Number 27

Thursday, February 22, 2024

The House was called to order by the Speaker at 2:00 p.m.

## Prayer

The following prayer was offered by House Chaplain Tim Perrier, upon invitation of the Speaker:

The Apostle Paul ended his letter to the Philippian Church with these words: All the saints greet you, especially those in Caesar's household. Paul's words were a reminder that many times God has His saints serving in unexpected places.

Father, we're grateful for all the saints You have serving in this House. We're grateful for all the saints You have serving in the Speaker's Office, and all the saints You have serving in the Minority Office. Lord, give them wisdom, energy, and grace as they work together for over 20 million citizens of our state.

Lord, we're grateful for the saints who serve in the Sergeant's Office and the saints serving with the Capitol Police, as they keep us safe and secure in this building; we're grateful for them.

Father, thank You for the saints who keep our computers running, and keep our offices clean, who work long hours and miss meals at home, and time with their families. Bless them as they are separated from their loved ones.

Father, thank You for all these saints and many more we didn't mention. Bless the work of their hands, and encourage the work of their hearts, as we join the Apostle Paul in giving thanks for the saints You have assembled in the Florida House.

And all of God's saints said, Amen.

a. Infinite scrolling with continuous loading content, or content that loads as the user scrolls down the page without the need to open a separate page; or seamless content, or the use of pages with no visible or apparent breaks.

b. Push notifications or alerts sent by the online forum, website, or application to inform a user about specific activities or events related to the user's account.

c. Displays personal interactive metrics that indicate the number of times other users have clicked a button to indicate their reaction to content or have shared or reposted the content.

(h) "Standard age verification method" means any commercially reasonable method of age verification approved by the social media platform.

(2)(a) A social media platform that uses any of the design features specified in subparagraphs (1)(g)1. and 2. on the daily active users on the social media platform who are younger than 16 years of age and that has had 10 percent or more of such daily active users spend, on average, at least 2 hours per day on the social media platform shall do all of the following:

1. Prohibit a minor who is younger than 16 years of age from entering into a contract with a social media platform to become an account holder.

2. Verify the age of each account holder on the social media platform at the time a new account is created. If an account holder fails to verify his or her age, the social media platform must deny the account. Either an anonymous age verification method or a standard method must be used to verify age. The social media platform shall offer an anonymous age verification method and may offer a standard age verification method. If both methods are offered, a potential account holder may select which method will be used to verify his or her age.

3. If age verification is performed using an anonymous age verification method, ensure that the requirements of s. 501.1738 are met.

(b) A social media platform that uses any of the design features specified in subparagraphs (1)(g)1. and 2. on the daily active users on the social media platform who are younger than 16 years of age and that has had 10 percent or more of such daily active users spend, on average, at least 2 hours per day on the social media platform shall do the following for existing accounts:

3. Allow the confirmed parent or guardian of an account holder younger than 16 years of age to request the minor's account be terminated. Termination must be effective within 10 business days after such request.

4. Permanently delete all personal information held by the social media platform relating to the terminated account, unless there are legal requirements to maintain such information.

(3)(a) Any knowing or reckless violation of subsection (2) is deemed an unfair and deceptive trade practice actionable under part II of this chapter solely by the department against a social media platform. If the department has reason to believe that a social media platform is in violation of subsection (2), the department, as the enforcing authority, may bring an action against such platform for an unfair or deceptive act or practice. For the purpose of bringing an action pursuant to this section, ss. 501.211 and 501.212 do not apply. In addition to other remedies under part II of this chapter, the department may collect a civil penalty of up to \$50,000 per violation and reasonable attorney fees and court costs. When the social media platform's failure to comply with subsection (2) is a consistent pattern of knowing or reckless conduct, punitive damages may be assessed against the social media platform.

(b) A third party that knowingly or recklessly performs age verification for a social media platform in violation of s. 501.1738 is deemed to have committed an unfair and deceptive trade practice actionable under part II of this chapter solely by the department against such third party. If the department has reason to believe that the third party is in violation of s. 501.1738, the department, as the enforcing authority, may bring an action against such third party for an unfair or deceptive act or practice. In addition to other remedies under part II of this chapter, the department may collect a civil penalty of up to \$50,000 per violation and reasonable attorney fees and court costs.

(4)(a) A social media platform that knowingly or recklessly violates subparagraph (2)(b)2. or subparagraph (2)(b)3. for failing to terminate an account within the required time after being notified to do so by the minor account holder or a confirmed parent or guardian is liable to such minor account holder for failing to terminate the account, including court costs and reasonable attorney fees as ordered by the court. Claimants may be awarded up to \$10,000 in damages.

