or sexual predators.<sup>13</sup>
- Offenders who are under supervision for a criminal offense for which the offender would meet the sexual predator or sexual offender registration requirements in ss. 775.21, 943.0435, or 944.607, F.S., but for the effective date of those sections.

The statute also prohibits a court from granting pretrial release to an offender arrested for violating their terms of supervision (other than violations related to a failure to pay costs) and who is:

- A violent felony offender of special concern;<sup>14</sup>
- On supervision for any offense committed on or after March 12, 2007, and who is arrested for any qualifying offense; or<sup>15</sup>

concern, and that frequently such defendants are able to post monetary bail using the proceeds of their unlawful enterprises to defeat the social utility of pretrial bail. Therefore, the courts should carefully consider the utility and necessity of substantial bail in relation to the street value of the drugs or controlled substances involved.

<sup>6</sup> Chapter 874, F.S., relates to criminal gang enforcement and prevention.

<sup>7</sup> s. 903.046, F.S.

<sup>8</sup> Section 948.001, F.S., defines the term “probation” as a form of community supervision requiring specified contacts with parole and probation officers and other terms and conditions as provided in s. 948.03, F.S.

<sup>9</sup> Section 948.001, F.S., defines the term “community control” as a form of intensive, supervised custody in the community, including surveillance on weekends and holidays, administered by officers with restricted caseloads. Community control is an individualized program in which the freedom of an offender is restricted within the community, home, or non-institutional residential placement and specific sanctions are imposed and enforced.

<sup>10</sup> s. 948.06, F.S.

<sup>11</sup> *Id.*

<sup>12</sup> Chapter 794, F.S., relates to sexual battery. Section 800.04, F.S., relates to lewd and lascivious offenses upon or in the presence of a person less than 16 years of age. Section 827.071, F.S., relates to sexual performance by a child. Section 847.0145, F.S., relates to selling or buying of minors.

<sup>13</sup> Sections 775.21, 943.0435, and 944.607, F.S., set forth the criteria one must meet to be considered a sexual offender or sexual offenders. The statutes also provide registration requirements for sexual offenders and sexual predators.

<sup>14</sup> The term “violent felony offender of special concern” is defined in s. 948.06(8)(b), F.S.

<sup>15</sup> The term “qualifying offense” is defined in s. 948.06(8)(c), F.S., and includes offenses that qualify someone as a sexual offender.

- On supervision, has previously been found by a court to be a habitual violent felony offender as defined in s. 775.084(1)(b), F.S., a three-time violent felony offender as defined in s. 775.084(1)(c), F.S., or a sexual predator under s. 775.21, F.S., and who is arrested for committing a qualifying offense on or after March 12, 2007.

Such persons must remain in custody pending the resolution of the violation.<sup>16</sup>

### **Effect of the Bill**

HB 265 amends s. 903.046, F.S., to add the following to the list of factors a court must consider when determining whether to release a defendant on bail or other conditions:

- Whether the defendant is required to register as a sexual offender under s. 943.0435, F.S.; and, if so, he or she is not eligible for release on bail or surety bond until the first appearance on the case in order to ensure the full participation of the prosecutor and the protection of the public.
- Whether the defendant is required to register as a sexual predator<sup>17</sup> under s. 775.21, F.S.; and, if so, he or she is not eligible for release on bail or surety bond until the first appearance on the case in order to ensure the full participation of the prosecutor and the protection of the public.

As of January, 2010, there were 32,692 registered sexual offenders and 7,743 registered sexual predators in Florida.<sup>18</sup> It is unknown how many of these persons are arrested each year. However, because the bill would prohibit such persons from being released on bail or surety bond until first appearance, it will likely have a negative impact on local jails.

HOUSE OF REPRESENTATIVES STAFF ANALYSIS

BILL #: HB 333 Community-based Juvenile Justice
SPONSOR(S): Corcoran and others
TIED BILLS: IDEN./SIM. BILLS: SB 554

Table with 4 columns: REFERENCE, ACTION, ANALYST, STAFF DIRECTOR or BUDGET/POLICY CHIEF. Row 1: 1) Criminal Justice Subcommittee, Cunningham, Cunningham. Row 2: 2) Justice Appropriations Subcommittee. Row 3: 3) Judiciary Committee.

SUMMARY ANALYSIS

The bill requires the Department of Juvenile Justice (DJJ), beginning in the 2011-2012 fiscal year, to establish a minimum of three pilot sites where a community-based juvenile justice system will be implemented for two years.

The bill defines the term "regional coordinating agency" as a single nonprofit or county government agency with which DJJ must contract for the provision of juvenile justice services in a community that consists of at least one entire county.

The bill requires DJJ, by December 1, 2011, to contract with a regional coordinating agency (RCA) for the delivery, administration, and management of the following juvenile justice services: intervention, prevention, assessment centers, diversion programs, civil citation, home detention, alternatives to detention, community-based services, probation, day treatment, independent living, evidenced-based programs, residential programming, and detention.

The bill requires RCAs to contract with providers that meet current DJJ standards and to comply with statutory requirements and agency regulations in providing contractual services. The bill specifies that DJJ remains responsible for the quality of contracted services and programs and requires DJJ to ensure that such services are delivered in accordance with applicable federal and state statutes and regulations.

The bill requires DJJ to:

- Establish a quality assurance program for community-based juvenile justice;
- Establish and operate a comprehensive system to measure the outcomes and effectiveness of the services that are part of an RCA's community-based juvenile justice service programs.
- Establish minimum thresholds for each component of service;
- Annually evaluate each RCA under the provisions of the quality assurance program
- Beginning in 2013, annually submit the evaluation regarding quality performance, outcome measure attainment, and cost efficiency to specified entities.

The bill has an indeterminate fiscal impact and is effective July 1, 2011. See "Fiscal Comments."

## FULL ANALYSIS

### I. SUBSTANTIVE ANALYSIS

#### A. EFFECT OF PROPOSED CHANGES:

##### **History of the Juvenile Justice System**

Florida has traditionally managed juveniles under a "rehabilitative" model of justice. This traces back to the time when all "proceedings relating to children" were under the auspices of the Department of Health and Rehabilitative Services, formerly known as HRS. The agency's approach to dependency cases and delinquency cases were the same - provide social services to the child and the family.<sup>1</sup>

The first of Florida's gradual efforts to shift the state's juvenile justice system away from a social services model occurred in 1994. That year, the Legislature created the Department of Juvenile Justice (DJJ), providing for the transfer of powers, duties, property, records, personnel, and unexpended balances of related appropriations and other funds from the HRS Juvenile Justice Program Office to the new agency. DJJ was assigned responsibility for juvenile delinquency cases and children and families in need of services (CINS/FINS) cases. Juvenile justice provisions, which were then found in ch. 39, F.S., remained virtually unchanged, and DJJ continued to approach juveniles as children in need of treatment and reform rather than criminals deserving punishment.<sup>2</sup>

