

The Journal OF THE House of Representatives

Number 33

Monday, March 4, 2024

The House was called to order by the Speaker at 10:30 a.m.

Prayer

The following prayer was offered by Pastor Charles Fulton of Fellowship Baptist Church of Tallahassee, upon invitation of the Speaker *pro tempore*:

Our heavenly Father, I thank You for these men and women who have given of their time and talent to serve our great state of Florida. We recognize their commitment and sacrifice. We're grateful for what they've accomplished during this time together. They're among the best of the men and women of our state and of our nation, but always help us to remember that we're but men and women, even at our best.

And, therefore, I trust that they will seek Your wisdom and Your guidance as they propose, and deliberate, and determine the future of our great state. And when they leave this place, may they experience a sense of satisfaction knowing that they've done their very best for the people they serve.

The task has not been easy; the responsibilities are great; the hours are long; and we're grateful that they've not grown weary in well-doing.

Keep them safe. Keep them healthy. Keep them strong.

In Jesus' name, Amen.

Remarks by the Speaker

During our first week of session, if you'll remember, we came together to conduct official business in the Historic Capitol, commemorating 200 years of Tallahassee being selected as our state capital by the surveyors from the colonies of East and West Florida.

Today, as we begin our final week of session together, it's another bicentennial milestone for Tallahassee. On March 4th, 1824, Governor William Duval, Florida's first territorial governor, issued a proclamation naming Tallahassee as the capital of our great state.

In these last days of the 2024 Regular Session, as we stand on the grounds where our laws have been made and debated for now two centuries, let's stand with firm feet on the foundation of our past, and with our eyes focused on the future.

SM 370—A memorial to the Congress of the United States, urging Congress to add spaceports as a qualified tax-exempt category of private activity bonds.

WHEREAS, commercial investment in space and space transportation is driving the requirements for spaceport sites, operating environments, and infrastructure, and

WHEREAS, this state has acted decisively to integrate space transportation into the fabric of its statewide strategic intermodal system, and

WHEREAS, in 1999, state leaders made a landmark decision to designate space as an official mode of transportation and spaceports as the associated transportation facilities, which gave space standing within the Department of Transportation similar to that of other long-established modes of transportation, such as airports and docks and wharfs, and

WHEREAS, space is not simply a program; it is a collection of high-value destinations for freight and people, and these destinations require safe, reliable, and sustainable transportation operating on market-driven schedules, and

WHEREAS, in order for this state to become the planet's premiere transportation hub for global space commerce; to facilitate the logistics and transport of commodities, materials, human crew, and robotic systems to operate facilities in various orbits, at Earth-lunar waypoints, and on the moon; and to become the primary port of entry into Earth's marketplace for

products from space, spaceports should qualify as private activity bonds financing-exempt facilities under the Internal Revenue Code, and

WHEREAS, this qualification will encourage more investment in aerospace infrastructure, ensuring that this state remains at the forefront of the space economy, and

WHEREAS, in the face of growing competition from China and others, the aggressive development of infrastructure in Florida, the dominant state in the commercial space economy, is key to maintaining the United States' leadership in space, and

Explanation of Vote for Sequence Number 786

I have concerns regarding the TDT language in this bill and the negative impact it will have on our local communities.

*Rep. Christine Hunschofsky
District 95*

Explanation of Vote for Sequence Number 740

As an attorney specializing in civil rights, I have and continue to combat discrimination. With a background in international human rights, I also stand against violence against both Jews and Palestinians—especially noncombatant civilians, over 30,000 of whom have been killed to date in what the International Court of Justice has determined may plausibly be “genocide” by Israel.

While the actual IHRA definition in Section 1(s) is laudable, I disfavor the nonbinding “contemporary examples” enumerated in subsections (g), (j), and (h) because, inter alia, the definition's drafters have repeatedly explained they were never intended for codification, and the European inaction that birthed the definition are inapposite to the U.S. which has and enforces laws prohibiting race and religious-based discrimination. The IHRA definition has sometimes been weaponized against those peacefully protesting. To mitigate against this potential abuse, I participated in negotiations for amendments to include language from HB 741 to ensure that criticism of Israel does not constitute antisemitism; and that this new law should not be construed to impair First Amendment protections under the U.S. Constitution, or conflict with antidiscrimination protections (e.g. against Islamophobia or anti-Arab/Palestinian discrimination).

Explanation of Vote for Sequence Number 786

I am concerned about the TDT language in this bill and the negative impacts it will have on our communities, locally.
