Amendment (with title amendment)

Between lines 2255 and 2256, insert:

Section 16. Subparagraph 8. of paragraph (7)(a) is added to section 403.067, Florida Statutes, to read:

(7) DEVELOPMENT OF BASIN MANAGEMENT PLANS AND IMPLEMENTATION OF TOTAL MAXIMUM DAILY LOADS.-

(a) Basin management action plans.-

8. The department shall form a working group in areas where sewage treatment and disposal systems represent a source of excess nitrate-nitrite in springs or spring systems that must be controlled in order to meet a total maximum daily load adopted under subsection (6). The working group shall consist of no more than nine active members and shall include representatives from the department, the Department of Health,

Amendment No. 4

18 relevant local governments, and relevant local public and
19 private wastewater utilities. The working group is responsible
20 for:

21 a. Collecting and evaluating credible scientific
22 information on the effects of nutrients, particularly forms of
23 nitrogen, on springs and spring systems;

24 b. Developing and implementing a public education plan to
25 provide area residents with reliable, understandable information
26 about onsite sewage treatment and disposal systems and springs;
27 and

28 c. Developing projects necessary to reduce the nutrient
29 impacts from onsite sewage treatment and disposal systems.

30
31 The department shall award funds to implement this subparagraph
32 contingent on a specific appropriation in the General
33 Appropriations Act, which may include all or part of the costs
34 associated with the following: public education, construction of
35 central wastewater facilities, construction of property owner
36 connection to central wastewater facilities, one-time impact
37 fees associated with property owner connection to central
38 wastewater facilities, or the addition of effective nitrate-
39 nitrite reducing features to existing onsite sewage treatment
40 and disposal systems. In awarding funds for fixed capital
41 outlay projects, the department may consider expected nutrient
42 reduction benefit per unit cost, size and scope of the project,
43 relative local financial contribution to the project, income

Amendment No. 4

44 levels of affected customers and other measures of community
45 financial impact, and other considerations necessary to assure
46 prudent and timely expenditure of funds and successful project
47 outcomes.