A further distancing of DJJ from its HRS origins occurred in 1997. Although few changes were made to substantive law, two new chapters in the Florida Statutes were created by transferring juvenile justice provisions from ch. 39, F.S., to the newly created ch. 984 and 985, F.S. Chapter 984, F.S., was created to contain provisions relating to CINS/FINS and ch. 985, F.S., was created to contain provisions relating to juvenile delinquency cases.<sup>3</sup>

In 2000, comprehensive legislation, known as the "Tough Love" plan, provided statutory authority for DJJ to overhaul its organizational structure. As a result, DJJ shifted away from HRS service district structure to a structure that conformed to the boundaries of the 20 judicial circuits. The "Tough Love" legislation also signified the most dramatic policy shift away from the social services model and toward a punitive criminal justice approach. However, even under the "Tough Love" plan, the juvenile justice system continued to be operationally and philosophically distinct from the adult criminal justice system. Florida continues to segregate juveniles from their adult counterparts, and youth continue to be managed under a strategy of redirection and rehabilitation, rather than punishment.<sup>4</sup>

##### **Department of Juvenile Justice - Organization**

Currently, DJJ is organized in five program areas - Administrative Services, Prevention and Victim Services, Probation and Community Intervention, Detention Services, and Residential Services.<sup>5</sup>

##### Administrative Services

The Administrative Services program area (also referred to as Executive Direction and Support) serves as the administrative support arm of DJJ. It is comprised of the following offices:

- Chief of Staff
- Deputy Secretary
- Office of General Counsel
- Office of the Inspector General
- Administrative Services
- Staff Development and Training
- Program Accountability

### Prevention and Victim Services

DJJ provides delinquency prevention services through the Office of Prevention and Victim Services. Prevention services target at-risk youth who exhibit problem behaviors (such as ungovernability, truancy, running away from home, and other pre-delinquent behaviors) before they result in more serious crimes.<sup>7</sup> DJJ addresses these problem behaviors by contracting for delinquency prevention services and awarding grants to local providers throughout the state.

The three primary prevention programs are the CINS/FINS program, the PACE Center for Girls, and Outward Bound Discovery. Other prevention programs include State Community Partnership and State Invest in Children, as well as federally funded programs administered by the U.S. Department of Justice's Office of Juvenile Justice and Delinquency Prevention.<sup>8</sup> On an average day, there are 6,643 youth participating in prevention programs throughout Florida.<sup>9</sup>

### Probation and Community Intervention

Every youth under the age of 18 charged with a crime in Florida is referred to DJJ. A referral is similar to an arrest in the adult criminal justice system. Once referred, DJJ assesses the youth<sup>10</sup> and recommends to the state attorney and the court appropriate sanctions and services for the youth. When making a recommendation, DJJ has several options that allow the youth to remain in his or her home community.<sup>11</sup>

One option is diversion, which uses alternatives to the formal juvenile justice system for youth who have been charged with a minor crime. Diversion programs include Intensive Delinquency Diversion Services (IDDS), Community Arbitration, the Juvenile Alternative Services Program (JASP), Teen Court, Civil Citation, Boy and Girl Scouts, Boys and Girls Clubs, mentoring programs, and alternative schools. These programs employ a variety of non-judicial sanctions, including:

- Restitution (payment) to the victim(s);
- Community service hours;
- Letter of apology to the victim(s);
- Curfew;
- Forfeiture of driver's license;
- Encouragement to avoid contact with co-defendants, friends, or acquaintances who are deemed to be inappropriate associations;
- Referrals to local social service agencies; and
- Substance abuse or mental health counseling.<sup>12</sup>

If the court places a youth on probation, he or she must complete court-ordered sanctions and services (e.g., community service, restitution, curfew, substance abuse or mental health counseling, etc.). Each youth is assigned a juvenile probation officer who monitors compliance and helps the youth connect with service providers. If the youth does not comply with the terms of probation, the youth may be ordered to live in a residential commitment facility for a period of time.<sup>13</sup>

<sup>10</sup> The primary tool used in assessing youth is the Positive Achievement Change Tool (PACT), an evidenced based comprehensive assessment and case management process that addresses both criminogenic needs and protective factors, from the moment a youth enters the system to the moment they exit.

<sup>12</sup> *Id.*

<sup>13</sup> *Id.*

Probation and Community Intervention is also responsible for aftercare services when a youth is released from a commitment facility. When a youth is discharged from a commitment facility, he or she is usually placed on conditional release (similar to parole in the adult criminal justice system). Conditional release is designed to provide monitoring and services to those youth who are transitioning back to the community after being in a residential program. These youth have court-ordered sanctions and services that they must complete.

### Detention Services

Detention is the custody status for youth who are held pursuant to a court order, or following arrest for a violation of the law. In Florida, a youth may be detained only when specific statutory criteria, outlined in s. 985.215, F.S., are met. Criteria for detention include current offenses, prior history, legal status, and any aggravating or mitigating factors.<sup>14</sup> Detention screening is performed at Juvenile Assessment Centers (JACs) or by juvenile probation staff using a standardized Detention Risk Assessment Instrument. Juvenile detention consists of two types - secure detention and home detention.<sup>15</sup>

Youths placed in secure detention have been assessed as risks to public safety and must remain in a physically secure detention center while awaiting court proceedings. They appear before the court within 24-hours of placement, at which time the judge decides whether there is a need for continued detention. Generally there is a 21-day limit to secure detention, but those charged with serious offenses can be held up to 30 days. Serious juvenile offenders also can be held in secure detention while awaiting placement in a residential corrections facility.<sup>16</sup>

Youths on home detention status are released to their parents or guardians. Both youth and parents sign a home detention agreement, which stipulates the conditions of home detention which the youth is required to follow (e.g., mandatory school attendance and curfew).<sup>17</sup>

In FY2009-10, DJJ operated 25 juvenile detention centers in 24 counties with a total of 2,007 beds, and employed 1,791 specially trained and certified juvenile detention officers. The detention centers provide custody, supervision, education, and mental health/substance abuse services to juveniles statewide.<sup>18</sup>

### *Detention Center Data for the 2<sup>nd</sup>, 6<sup>th</sup>, and 11<sup>th</sup> Judicial Circuits*

- The Leon Regional Detention Center is the only detention center in the 2<sup>nd</sup> judicial circuit (Franklin, Gadsden, Jefferson, Leon, Liberty, and Wakulla counties). It is a 56-bed center and has 59 employees. This center also serves youth from the western portion of the 3<sup>rd</sup> judicial circuit. The utilization rate for this center during FY2009-2010 was 47 percent.<sup>19</sup>
- There are two detention centers in the 6<sup>th</sup> judicial circuit (Pasco and Pinellas counties). The Pinellas Regional Detention Center is a 120-bed facility with 104 employees. This center only serves youth from Pinellas County and had a 58 percent utilization rate in FY2009-2010. The Pasco Regional Detention Center is a 57-bed center with 58 employees. This center only serves youth from Pasco County and had a 52 percent utilization rate in FY2009-2010.<sup>20</sup>
- The Miami-Dade Regional Detention Center is the only detention center in the 11<sup>th</sup> judicial circuit (Dade County). It is a 226-bed facility with 211 employees. The center only serves youth from Miami-Dade County and had a 52 percent utilization rate in FY2009-2010.<sup>21</sup>

