Subject: Please Calenday HB 175 in Economic Development & Tourism

February 4, 2015

The Honorable Frank Artiles
Chair, Economic Development & Tourism Subcommittee
Florida House of Representatives
204 House Office Building
402 S. Monroe Street
Tallahassee, FL 32399

Dear Chair Artiles:

I am the sponsor of HB 175 Relating to Electronic Commerce. The bill would create the "Computer Abuse & Data Recovery Act". It would create a civil cause of action for knowingly, and with intent to cause harm, misusing or misappropriating the protected computer, program, and/or password information of another, which results in damages to the owner of the computer or computer information.

I am pleased that HB 175 has now been referred to your committee for consideration. Please consider placing HB 175 on the next scheduled meeting of the Economic Development & Tourism Subcommittee.

Should you have any concerns or require further clarification or information, please do not hesitate to contact me. Thank you in advance for your favorable consideration of this request.

Sincerely,

Ross Spano
State Representative, District 59

Re: HB 197 – Tracking Devices or Applications

Dear Chair Artiles:

I am pleased to be the sponsor of House Bill 197, related to Tracking Devices and Applications. I respectfully request that this bill be placed on an agenda for hearing before the Economic Development & Tourism Subcommittee. In general, HB 197 would prohibit the installation of tracking devices or tracking applications on a person or their property, without that person's consent. Certain exceptions for proper uses of this technology are provided, including tracking in connection with lawful criminal investigations, parents tracking their children, tracking of an elderly or disabled person for safety reasons with a treating physician's certification, and in good faith for legitimate business purposes. The objective of the legislation is to prohibit the installment of this technology onto a person or their possession without their consent, for the purpose of invading their personal privacy or for stalking purposes. For additional background information I am enclosing a copy of an article entitled "Separating Stalkers from Tracking Technology" which appeared in the September 2014 addition of *State Legislatures* magazine.

I look forward to presenting this sound bill to your subcommittee. Thank you.

Respectfully,

A handwritten signature in black ink, appearing to read "Larry Metz".
