### SUMMARY ANALYSIS

With parental consent, an individual may join one of the military branches upon reaching the age of 17. Florida has 29 military bases throughout the state and over 100,000 military personnel are stationed in Florida.

While being employed by the military, or when traveling for military and personal purposes, these individuals will sometimes be required to procure accommodations at a public lodging establishment in the State of Florida. In some cases, public lodging establishments in Florida restrict renting to individuals over a certain age, with restrictions in place as high as 25 years of age.

The bill requires a public lodging establishment classified as a hotel, motel, or bed and breakfast inn to waive any minimum age policy it may have that restricts accommodations to individuals based on age for individuals who are currently on active duty as a member of the United States Armed Forces, the National Guard, Reserve Forces, or Coast Guard and who present a valid military identification card or Common Access Card (CAC).

Duplication of the presented military identification card is prohibited by this bill.

The bill does not appear to have a fiscal impact on state or local governments.

The bill has an effective date of July 1, 2015.

## FULL ANALYSIS

### I. SUBSTANTIVE ANALYSIS

#### A. EFFECT OF PROPOSED CHANGES:

##### Current Situation

The Division of Hotels and Restaurants (Division) within the Department of Business and Professional Regulation (Department) is the state agency charged with enforcing the provisions of ch. 509, F.S., and all other applicable laws relating to the inspection and regulation of public lodging establishments<sup>1</sup> and public food service establishments for the purpose of protecting the public health, safety, and welfare.

Section 509.092, F.S., allows an operator of a public lodging establishment to refuse accommodations or services to any person who is "objectionable or undesirable to the operator; however, such refusal may not be based upon race, creed, color, sex, physical disability, or national origin." Notably, operators may refuse to accommodate a person based on age, and many hotels set a minimum age requirement for renting, in some circumstances up to 21 or 25 years of age.<sup>2</sup>

##### Types of Military Identification Cards

###### *Common Access Cards (CAC)*

A CAC card<sup>3</sup> is the standard identification for active duty uniformed service personnel, Selected Reserve, Department of Defense (DoD) civilian employees, and eligible contractor personnel.<sup>4</sup> This card is also used to access buildings and controlled spaces, and it provides access to DoD computer networks and systems.<sup>5</sup> There are four different types of CAC cards. The use of the card depends on the component/Command that an individual supports and each component/Command can customize the CAC card to meet its specific needs.<sup>6</sup>

###### *Uniformed Services ID Card*

A Uniformed Services ID Card<sup>7</sup> (commonly referred to as a military id card) is **ONLY** for military retirees or active duty military family members. The card allows access to various military service benefits or privileges.<sup>8</sup> There are seven types of Uniformed Services ID Cards and the benefits associated with each card depend on who the individual is.<sup>9</sup>

##### Effect of the Bill

The bill requires a public lodging establishment classified as a hotel, motel, or bed and breakfast inn to waive any minimum age policy it may have that restricts accommodations to individuals based on age for individuals who are currently on active duty as a member of the United States Armed Forces, the

National Guard, Reserve Forces, or Coast Guard and who present a valid military identification card or common access card (CAC card). This includes individuals who are currently 17 and who have joined a military branch with parental consent.

Duplication of the presented military identification card is prohibited by this bill.

Accommodations at public lodging establishments are a form of either express or implied contract, and generally such establishments require the individual who is renting to be of legal age to form a contract.<sup>10</sup> Individuals who are under the age of 18 are able to form contracts; however, these contracts are generally seen as voidable by the minor.<sup>11</sup>

In such cases, it is unclear whether a minor who has not prepaid must fulfill his or her contractual obligations if he or she attempts to void the contract after the accommodations have been provided, but before payment is made. The public lodging establishment may require prepayment as a prerequisite for providing accommodations to a minor.

**B. SECTION DIRECTORY:**

**Section 1** creates s. 509.095, F.S., requiring waiver of age requirements for individuals with a valid military identification card or a Common Access Card.

**Section 2** provides an effective date of July 1, 2015.

### III. COMMENTS

#### A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

Not Applicable. This bill does not appear to affect county or municipal governments.

2. Other:

None.

#### B. RULE-MAKING AUTHORITY:

None.

#### C. DRAFTING ISSUES OR OTHER COMMENTS:

As noted above, a Uniformed Services ID Card is only used by veterans or active duty military family members. Common Access Cards are the standard identification for active duty uniformed service personnel. The intent of CS/HB 277 is to require a public lodging establishment to waive age restrictions for individuals who are currently on active duty as a member of the United States Armed Forces, the National Guard, Reserve Forces, or Coast Guard. Thus, requiring proof of a Uniformed Services ID Card does not appear to be consistent with the bill's intent.