- All of the detention centers in the 2<sup>nd</sup>, 6<sup>th</sup>, and 11<sup>th</sup> judicial circuits are operated by DJJ. Security, transportation, maintenance, food, and administrative services are provided by DJJ employees. Medical, mental health, psychiatric, and pharmaceutical services are provided by contract employees. Funding for these detention centers comes from General Revenue and trust funds (largely the Shared County/State Juvenile Detention Trust Fund).<sup>22</sup>

### Residential Services

Delinquent youth in Florida can be ordered by the court to serve time in a juvenile residential or detention facility depending on the severity of his or her crime and behavior. DJJ either contracts for or directly operates more than 116 residential programs with a total of approximately 4,200 beds.<sup>23</sup>

DJJ commitment managers conduct multidisciplinary commitment conferences for all youth considered for commitment to DJJ for juvenile or adult court. After a comprehensive evaluation of the youth and receiving input from conference participants, the commitment manager establishes DJJ's commitment recommendation to the court.<sup>24</sup> Primary consideration for commitment recommendations is public safety, meeting the individual treatment needs of the youth, and ensuring no other options are viable at a less restrictive level to reduce or eliminate the youth's threat to public safety. Once the court has ordered the youth to a specific restrictiveness level, it is the responsibility of DJJ to determine the most appropriate placement available within that restrictiveness level.<sup>25</sup>

Consistent with s. 985.03(44), F.S., DJJ's residential commitment programs are grouped into five custody classifications based on the assessed risk to public safety. The restrictiveness levels represent increasing restriction on youths' movement and freedom. The least restrictive, or minimum-risk level, is non-residential and falls under the jurisdiction of Probation and Community Control rather than Residential Services.<sup>26</sup> The remaining four restrictiveness levels of commitment are as follows:

- Low-risk residential (may allow youth unsupervised access to the community);
- Moderate-risk residential (may allow youth supervised access to the community);
- High-risk residential (does not allow youth access to the community, except as approved for limited reasons); and
- Maximum-risk residential (does not allow youth to have access to the community).<sup>27</sup>

Residential programs provide differing levels of programming to address the supervision, custody, care, and treatment needs of committed children.<sup>28</sup> In residential programs, delinquent youth receive educational and vocational services and complete an individually designed treatment plan, based on their rehabilitative needs. In addition, all residential programs provide medical, mental health, substance abuse, and developmental disability services.<sup>29</sup>

Currently, Florida has a budgeted capacity of 4,146 residential commitment beds for juvenile youths with approximately two-thirds of those providing special needs services.<sup>30</sup> The current utilization rate hovers around 90 percent of the number of operational beds.<sup>31</sup> In FY 2008-2009, there were 6,402 new admissions of juveniles to residential programs, representing a 3% reduction from FY 2007-08 (6,587) and a five-year overall reduction of 28 percent (8,897) in new admissions to residential programs.<sup>32</sup>

Private providers operate most of the residential facilities for juveniles in Florida under contracts with DJJ. The providers are regularly monitored and evaluated through the DJJ's Quality Assurance program. DJJ's Inspector General investigates incidents at programs involving staff or youth.<sup>33</sup>

DJJ provided the following that shows the disposition of youth in the 2<sup>nd</sup>, 6<sup>th</sup>, and 11<sup>th</sup> judicial circuits:

### The Juvenile Court Process

A juvenile who is alleged to have committed a violation of law is formally charged by the filing of a petition for delinquency by the state attorney.<sup>34</sup> Because a juvenile may be subject to deprivation of liberty if adjudicated delinquent, federal constitutional law requires that juveniles be afforded many of the same due process safeguards afforded to adult criminal defendants. For example, juveniles are entitled to legal representation by counsel at all stages of any proceeding, and the state must provide free legal representation to juvenile offenders who cannot afford to retain counsel.<sup>35</sup>

If the juvenile is held in detention or released to home detention, a detention hearing must be held within 24 hours at which the judge orders continued detention or release. If the juvenile is detained, an arraignment hearing must be held within 48 hours of the filing of the petition.<sup>36</sup> At the arraignment hearing, the juvenile admits to delinquency, denies delinquency, or does not contest the allegation. If the juvenile denies delinquency, an adjudicatory hearing (trial) is held.<sup>37</sup> Circuit court judges preside over juvenile court proceedings and determine all issues of fact and law in such cases.<sup>38</sup> At the adjudicatory hearing, the juvenile has the right to compel the attendance of witnesses on his or her behalf, the right to cross-examine state witnesses, and the right to remain silent.<sup>39</sup> The state must prove the allegations beyond a reasonable doubt or the case is dismissed and the juvenile is released.<sup>40</sup> An adjudication of delinquency by a court is not considered a conviction.<sup>41</sup>

If a judge finds that a juvenile committed a delinquent act, or if a youth pleads guilty or no contest to a charge, a disposition (sentencing) hearing must be held.<sup>42</sup> Before making a final disposition, the court must review a pre-disposition report (PDR), which is prepared by a juvenile probation officer.<sup>43</sup> The PDR includes a summary of the juvenile's present offense, a statement by the youth, background information regarding the familial and community environment, a narrative explaining the juvenile's employment or school history, psychological data, restitution information, criminal history, risk assessment, and the recommendations of DJJ concerning the disposition of the case.<sup>44</sup> The judicial dispositions available in juvenile court include judicial warnings, judicial plans, probation, or

commitment to a non-secure or secure residential program or facility.<sup>45</sup> In many cases where the court commits a youth to a residential program, youth will also be required to participate in a supervised conditional release program upon completion of the residential component.<sup>46</sup>

A juvenile charged with a violation of law has a state constitutional right to be charged and tried as an adult.<sup>47</sup> Florida law also specifies several circumstances where the state is required or authorized to initiate the prosecution of a juvenile in the adult criminal system.<sup>48</sup> These offenders may remain subject to juvenile, rather than adult, sanctions at the discretion of the trial judge.<sup>49</sup>

### **Effect of the Bill**

The bill provides the following "Whereas" clauses:

- Whereas, 94 percent of Florida youth grow up to be productive citizens, but the 6 percent of Florida youth that become delinquent cost the state of Florida an average of \$5,200 per child annually according to 2008 statistics, and
- Whereas, according to national studies, 27 percent of abused or neglected children become delinquent, and
- Whereas, one of the most effective ways to reduce delinquency is to prevent child abuse, abandonment, and neglect, and
- Whereas, Florida's juvenile commitment programs have a 39 percent recidivism rate within 1 year, and
- Whereas, the Department of Juvenile Justice shows that 59 percent of the juveniles being rearrested offend within 120 days after being released, revealing a critical transition period currently not being addressed, and
- Whereas, the State of Washington undertook a study which demonstrated that a significant level of future prison construction can be avoided, taxpayer dollars can be saved, and crime rates can be reduced by a portfolio of evidence-based youth service options, and
- Whereas, it has been proven that at-risk youth benefit from a comprehensive approach through coordination of intensive prevention, diversion, and family services, and
- Whereas, local management fosters all these approaches, ensures stronger relationships between providers and the family, and allows providers to assist in strengthening relationships between the child and the family, and
- Whereas, instead of competing for funding, prevention, diversion, and juvenile justice services should cooperate with the goal of keeping youth out of juvenile detention.