(b) A civil action for a claim under this subsection must be brought within 1 year after the violation.

(5) Any action brought under subsection (3) or subsection (4) may only be brought on behalf of a minor account holder.

(6) For purposes of bringing an action in accordance with subsection (3) or subsection (4), a social media platform that allows a minor account holder younger than 16 years of age to create an account on such platform is considered to be both engaged in substantial and not isolated activities within this state and operating, conducting, engaging in, or carrying on a business and doing business in this state, and is therefore subject to the jurisdiction of the courts of this state.

(7) If a social media platform allows an account holder to use the social media platform, the parties have entered into a contract.

(8) This section does not preclude any other available remedy at law or equity.

(9) The department may adopt rules to implement this section.

(b) An Internet service provider or its affiliates or subsidiaries, a search engine, or a cloud service provider does not violate this section solely for providing access or connection to or from a website or other information or content on the Internet or a facility, system, or network not under the provider's control, including transmission, downloading, intermediate storage, or access software, to the extent the provider is not responsible for the creation of the content of the communication which constitutes material harmful to minors.

(5)(a) Any violation of subsection (2) or subsection (3) is deemed an unfair and deceptive trade practice actionable under part II of this chapter solely by the department on behalf of a resident minor against a commercial entity. If the department has reason to believe that a commercial entity is in violation of subsection (2) or subsection (3), the department, as the enforcing authority, may bring an action against the commercial entity for an unfair or deceptive act or practice. For the purpose of bringing an action pursuant to this section, ss. 501.211 and 501.212 do not apply. In addition to any other remedy under part II of this chapter, the department may collect a civil penalty of up to \$50,000 per violation and reasonable attorney fees and court costs. When the commercial entity's failure to comply with subsection (2) or subsection (3) is a consistent pattern of conduct of the commercial entity, punitive damages may be assessed against the commercial entity.

(b) A third party that performs age verification for a commercial entity in violation of s. 501.1738 is deemed to have committed an unfair and deceptive trade practice actionable under part II of this chapter solely by the department against such third party. If the department has reason to believe that the third party is in violation of s. 501.1738, the department, as the enforcing authority, may bring an action against such third party for an unfair or deceptive act or practice. For the purpose of bringing an action pursuant to this section, ss. 501.211 and 501.212 do not apply. In addition to other remedies under part II of this chapter, the department may collect a civil penalty of up to \$50,000 per violation and reasonable attorney fees and court costs.

(c) A commercial entity that violates subsection (2) for failing to prohibit or block a minor from future access to material harmful to minors after a report of unauthorized or unlawful access is liable to the minor for such access, including court costs and reasonable attorney fees as ordered by the court. Claimants may be awarded up to \$10,000 in damages. A civil action for a claim under this paragraph must be brought within 1 year after the violation.

(d) Any action under this subsection may only be brought on behalf of or by a resident minor.

(6) For purposes of bringing an action under subsection (5), a commercial entity that publishes or distributes material harmful to minors on a website or application, if the website or application contains a substantial portion of material harmful to minors and such website or application is available to be accessed in this state, is considered to be both engaged in substantial and not isolated activities within this state and operating, conducting, engaging in, or carrying on a business and doing business in this state, and is therefore subject to the jurisdiction of the courts of this state.

(7) This section does not preclude any other available remedy at law or equity.

Votes after roll call:

Yeas to Nays—Harris

**Explanation of Vote for Sequence Number 662**

Although I am unsure that this bill poses any serious First Amendment issue or triggers strict scrutiny, I nonetheless note the following: (1) this bill advances a compelling state interest, the protection of children from addicting social media, (2) this bill is content and viewpoint neutral in that it regulates the manner in which a social media site is designed and operated and does not target any particular viewpoint or content, (3) this bill leaves open substantial alternative means of expression, including any other media, even nonaddictive social media. As such, this legislation easily survives any level of scrutiny and passes constitutional muster.

*Rep. Mike Beltran  
District 70*

**Explanation of Vote for Sequence Number 662**

I cannot in good conscience vote for legislation that is likely unconstitutional. Though I agree more needs to be done in protecting our youth on social media, this bill continues to go too far in taking away parents' rights and banning social media usage -- and thus First Amendment Rights -- for young Floridians.

*Rep. Anna V. Eskamani  
District 42*

So the bill passed, as amended. The action was certified to the Senate and the bill was ordered enrolled after engrossment.

*The Honorable Paul Renner, Speaker*

I am directed to inform the House of Representatives that the Senate has passed CS for HB 1377, with 1 amendment, by the required Constitutional two-thirds vote of all members present and voting, and requests the concurrence of the House.