### IV. AMENDMENTS/ COMMITTEE SUBSTITUTE CHANGES

On February 3, 2015, the Business & Professions Subcommittee adopted three amendments and reported the bill favorably as a committee substitute. The amendments clarified that the type of identification used in this bill included a valid military identification card or CAC card by an individual on active duty for the United States Armed Forces, National Guard, Reserve Forces, or Coast Guard.

The amendments also clarified that a public lodging establishment must waive their minimum age policy, and that duplication of a military identification card presented is prohibited.

The staff analysis is drafted to reflect the committee substitute.

1 A bill to be entitled  
 2 An act relating to public lodging establishments;  
 3 creating s. 509.095, F.S.; requiring specified public  
 4 lodging establishments to waive certain policies for  
 5 individuals who present a valid military

9  
 10 Be It Enacted by the Legislature of the State of Florida:

11  
 12 Section 1. Section 509.095, Florida Statutes, is created  
 13 to read:

14 509.095 Accommodations at public lodging establishments  
 15 for individuals with a valid military identification card.—Upon  
 16 the presentation of a valid military identification card or  
 17 Common Access Card by an individual who is currently on active  
 18 duty as a member of the United States Armed Forces, National  
 19 Guard, Reserve Forces, or Coast Guard, and who seeks to obtain  
 20 accommodations at a hotel, motel, or bed and breakfast inn, as  
 21 defined in s. 509.242, such hotel, motel, or bed and breakfast  
 22 inn shall waive any minimum age policy that it may have which  
 23 restricts accommodations to individuals based on age.  
 24 Duplication of military identification cards and Common Access  
 25 Cards presented pursuant to this section is prohibited.

26 Section 2. This act shall take effect July 1, 2015.

# **Florida Veterans' Memorial Garden and Walk of Honor Status Report**

## **Background**

A proposal was made by the Florida Veterans Foundation on 22 October, 2013 to the Florida Department of Veterans' Affairs (FDVA) and the Department of Management Services (DMS), to propose legislation to create a Florida Veterans' Memorial on the grounds of the House Office Building garden area, and a Florida Veterans' Walk of Honor in the courtyard area between the Old Capitol and New Capitol.

## **Legislative History**

Legislation (House Bill 7015) was passed by the Florida Legislature during the 2014 legislative session and signed into law by Governor Scott on 31 March 2014, (s.265.0031, F.S.), authorizing the Florida Veterans Foundation to plan, design, and construct the Florida Veterans' Memorial Garden and Florida Veterans' Walk of honor. It directs DMS, in consultation with the Florida Veterans Foundation to make available space for this purpose.

After surveying the Capital Grounds, it was decided that the most appropriate location for the Memorial Garden and the actual Memorial itself would be between the front of the House office building and Monroe St. Please see slides # 2 & 3. A decision was made to locate the Florida Veterans' Walk of Honor centered between the old and new capitols. Please see slide # 4.

## **Original Time Line**

The original time line for the construction of the Memorial Garden had to be cancelled due to a DMS emergency program to repair the House Office Building underground parking facility, which included plans to excavate all of the soil in the general area where the Memorial Garden is to be located. This information was learned shortly after the Legislature had approved construction of the Memorial Garden and Walk of Honor. Information received from DMS was that it may be 2017 before the underground garage program is completed. As a result of this information, the Florida Veterans Foundation was forced to change plans for the construction of the Memorial Garden. The original plan was to complete the planning stage by early June, 2014, start construction around 1 July, 2014, complete construction around 15 September, 2014, install ground cover, plants, etc., between 15 September, 2014 and 30 October, 2014, and have the grand opening on 11 November, 2014, in conjunction with Veterans Day.

## **Planning for the Florida Veterans' Walk of Honor**

The first step in planning for the Veterans' Walk of Honor was to choose a final design. This was in conjunction with DMS, architects Lewis & Whitlock, and the Florida Veterans Foundation. A decision between a curved walkway and a straight walkway had to be made. A final decision was made in favor of a straight walkway, which is shown on Slide "4". A decision was also made on the layout of the brick and pavers within the walkway and the Medal of Honor Center Node. Please see Slide "5". A decision had to also be made as to the length and width of the Walk of Honor and where it would begin and end. Please see Slide "4". It is also

the desire of the Florida Veterans Foundation to extend the walkway of the Veterans' Walk of Honor to the Memorial Garden. Please see Slide "4". We obtained an artist drawing/rendering of the Walk of Honor, and our next step was to obtain architectural construction drawings of the Walk of Honor. We also obtained a brick color scheme to be used throughout the Walk of Honor and the Court of Honor. This decision was made by a committee made up of members of DMS, the Florida Veterans Foundation, and a color match expert from Architects Lewis and Whitlock. Next in the process was making a survey of brick suppliers in order to determine quality, methods of engraving, contrast requirements, warranty of the materials to include shade, fade, cracking, guarantee of color in engraved lettering shipping cost, response time, and cost of finished bricks. We studied brick samples from different companies and were looking for a veteran owned business in this process.