The bill creates s. 985.665, F.S., entitled "Community-Based Juvenile Justice," and provides the following legislative intent language:

It is the intent of the Legislature to direct the department to contract with competent community-based agencies to coordinate and manage juvenile justice and related services. By implementing community-based juvenile justice, the community-based regional coordinating agency will provide flexibility to assess needs, apportion the funds allocated to the department for this purpose, and build the appropriate continuum of care resulting in more local ownership of juvenile justice problems and better service outcomes. The community-based juvenile justice model is designed to treat most of the juveniles in services that are located and managed in their home communities and that will promote greater family involvement and engagement, promote better system and service coordination, and achieve more significant economic and operational efficiencies.

The bill requires DJJ, beginning in the 2011-2012 fiscal year, to establish a minimum of three pilot sites where a community-based juvenile justice system will be implemented for two years. The pilot sites must be in the 2<sup>nd</sup> (Franklin, Gadsden, Jefferson, Leon, Liberty, and Wakulla counties), 6<sup>th</sup> (Pasco and Pinellas counties), and 11<sup>th</sup> (Dade county) judicial circuits.

The bill requires DJJ, by December 1, 2011, to contract with a regional coordinating agency (RCA) for the delivery, administration, and management of the following juvenile justice services: intervention, prevention, assessment centers, diversion programs, civil citation, home detention, alternatives to detention, community-based services, probation, day treatment, independent living, evidenced-based programs, residential programming, and detention. DJJ is required to transfer all administrative and operational funding associated with these services to the RCA (less those funds that are necessary to provide and coordinate management of quality assurance and oversight). RCAs are required to thoroughly analyze and report the complete direct and indirect costs of delivering the above-described services through DJJ and the full cost of community-based juvenile justice, including the cost of monitoring and evaluating the contracted services. The bill specifies that RCAs may be selected from a single source pursuant to s. 287.057(3)(c), F.S.,<sup>50</sup> but requires them to be established organizations within the judicial circuit.

The bill requires RCAs to contract with providers that meet current DJJ standards and to comply with statutory requirements and agency regulations in providing contractual services. The bill specifies that DJJ will remain responsible for the quality of contracted services and programs and requires DJJ to ensure that such services are delivered in accordance with applicable federal and state statutes and regulations. The bill specifies that DJJ must coordinate inspections of program offices pursuant to the approval of the applicable RCA.

The bill requires DJJ, in partnership with an objective, competent entity, to establish a quality assurance program for community-based juvenile justice that includes national standards for each specific component of services. The bill also requires DJJ, in consultation with the RCAs, to establish minimum thresholds for each component of service. DJJ, or an objective, competent entity designated by DJJ, must annually evaluate each RCA under the provisions of the quality assurance program. Beginning in 2013, DJJ must annually submit the evaluation regarding quality performance, outcome measure attainment, and cost efficiency to the President of the Senate, Speaker of the House of Representatives, the minority leaders of the Senate and the House of Representatives, and the Governor.

The bill requires DJJ to establish and operate a comprehensive system to measure the outcomes and effectiveness of the services that are part of the RCAs' community-based juvenile justice service programs. DJJ must use these findings in making recommendations to the Governor and the Legislature for future program and funding priorities.

The bill defines the term "regional coordinating agency" as a single nonprofit or county government agency with which DJJ must contract for the provision of juvenile justice services in a community that consists of at least one entire county. The requirements for an RCA include, but are not limited to:

- The organizational infrastructure and financial capacity to coordinate, integrate, and manage all juvenile justice services in the designated community in cooperation with law enforcement and the judiciary.
- The ability to ensure continuity of care from entry to exit for all juveniles referred to the agency by law enforcement agencies, the court system, and other referral services.
- The ability to contract with providers to create a local network of juvenile justice services.

---

<sup>50</sup> Section 287.053(3)(c), F.S., provides that commodities or contractual services available only from a single source may be excepted from competitive-solicitation requirements. The statute also outlines what agencies must do to procure commodities or services from a single source.

- The willingness to accept accountability for meeting the outcomes and performance standards related to juvenile justice established by the Legislature and the federal government.
- The capacity and willingness to serve all juveniles referred to the agency by law enforcement agencies and the court system with funding from DJJ.
- The willingness to ensure that each individual who provides juvenile justice services has successfully completed the training required by DJJ as of July 1, 2011.

The bill requires operations of an RCA to be governed by a local board of directors, of which 75 percent of the membership must be comprised of persons residing within the RCA's service area. The bill specifies that with respect to the treatment of juvenile offenders, RCAs and contracted providers will be treated as the state and its agencies and subdivisions for liability purposes under s. 768.28, F.S.

**B. SECTION DIRECTORY:**

Section 1. Creates s. 985.665, F.S., relating to community-based juvenile justice.

Section 2. This bill is effective July 1, 2011.

**II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT**

**A. FISCAL IMPACT ON STATE GOVERNMENT:**

1. Revenues:

None.

2. Expenditures:

See "Fiscal Comments."

**B. FISCAL IMPACT ON LOCAL GOVERNMENTS:**

1. Revenues:

The bill specifies that a county government agency could qualify as an RCA. This bill could have a positive fiscal impact on such entities should they be selected to be an RCA.

2. Expenditures:

None.

**C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:**

The bill may have a positive fiscal impact on juvenile justice service providers as well as private entities who are selected to serve as an RCA.

**D. FISCAL COMMENTS:**

The bill requires DJJ to transfer all administrative and operational funding associated with community-based juvenile justice services to the RCA in each pilot site (less those funds that are necessary to provide and coordinate management of quality assurance and oversight). DJJ provided the following chart that identifies the FTE and funding associated with each pilot site:

Circuit	Budget Entity								Total	
	Detention Centers		Probation & Community Corrections		Residential Corrections		Prevention			
	FTE	Amount	FTE	Amount	FTE	Amount	FTE	Amount	FTE	Amount
2	59.0	3,499,684	27.0	2,937,058	-	5,343,098	-	2,121,815	86.0	13,901,655
6	163.0	9,481,008	100.0	8,388,165	24.0	9,476,243	1.0	4,795,264	288.0	32,140,680
11	211.0	13,648,702	146.0	12,936,145	-	5,769,631	1.0	3,169,052	358.0	35,523,530
	433.0	26,629,394	273.0	24,261,368	24.0	20,588,972	2.0	10,086,131	732.0	81,565,865

Using the above data, DJJ would be required to transfer \$81,565,865 (less the funds necessary to provide and coordinate management of quality assurance and oversight) to the regional coordinating agencies. It is unclear what will happen to the FTE currently associated with these services. DJJ will no longer have the funding for these FTE; however, the RCA may elect to hire some or all of them.