*Tracy C. Cantella, Secretary*

**CS/HB 1377**—A bill to be entitled An act relating to public records; amending s. 501.1736, F.S.; providing an exemption from public records requirements for information relating to investigations by the Department of Legal Affairs of certain social media violations; authorizing the department to disclose such information for specified purposes; providing a definition;

providing for future legislative review and repeal of the exemption; providing a statement of public necessity; providing a contingent effective date.

(Amendment Bar Code: 698496)

**Senate Amendment 1 (with title amendment)—**

Delete everything after the enacting clause

and insert:

Section 1. Present subsection (9) of section 501.1736, Florida Statutes, as created by HB 1 or similar legislation, 2024 Regular Session, is redesignated as subsection (10), and a new subsection (9) is added to that section, to read:

501.1736 Social media use for minors.—

(9)(a) All information held by the department pursuant to a notification of a violation under this section or an investigation of a violation of this section is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution, until such time as the investigation is completed or ceases to be active. This exemption shall be construed in conformity with s. 119.071(2)(c).

(b) During an active investigation, information made confidential and exempt pursuant to paragraph (a) may be disclosed by the department:

1. In the furtherance of its official duties and responsibilities;

2. For print, publication, or broadcast if the department determines that such release would assist in notifying the public or locating or identifying a person that the department believes to be a victim of an improper use or disposal of customer records, except that information made confidential and exempt by paragraph (c) may not be released pursuant to this subparagraph; or

3. To another governmental entity in the furtherance of its official duties and responsibilities.

(c) Upon completion of an investigation or once an investigation ceases to be active, the following information held by the department shall remain confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution:

1. Information that is otherwise confidential or exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

2. Personal identifying information.

3. A computer forensic report.

4. Information that would otherwise reveal weaknesses in the data security of a social media platform.

5. Information that would disclose the proprietary information of a social media platform.

(d) For purposes of this section, the term "proprietary information" means information that:

1. Is owned or controlled by the social media platform.

2. Is intended to be private and is treated by the social media platform as private because disclosure would harm the social media platform or its business operations.

3. Has not been disclosed except as required by law or a private agreement that provides that the information will not be released to the public.

4. Is not publicly available or otherwise readily ascertainable through proper means from another source in the same configuration as received by the department.

5. Reveals competitive interests, the disclosure of which would impair the competitive advantage of the social media platform that is the subject of the information.

(e) This subsection is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2029, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 2. The Legislature finds that it is a public necessity that all information held by the Department of Legal Affairs pursuant to a notification of a violation of s. 501.1736, Florida Statutes, or an investigation of a violation of that section, be made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution for the following reasons:

(1) A notification of a violation of s. 501.1736, Florida Statutes, may result in an investigation of such violation. The premature release of such information could frustrate or thwart the investigation and impair the ability of the department to effectively and efficiently administer s. 501.1736, Florida

Statutes. In addition, release of such information before completion of an active investigation could jeopardize the ongoing investigation.

(2) Release of information that is otherwise confidential or exempt from public records requirements once an investigation is completed or ceases to be active would undo the specific statutory exemption protecting that information, thus clarifying that any protections currently afforded to such information are not removed.

(3) An investigation of a violation of s. 501.1736, Florida Statutes, is likely to result in the gathering of sensitive personal identifying information, which could include identification numbers, unique identifiers, professional or employment-related information, and personal financial information. Such information could be used for the purpose of identity theft. The release of such information could subject families to possible privacy violations, as it would reveal information of a sensitive personal nature.

(4) Notices received by the department and information generated during an investigation of a violation of s. 501.1736, Florida Statutes, are likely to contain proprietary information. Such information derives independent, economic value, actual or potential, from being generally unknown to, and not readily ascertainable by, other persons who might obtain economic value from its disclosure or use. Allowing public access to proprietary information through a public records request could destroy the value of the proprietary information and cause a financial loss to the social media platform. Release of such information could give business competitors an unfair advantage.

(5) Information held by the department may contain a computer forensic report or information that could reveal weaknesses in the data security of a social media platform. The release of this information could result in the identification of vulnerabilities in the cybersecurity system of the social media platform and be used to harm the social media platform and its clients.

(6) The harm that may result from the release of information held by the department pursuant to a notification or investigation of a violation of s. 501.1736, Florida Statutes, could impair the effective and efficient administration of the investigation and thus outweighs the public benefit that may be derived from the disclosure of the information.

Section 3. Present subsection (8) of section 501.1737, Florida Statutes, as created by HB 1 or similar legislation, 2024 Regular Session, is redesignated as subsection (9), and a new subsection (8) is added to that section, to read:

501.1737 Age verification for online access to materials harmful to minors.—

(8)(a) All information held by the department pursuant to a notification of a violation under this section or an investigation of a violation of this section is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution, until such time as the investigation is completed or ceases to be active. This exemption shall be construed in conformity with s. 119.071(2)(c).