DJJ noted in its analysis of the bill that it would have to determine what funds in circuits outside of the pilot circuits apply to youth in the pilot circuits. They would also have to determine what funds in the pilot circuits apply to youth not from the pilot circuits. This would be necessary in order to accurately reflect the costs associated with those youth in the pilot circuits.

Regarding the bill's requirement that DJJ establish a quality assurance program, DJJ stated the following:

The Department will need to establish a quality assurance program to include aspects outlined in the proposed bill which is different than the existing quality assurance process. Currently the Department's quality assurance process reviews and evaluates individual service providers. The bill implies that the regional coordinating agencies will be reviewed on a set of standards as opposed to the individual providers to ensure services regionally are being provided as dictated by statute, rule etc. The quality assurance program might be similar to that of DCF that reviews youth records to ensure appropriate, quality services are provided overall and not at the individual service provider level. If this were to occur a statewide youth records system would need to be established to provide for outcome reviews. The currently existing quality assurance system could absorb this task as they are regionally located and well trained in quality assurance protocols.

The bill requires DJJ to annually measure and report the outcomes and effectiveness of the services provided by providers who contract with the RCAs. DJJ states that this can be done using existing resources with DJJ's Bureau of Research and Planning but will be dependent on the providers using DJJ's Juvenile Justice Information System and Prevention Web System to track information.

Section 985.686, F.S., requires counties to pay the costs of providing detention care for juveniles for the period of time prior to final court disposition. The state is responsible for paying the costs of detention after final court disposition. As noted above, the detention centers in the 2<sup>nd</sup>, 6<sup>th</sup>, and 11<sup>th</sup> judicial circuits are operated by DJJ. Funding for these centers comes from General Revenue and trust funds (largely the Shared County/State Juvenile Detention Trust Fund). In their analysis of the bill, DJJ addressed this "cost-sharing" obligation and noted that the counties would still be required to pay the costs for pre-dispositional youth.

### III. COMMENTS

#### A. CONSTITUTIONAL ISSUES:

##### 1. Applicability of Municipality/County Mandates Provision:

Not applicable because this bill does not appear to: require the counties or municipalities to spend funds or take an action requiring the expenditure of funds; reduce the authority that counties or municipalities have to raise revenues in the aggregate; or reduce the percentage of a state tax shared with counties or municipalities.

##### 2. Other:

None.

#### B. RULE-MAKING AUTHORITY:

None.

#### C. DRAFTING ISSUES OR OTHER COMMENTS:

Lines 130-132 require regional coordinating agencies to comply with statutory requirements and agency regulations in the provision of contractual services. It appears that the reference to "regional coordinating agency" may need to be changed to "providers" and the reference to "agency" should specify "regional coordinating agency."

DJJ noted the following their analysis of the bill:

The three proposed pilot circuits do not currently have a complete continuum of services available within the circuit. The development of community-based and residential programs to meet specific treatment needs of boys and girls within a small geographic area, such as a circuit, will pose a challenge. To further complicate this issue, located within two of the pilot circuits are highly specialized programs, each being the only program of its type, that provide specialized placement for youth from throughout the state. Both of these programs are highly utilized, yet during 2010 only 14% of all placements originated from that home circuit. A mechanism would need to be put into place to allow these specialized programs to continue to be utilized statewide.

136 offices, shall coordinate inspections required pursuant to  
137 approval of agencies under this section.

138 (5) With respect to the treatment of juvenile offenders  
139 under this section, regional coordinating agencies and

 145 of the membership shall be comprised of persons residing within  
 146 the service area of the regional coordinating agency.

147 (7) Beginning in the 2011-2012 fiscal year, the department  
 148 shall establish a minimum of three pilot sites to operate for 2  
 149 years each. These pilot sites must be established in judicial

BILL #: HB 339 Possession of Stolen Credit or Debit Cards

SUMMARY ANALYSIS

Currently, mere possession of a stolen credit or debit card is not, per se, illegal. Section 817.60, F.S., contains several offenses relating to the unauthorized possession of a credit card, however all current offenses under this section require either proof of intent to use, sell, or transfer a stolen credit card or require a fraudulent intent in obtaining the credit card.

This bill provides that a person commits a third degree felony if a person knowingly possesses, receives, or retains custody of a credit or debit card that has been taken from the possession, custody, or control of another without the cardholder's consent and with the intent to impede the recovery of the credit or debit card by the cardholder.

The bill provides that a retailer who takes, accepts, retains, possesses or processes a stolen credit or debit card in the ordinary course of business and without actual knowledge that the card is stolen does not violate the provisions of the bill.

The Criminal Justice Impact Conference (CJIC) has not met to determine the fiscal impact of HB 339. On March 17, 2010, CJIC determined that CS/HB 621, which contained similar provisions relating to unlawful possession of a credit or debit card, would have an insignificant impact on state prison beds.

The bill provides an effective date of October 1, 2011.

### I. SUBSTANTIVE ANALYSIS

#### A. EFFECT OF PROPOSED CHANGES:

##### Background

Section 817.60(1), F.S., is contained within Part II of ch. 817, F.S., which is the 1967 "State Credit Card Crime Act."<sup>1</sup> This subsection provides criminal penalties for various crimes related to credit cards.<sup>2</sup>

Several offenses that are punishable as a first degree misdemeanor<sup>3</sup> include:

- Taking<sup>4</sup> a credit card from the person, possession, custody, or control of another without the cardholder's consent or, with knowledge the card has been so taken, receiving the credit card with the intent to use it, to sell it, or to transfer it to another person other than the issuer or the cardholder;
- Receiving a credit card that is known to have been lost, mislaid, or delivered by mistake as to the identity or address of the cardholder, and retaining the card with the intent to use, sell, or transfer the card to another person other than the issuer or the cardholder;
- Selling or buying a credit card from a person other than the issuer;
- Obtaining a credit card as security for debt with intent to defraud; or
- Signing the credit card of another.<sup>5</sup>

Section 817.60, F.S., also provides criminal penalties punishable as a third degree felony<sup>6</sup> for more serious offenses relating to credit cards such as:

- Receiving two or more credit cards within a 12-month period issued in the names of different cardholders, which the person had reason to know were taken or retained under circumstances that constitute credit card theft;
- Possessing two or more counterfeit credit cards;
- Making a device or instrument that purports to be a credit card of a named issuer but which the issuer did not authorize; or
- Falsely embossing a credit card without authorization of the issuer.<sup>7</sup>

It is possible that possession of a stolen credit card could be prosecuted as theft under s. 812.014, F.S. Section 812.014(1), F.S., provides a person commits theft if he or she knowingly obtains the property of another with the intent to, either temporarily or permanently:

- Deprive the other person of a right to the property or benefit from the property; or
- Appropriately the property to his or her own use or to the use of any person not entitled to the use of the property.<sup>8</sup>

The penalties for a violation of s. 812.014, F.S., are generally tied to value of the stolen goods.<sup>9</sup> The actual value of a credit card would likely be determined to be the value of the plastic used to make the

<sup>1</sup> Section 817.57, F.S.

<sup>2</sup> "Credit card" is defined to mean any instrument or device, whether known as a credit card, credit plate, bank service card, banking card, check guarantee card, electronic benefits transfer (EBT) card, or debit card, or by any other name, issued with or without fee by an issuer for the use of the cardholder in obtaining money, goods, services, or anything else of value on credit or for use in an automated banking device to obtain any of the services offered through the device." Section 817.58(4), F.S.

<sup>3</sup> A first degree misdemeanor is punishable by up to one year in county jail and a maximum \$1,000 fine. Sections 775.082, and 775.083, F.S.

<sup>4</sup> Taking a credit card without consent includes obtaining the card by statutory larceny, common-law larceny by trespassory taking, common-law larceny by trick, or embezzlement or obtaining property through false pretense, false promise, or extortion. Section 817.60(1), F.S.

<sup>5</sup> Section 817.60(1)-(4), F.S.

<sup>6</sup> A third degree felony is punishable by up to five years imprisonment and a maximum \$5,000 fine. Sections 775.082, 775.083, and 775.084, F.S.

<sup>7</sup> Section 817.60(5) and (6), F.S.

<sup>8</sup> Section 812.014(1), F.S.

<sup>9</sup> Section 812.014, F.S. If the value of the stolen property is \$100,000 or greater, the offense is punishable as a first degree felony; if the value of the stolen property is between \$20,000 and \$100,000, the offense is a second degree felony; if the value of the stolen

credit card, which would likely be under \$300 and thus prosecuted as a second degree misdemeanor<sup>10, 11</sup>.

It is possible that possession of a stolen credit card could be prosecuted as the offense of dealing in stolen property.<sup>12</sup> Section 812.019(1), F.S., provides that a person commits a second degree felony<sup>13</sup> if the person traffics<sup>14</sup> in or endeavors to traffic in property that he or she knew or should have known was stolen.

#### **Effect of the Bill**

The bill amends s. 817.60(1), F.S., to provide that a person commits a third degree felony if a person knowingly possesses, receives, or retains custody of a credit or debit card that has been taken from the possession, custody, or control of another without the cardholder's consent and with the intent to impede the recovery of the credit or debit card by the cardholder.

The bill provides that a retailer who takes, accepts, retains, possesses, or processes a stolen credit or debit card in the ordinary course of business and without actual knowledge that the card is stolen does not violate the provisions of the bill. This exception does not apply to a retail employee who has actual knowledge that the card is stolen.

The bill provides an effective date of October 1, 2011.

#### **B. SECTION DIRECTORY:**

Section 1. Amends s. 817.60, F.S., relating to theft; obtaining credit card through fraudulent means.

Section 2. Provides an effective date of October 1, 2011.

## **II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT**

#### **A. FISCAL IMPACT ON STATE GOVERNMENT:**

##### **1. Revenues:**

None.

##### **2. Expenditures:**

The Criminal Justice Impact Conference (CJIC) has not met to determine the fiscal impact of HB 339. On March 17, 2010, CJIC determined that CS/HB 621, which contained similar provisions relating to unlawful possession of a credit or debit card, would have an insignificant impact on state prison beds.

property is between \$300 and \$5,000, the offense is a third degree felony; if the value of the stolen goods is valued at between \$100 and \$300, the offense is a first degree misdemeanor; if the value of the stolen goods is valued at less than \$100, the offense is a second degree misdemeanor. Some property is listed specifically in s. 812.014, F.S. Theft of this specified property may be punished at a greater degree of punishment regardless of the value of the stolen items.

<sup>10</sup> A second degree misdemeanor is punishable by up to 60 days in county jail and a maximum \$500 fine. Sections 775.082, and 775.083, F.S.

<sup>11</sup> Section 812.014(3)(a), F.S.

<sup>12</sup> Section 812.019(1), F.S.

<sup>13</sup> A second degree felony is punishable by up to 15 years imprisonment and a maximum \$10,000 fine. Sections 775.082, 775.083, and 775.084, F.S.

<sup>14</sup> "Traffic" is defined to mean to sell, transfer, distribute, dispense, or otherwise dispose of property, or to buy, receive possess, obtain control of, or use property with intent to sell, transfer, distribute, dispense, or otherwise dispose of such property. Section 812.012(8), F.S.

**B. FISCAL IMPACT ON LOCAL GOVERNMENTS:**

1. Revenues:

2. Expenditures:

None.

**C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:**

**D. FISCAL COMMENTS:**

**III. COMMENTS**

**A. CONSTITUTIONAL ISSUES:**

1. Applicability of Municipality/County Mandates Provision:

This bill appears to be exempt from the requirements of Article VII, Section 18 of the Florida Constitution because it is a criminal law.

2. Other:

None.

**B. RULE-MAKING AUTHORITY:**

None.

**C. DRAFTING ISSUES OR OTHER COMMENTS:**

- The term "debit card" is not defined in ch. 817, F.S.
- The bill provides that a person commits a third degree felony if he or she knowingly possesses, receives, or retains custody of a credit or debit card that has been taken from the possession, custody, or control of another without the cardholder's consent and with the intent to impede the recovery of the card by the cardholder.

Lines 26-33 of the bill state that, "A retailer who takes, accepts, retains, possesses, or processes a stolen credit or debit card does not commit a violation of this subsection if the retailer does so in the ordinary course of business and the retailer does not have actual knowledge that the card is stolen; provided, this exception does not apply to a retail employee who has actual knowledge that the card is stolen."

It is unclear why this exception is necessary. Only retail employees who have the intent to impede recovery of the card by the cardholder could be charged with a violation of this subsection. Retail employees who do not have such intent could not be charged. Further, there are numerous statutes that make it a crime to possess certain instruments/documents that do not contain exceptions for retailers (see, e.g., s. 831.28, F.S., which makes it a crime for a person to possess a counterfeit payment instrument; and s. 322.212, F.S., which makes it a crime for a person to possess any blank, forged, stolen, fictitious, counterfeit, or unlawfully issued driver's license or identification card).

- As drafted, the exception applies to retailers who take, accept, retain, possess, or process a card, yet the offense only applies to those who possess, receive, or retain a card. These “acts” should be identical to the acts described by the offense.

SUMMARY ANALYSIS

In 1968, the federal Gun Control Act (GCA) was enacted, which prohibited a licensed importer, manufacturer, dealer, or collector to sell or deliver any firearm to any person who the licensee knows or has reasonable cause to believe does not reside in the state in which the licensee's place of business is located. The GCA specified that this prohibition did not apply to the sale or delivery of a rifle or shotgun to a resident of a contiguous state, provided that certain conditions were met. This "contiguous state" provision was amended in 1986 by the Firearms Owners' Protection Act, to allow licensees to sell or deliver rifles and shotguns to residents of any state (not just contiguous states), provided that certain conditions were met.

In 1979, Florida enacted SB 452, which created s. 790.28, F.S. The law mirrored the provisions in the original GCA and provided that a resident of Florida may purchase a rifle or shotgun in any contiguous state as long as that resident conforms to the applicable laws and regulations of the United States, the state where the purchase is made, and laws and regulations of the state of Florida.