(b) During an active investigation, information made confidential and exempt pursuant to paragraph (a) may be disclosed by the department:

1. In the furtherance of its official duties and responsibilities;

2. For print, publication, or broadcast if the department determines that such release would assist in notifying the public or locating or identifying a person whom the department believes to be a victim of an improper use or disposal of customer records, except that information made confidential and exempt by paragraph (c) may not be released pursuant to this subparagraph; or

3. To another governmental entity in the furtherance of its official duties and responsibilities.

(c) Upon completion of an investigation or once an investigation ceases to be active, the following information held by the department shall remain confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution:

1. Information that is otherwise confidential or exempt from s. 119.07(1) or s. 24(a), Art. I of the State Constitution.

2. Personal identifying information.

3. A computer forensic report.

4. Information that would otherwise reveal weaknesses in the data security of the commercial entity.

5. Information that would disclose the proprietary information of the commercial entity.

(d) For purposes of this subsection, the term "proprietary information" means information that:

1. Is owned or controlled by the commercial entity.

2. Is intended to be private and is treated by the commercial entity as private because disclosure would harm the commercial entity or its business operations.

3. Has not been disclosed except as required by law or a private agreement that provides that the information will not be released to the public.

4. Is not publicly available or otherwise readily ascertainable through proper means from another source in the same configuration as received by the department.

5. Reveals competitive interests, the disclosure of which would impair the competitive advantage of the commercial entity that is the subject of the information.

(e) This subsection is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2029, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 4. The Legislature finds that it is a public necessity that all information held by the Department of Legal Affairs pursuant to a notification of a violation of s. 501.1737, Florida Statutes, or an investigation of a violation of that section, be made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution for the following reasons:

(1) A notification of a violation of s. 501.1737, Florida Statutes, may result in an investigation of such violation. The premature release of such information could frustrate or thwart the investigation and impair the ability of the department to effectively and efficiently administer s. 501.1737, Florida Statutes. In addition, release of such information before completion of an active investigation could jeopardize the ongoing investigation.

(2) Release of information that is otherwise confidential or exempt from public records requirements once an investigation is completed or ceases to be active would undo the specific statutory exemption protecting that information, thus clarifying that any protections currently afforded to that information are not removed.

(3) An investigation of a violation of s. 501.1737, Florida Statutes, is likely to result in the gathering of sensitive personal identifying information, which could include identification numbers, unique identifiers, professional or employment-related information, and personal financial information. Such information could be used for the purpose of identity theft. The release of such information could subject individuals to possible privacy violations, as it would reveal information of a sensitive personal nature.

(4) Notices received by the department and information generated during an investigation of a violation of s. 501.1737, Florida Statutes, are likely to contain proprietary information. Such information derives independent, economic value, actual or potential, from being generally unknown to, and not readily ascertainable by, other persons who might obtain economic value from its disclosure or use. Allowing public access to proprietary information through a public records request could destroy the value of the proprietary information and cause a financial loss to the commercial entity. Release of such information could give business competitors an unfair advantage.

(5) Information held by the department may contain a computer forensic report or information that could reveal weaknesses in the data security of the commercial entity. The release of this information could result in the identification of vulnerabilities in the cybersecurity system of the commercial entity and be used to harm the commercial entity and its clients.

(6) The harm that may result from the release of information held by the department pursuant to a notification or investigation by the department of a violation of s. 501.1737, Florida Statutes, could impair the effective and efficient administration of the investigation and thus outweighs the public benefit that may be derived from the disclosure of the information.

Section 5. This act shall take effect on the same date that HB 1 or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

Explanation of Vote for Sequence Number 670

Research on crime deterrence shows that increasing punishment severity does little to prevent crime. This is partly because criminals seldom know the legal sanctions for specific crimes. Increasing the chance of being caught is a more effective deterrent. It should also be noted that Florida last year enhanced criminal punishment for retail theft. It would be better for more data to be collected on current law and then explore potential policy changes.

### Explanation of Vote for Sequence Number 570

I wholeheartedly denounce the head of CAIR National's hateful comments regarding my people; I understand that the mission of CAIR is to improve relations with the Muslim Community, and their current leadership is failing to uphold this mission.

This resolution could have easily been to denounce the head of CAIR, and he stepped down and removed himself rather than cut all ties with this organization, especially when we see divisions among people. We should be encouraging. We must continue to work towards uniting our communities. That is the ideal way to ensure safety for all of us.