Some states have revised their laws to reflect the 1986 amendments to the GCA, allowing interstate sales of rifles and shotguns to residents of any state. However, Florida's current law remains similar to the original provision of the GCA that allows interstate sales of rifles and shotguns only to residents of contiguous states.

HB 4069 repeals s. 790.28, F.S. As a result, Florida residents will be able to purchase rifles and shotguns from any state (not just contiguous states), as long as the transferee meets in person with the transferor to accomplish the transfer; and the sale, delivery and receipt complies with federal law and the applicable laws and regulations of both states.

This bill does not appear to have a fiscal impact.

The effective date of the bill is July 1, 2011.

## FULL ANALYSIS

### I. SUBSTANTIVE ANALYSIS

#### A. EFFECT OF PROPOSED CHANGES:

##### **Background**

In 1968, the federal Gun Control Act (GCA) was enacted.<sup>1</sup> Among its many provisions was a section that made it unlawful for a licensed importer, manufacturer, dealer, or collector<sup>2</sup> to sell or deliver any firearm<sup>3</sup> to any person who the licensee knows or has reasonable cause to believe does not reside in the state in which the licensee's place of business is located.<sup>4</sup> The GCA specified that this prohibition did not apply to the sale or delivery of a rifle<sup>5</sup> or shotgun<sup>6</sup> to a resident of a state contiguous to the state in which the licensee's place of business was located if:

- The purchaser's state of residence permits such sale or delivery by law;
- The sale fully complies with the legal conditions of sale in both such contiguous states; and
- The purchaser and the licensee have, prior to the sale of the rifle or shotgun, complied with federal requirements applicable to interstate firearm transactions that take place at a location other than at the licensee's premises.<sup>7</sup>

The "contiguous state" provision of the GCA was amended in 1986 by the Firearms Owners' Protection Act, to allow licensees to sell or deliver a rifle or shotgun to residents of any state (not just contiguous states), provided that the transferee met in person with the transferor to accomplish the transfer; and that the sale, delivery and receipt fully complied with the legal conditions of sale in the buyer's and seller's states.<sup>8</sup> Thus, since 1986, it has been legal for a resident of one state to purchase a rifle or shotgun in any other state (not just contiguous states) so long as the above criteria are met.

A number of states, including Florida, patterned their laws after the original provision of the GCA that allows nonresidents to purchase rifles and shotguns from licensees only in contiguous states.<sup>9</sup> However, some states have revised their laws to reflect the 1986 amendments to the GCA that allows interstate sales of rifles or shotguns to residents of any state.<sup>10</sup>

The term "manufacturer" means any person engaged in the business of manufacturing firearms or ammunition for purposes of sale or distribution. The term "dealer" means any person engaged in the business of selling firearms at wholesale or retail; any person engaged in the business of repairing firearms or of making or fitting special barrels, stocks, or trigger mechanisms to firearms; or any person who is a pawnbroker. The term "collector" means any person who acquires, holds, or disposes of firearms as curios or relics, as the Attorney General shall by regulation define. To be "licensed," and entity listed above must be licensed under the provisions of 18 U.S.C. Ch. 44. *See* 18 U.S.C. s. 921.

<sup>3</sup> 18 U.S.C. s. 921 defines the term "firearm" as any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer; or any destructive device. Such term does not include an antique firearm.

<sup>5</sup> 18 U.S.C. s. 921 defines the term "rifle" as a weapon designed or redesigned, made or remade, and intended to be fired from the shoulder and designed or redesigned and made or remade to use the energy of an explosive to fire only a single projectile through a rifled bore for each single pull of the trigger.

<sup>6</sup> 18 U.S.C. s. 921 defines the term "shotgun" as a weapon designed or redesigned, made or remade, and intended to be fired from the shoulder and designed or redesigned and made or remade to use the energy of an explosive to fire through a smooth bore either a number of ball shot or a single projectile for each single pull of the trigger.

<sup>9</sup> The law of Oregon provides that a resident may purchase or otherwise obtain a rifle or shotgun in a contiguous state and receive or transport into Oregon such rifle or shotgun, unless the purchase or transfer violates the law of Oregon, the state in which the purchase or transfer is made or the United States. "Contiguous state" means California, Idaho, Nevada or Washington. *See* ORS 166.490.

<sup>10</sup> The law of Alabama provides that any resident of Alabama authorized to sell and deliver rifles, shotguns, and ammunition may sell and deliver them to a resident of any state where the sale of the firearms and ammunition is legal. Any purchaser of the firearm or ammunition may take or send it out of the state or have it delivered to his or her place of residence. Any resident of Alabama who legally purchases rifles, shotguns, and ammunition in any state where the purchase is legal may take delivery of the weapons either in the state where they were purchased or in Alabama. *See* Ala. Code. S. 13A-11-58 (2006).

**Florida's law**

In 1979, Florida enacted SB 452, which created s. 790.28, F.S. The law mirrored the provisions in the original GCA and provided that a resident of Florida may purchase a rifle or shotgun in any contiguous state as long as that resident conforms to the applicable laws and regulations of the United States, the state where the purchase is made, and laws and regulations of the state of Florida.<sup>11</sup>

**Effect of the bill**

HB 4069 repeals s. 790.28, F.S. As a result, Florida residents will be able to purchase rifles and shotguns from any state (not just contiguous states), provided that the transferee meets in person with the transferor to accomplish the transfer; and that the sale, delivery and receipt complies with the legal conditions of sale in the buyer's and seller's states.

The bill does not exempt residents of Florida that purchase a rifle or shotgun in any state and bring such firearm back into Florida from Florida's laws relating to weapons and firearms in Chapter 790, F.S.

**B. SECTION DIRECTORY:**

Section 1. Repeals s. 790.28, F.S., related to purchase of rifles and shotguns in contiguous states.

COUNCIL/COMMITTEE AMENDMENT

Bill No. HB 251 (2011)

Amendment No. 1

185 Section 10. Section 960.003, Florida Statutes, is amended  
186 to read:

187 960.003 Hepatitis and HIV testing for persons charged with  
188 or alleged by petition for delinquency to have committed certain  
189 offenses; disclosure of results to victims.—

190 (1) LEGISLATIVE INTENT.—The Legislature finds that a  
191 victim of a criminal offense which involves the transmission of  
192 body fluids, or which involves certain sexual offenses in which  
193 the victim is a minor, disabled adult, or elderly person, is  
194 entitled to know at the earliest possible opportunity whether  
195 the person charged with or alleged by petition for delinquency  
196 to have committed the offense has tested positive for hepatitis  
197 or the human immunodeficiency virus (HIV) infection. The  
198 Legislature finds that to deny victims access to hepatitis and  
199 HIV test results causes unnecessary mental anguish in persons  
200 who have already suffered trauma. The Legislature further finds  
201 that since medical science now recognizes that early diagnosis  
202 is a critical factor in the treatment of hepatitis or HIV  
203 infection, both the victim and the person charged with or  
204 alleged by petition for delinquency to have committed the  
205 offense benefit from prompt disclosure of hepatitis and HIV test  
206 results.

207 (2) TESTING OF PERSON CHARGED WITH OR ALLEGED BY PETITION  
208 FOR DELINQUENCY TO HAVE COMMITTED CERTAIN OFFENSES.—

209 (a) In any case in which a person has been charged by  
210 information or indictment with or alleged by petition for  
211 delinquency to have committed any offense enumerated in s.  
212 775.0877(1)(a)-(n), which involves the transmission of body

Amendment No. 1

213 fluids from one person to another, upon request of the victim or  
214 the victim's legal guardian, or of the parent or legal guardian  
215 of the victim if the victim is a minor, the court shall order  
216 such person to undergo hepatitis and HIV testing within 48 hours  
217 after of the information or indictment is filed court order. In  
218 the event the victim requests hepatitis and HIV testing after 48  
219 hours has elapsed from the filing of the indictment or  
220 information, the testing shall be done within 48 hours of the  
221 victim's request.

222 (b) However, when a victim of any sexual offense  
223 enumerated in s. 775.0877(1)(a)-(n) is under the age of 18 at  
224 the time the offense was committed or when a victim of any  
225 sexual offense enumerated in s. 775.0877(1)(a)-(n) or s.  
226 825.1025 is a disabled adult or elderly person as defined in s.  
227 825.1025 regardless of whether the offense involves the  
228 transmission of bodily fluids from one person to another, then  
229 upon the request of the victim or the victim's legal guardian,  
230 or of the parent or legal guardian, the court shall order such  
231 person to undergo hepatitis and HIV testing within 48 hours  
232 after of the information or indictment is filed court order. In  
233 the event the victim requests hepatitis and HIV testing after 48  
234 hours has elapsed from the filing of the indictment or  
235 information, the testing shall be done within 48 hours of the  
236 victim's request. The testing shall be performed under the  
237 direction of the Department of Health in accordance with s.  
238 381.004. The results of a hepatitis and an HIV test performed on  
239 a defendant or juvenile offender pursuant to this subsection

Amendment No. 1

240 shall not be admissible in any criminal or juvenile proceeding  
241 arising out of the alleged offense.

242 (c) If medically appropriate, follow-up HIV testing shall  
243 be provided when testing has been ordered pursuant subsections  
244 (a) or (b). The medical propriety of follow-up HIV testing shall  
245 be based upon a determination of a physician and shall not  
246 require an additional court order. Notification to the victim,  
247 or parent or guardian of the victim, and to the defendant, of  
248 the results of each follow-up test shall made be as soon as  
249 practicable in accordance with this section.

250 (3) DISCLOSURE OF RESULTS.—

251 (a) The results of the test shall be disclosed no later  
252 than 2 weeks after the court receives such results, under the  
253 direction of the Department of Health, to the person charged  
254 with or alleged by petition for delinquency to have committed or  
255 to the person convicted of or adjudicated delinquent for any  
256 offense enumerated in s. 775.0877(1)(a)-(n), which involves the  
257 transmission of body fluids from one person to another, and,  
258 upon request, to the victim or the victim's legal guardian, or  
259 the parent or legal guardian of the victim if the victim is a  
260 minor, and to public health agencies pursuant to s. 775.0877. If  
261 the alleged offender is a juvenile, the test results shall also  
262 be disclosed to the parent or guardian. When the victim is a  
263 victim as described in paragraph (2)(b), the test results must  
264 also be disclosed no later than 2 weeks after the court receives  
265 such results, to the person charged with or alleged by petition  
266 for delinquency to have committed or to the person convicted of  
267 or adjudicated delinquent for any offense enumerated in s.

COUNCIL/COMMITTEE AMENDMENT

Bill No. HB 251 (2011)

Amendment No. 1

268 775.0877(1)(a)-(n), or s. 825.1025 regardless of whether the  
269 offense involves the transmission of bodily fluids from one  
270 person to another, and, upon request, to the victim or the  
271 victim's legal guardian, or the parent or legal guardian of the  
272 victim, and to public health agencies pursuant to s. 775.0877.  
273 Otherwise, hepatitis and HIV test results obtained pursuant to  
274 this section are confidential and exempt from the provisions of  
275 s. 119.07(1) and s. 24(a), Art. I of the State Constitution and  
276 shall not be disclosed to any other person except as expressly  
277 authorized by law or court order.

278 (b) At the time that the results are disclosed to the  
279 victim or the victim's legal guardian, or to the parent or legal  
280 guardian of a victim if the victim is a minor, the same  
281 immediate opportunity for face-to-face counseling which must be  
282 made available under s. 381.004 to those who undergo hepatitis  
283 and HIV testing shall also be afforded to the victim or the  
284 victim's legal guardian, or to the parent or legal guardian of  
285 the victim if the victim is a minor.

286 (4) POSTCONVICTION TESTING.—If, for any reason, the  
287 testing requested under subsection (2) has not been undertaken,  
288 then upon request of the victim or the victim's legal guardian,  
289 or the parent or legal guardian of the victim if the victim is a  
290 minor, the court shall order the offender to undergo hepatitis  
291 and HIV testing following conviction or delinquency  
292 adjudication. The testing shall be performed under the direction  
293 of the Department of Health, and the results shall be disclosed  
294 in accordance with the provisions of subsection (3).

298 petition for delinquency to have committed or been adjudicated  
299 delinquent for an offense described in subsection (2) has  
300 undergone hepatitis and HIV testing voluntarily or pursuant to  
301 procedures established in s. 381.004(3)(h)6. or s. 951.27, or  
302 any other applicable law or rule providing for hepatitis and HIV  
303 testing of criminal defendants, inmates, or juvenile offenders,

305 adjudication for the offense for which he or she was charged or  
306 alleged by petition for delinquency to have committed; and

307 (b) The results of such hepatitis and HIV testing have  
308 been furnished to the victim or the victim's legal guardian, or  
309 the parent or legal guardian of the victim if the victim is a

314 (2) has not been tested under subsection (2), but undergoes  
315 hepatitis and HIV testing during his or her incarceration,  
316 detention, or placement, the results of the initial hepatitis  
317 and HIV testing shall be disclosed in accordance with the  
318 provisions of subsection (3). Except as otherwise requested by  
319 the victim or the victim's legal guardian, or the parent or  
320 guardian of the victim if the victim is a minor, if the initial

326 for each test administration. Where the inmate or juvenile  
327 offender has previously been tested pursuant to subsection (2)  
328 the request for disclosure under this subsection shall be

330 results conducted within 1 year of the test performed pursuant  
331 to subsection (2). If the hepatitis and HIV testing is performed  
332 by an agency other than the Department of Health, that agency  
333 shall be responsible for forwarding the test results to the  
334 Department of Health for disclosure in accordance with the  
335 provisions of subsection (3). This subsection shall not be  
336 limited to results of hepatitis and HIV tests administered  
337 subsequent to June 27, 1990, but shall also apply to the results  
338 of all hepatitis and HIV tests performed on inmates convicted of
