

The Journal OF THE House of Representatives

Number 35

Wednesday, March 6, 2024

The House was called to order by the Speaker at 10:30 a.m.

Prayer

The following prayer was offered by Commissioner Mel Ponder of the Okaloosa County Commission and a former member of the Florida House of Representatives, upon invitation of Rep. Grant:

I'm able to retell this devotion today as the one that was given several years back by Representative Clay Ingram. Why? Because it applies to us and our work still, today, when we meet together in this Chamber. It deals with some of the heroes of our faith, and it goes like this:

Noah was a drunk. Abraham was too old. Isaac was a daydreamer. Jacob was a liar. Leah was not attractive. Joseph was abused. Moses had a problem speaking. Gideon was afraid. Sampson was a womanizer. Rahab was a prostitute. Jeremiah was too young. David was an adulterer, not to mention a murderer. Elijah was suicidal. Isaiah preached naked. Jonah ran from God. Naomi was a widow. Job went bankrupt. John the Baptist ate bugs. Andrew lived in the shadow of his big brother. And Peter denied Christ.

All the disciples fell asleep while praying and ran away when Jesus needed them the most. Martha worried about everything. The Samaritan woman had been through multiple divorces. Mary Magdalene was demon-possessed. Zacchaeus was too small. Timothy had an ulcer. Paul was a Christian-killer. Oh, and Lazarus—Lazarus is my favorite, for Lazarus was dead.

But, despite their shortcomings and because of their faith in the Almighty, great things, great things were accomplished through them all.

Now, even today, in this political arena in which we all live, many things are said about us—some true, some untrue. But the one thing that we all can agree on, which is absolutely true, is that we are all fallible, imperfect human beings. The good news for us, though, and a lesson to be learned from the heroes of our faith is that even with all of our flaws, with divine help, it is possible.

With divine help it is possible to overcome whatever obstacles stand in our way in order to get our job done for the people we, and You, represent.

Now, please join me in prayer.

Good morning, Lord. We honor You, and we call upon You today.

Thank You for making all things work together for good. Thank You for the joy You set before us, for perseverance, character, and hope. Thank You for allowing us to abide under Your shadow, under Your wings, protecting us, our homes, and our families.

Thank You for Your hands that held us, strengthened us, healed us.

Thank You for Your light that went always before us, behind us, and all around us. And thank You for Your Spirit which always guided us, provided wisdom for us, and comforted us.

Lord, great is Your faithfulness.

Father, today, bless and be with Speaker Renner and this anointed Florida House family. Bless and be with our first responders and all called into harm's way. And, Lord, bless this state and all gathered here today.

Now, Father, may You meet us here again. May Your presence fill these Chambers as we come in for a close this session. May we all look back and boldly declare: I have fought the good fight. I have finished the race. And I have kept the faith.

We love You, Lord. Thank You for loving us.

We ask all this in Your crazy, awesome, amazing, and unmatched name. And everybody said, Amen.

Moment of Silence

The Speaker recognized Speaker *pro tempore* Clemons to offer a moment of silence at the request of the following members:

On behalf of Minority Leader Driskell, Rep. Gottlieb, the Democratic Caucus, and the entire Florida House of Representatives, the House honored Rep. Kelly Skidmore's father, Ralph Nelson Palmer Jr., who passed away March 5, 2024, at the age of 88. Mr. Palmer was born December 28, 1936, in Philadelphia, Pennsylvania, and grew up in and around the New Jersey area. After graduating high school, he joined the United States Marine Corps, after which he worked in a multitude of occupations throughout his life. The last was his time driving a bus at Disney World, which was his favorite.

Section 1. Subsection (14) is added to section 474.202, Florida Statutes, to read:

474.202 Definitions.—As used in this chapter:

(14) “Veterinary telehealth” means the use of synchronous or asynchronous telecommunications technology by a telehealth provider to provide health care services, including, but not limited to, assessment, diagnosis, consultation, treatment, and monitoring of a patient; transfer of medical data; patient and professional health-related education; public health services; and health administration.

(2) A veterinarian who holds a current license to practice veterinary medicine in this state may practice veterinary telehealth.

(3) The board has jurisdiction over a veterinarian practicing veterinary telehealth, regardless of where the veterinarian's physical office is located. The practice of veterinary medicine is deemed to occur when the veterinarian, the patient, or both are located within this state at the time the veterinarian practices veterinary telehealth.

(4) A veterinarian practicing veterinary telehealth:

(a) May not engage in the practice of veterinary telehealth unless it is within the context of a veterinarian/client/patient relationship;

(b) Shall practice in a manner consistent with his or her scope of practice and the prevailing professional standard of practice for a veterinarian who provides in-person veterinary services to patients in this state and shall employ sound, professional judgment to determine whether using veterinary telehealth is an appropriate method for delivering medical advice or treatment to the patient;

(c) May use veterinary telehealth to perform an initial patient evaluation to establish the veterinarian/client/patient relationship if the evaluation is conducted using synchronous, audiovisual communication. The evaluation may not be performed using audio only communications, text messaging, questionnaires, chatbots, or other similar means. If a veterinarian practicing telehealth conducts a patient evaluation sufficient to diagnose and treat the patient, the veterinarian is not required to research a patient's medical history or conduct a physical examination of the patient before using veterinary telehealth to provide a veterinary health care service to the patient;

(d) If the initial patient evaluation is performed using veterinary telehealth, must provide the client with a statement containing the veterinarian's name, license number, and contact information and the contact information for at least one physical veterinary clinic in the vicinity of the patient's location and instructions for how to receive patient follow-up care or assistance if the veterinarian and client are unable to communicate because of a technological or equipment failure or if there is an adverse reaction to treatment, and inform the client that, if medication is prescribed, the client may obtain a prescription that may be filled at the pharmacy of his or her choice. The veterinarian shall obtain from the client a signed and dated statement indicating the client has received the required information before practicing veterinary telehealth;

Prescriptions based solely on a telehealth evaluation may not be renewed without an in-person examination.

2. A veterinarian practicing veterinary telehealth may not order, prescribe, or make available medicinal drugs or drugs as defined in s. 465.003 approved by the United States Food and Drug Administration for human use or compounded antibacterial, antifungal, antiviral, or antiparasitic medications, unless the veterinarian has conducted an in-person physical examination of the animal or made medically appropriate and timely visits to the premises where the animal is kept.

3. A veterinarian may not use veterinary telehealth to prescribe a controlled substance as defined in chapter 893 unless the veterinarian has conducted an in-person physical examination of the animal or made medically appropriate and timely visits within the past year to the premises where the animal is kept.

4. A veterinarian practicing veterinary telehealth may not prescribe a drug or other medication for use on a horse engaged in racing or training at a facility under the jurisdiction of the Florida Gaming Control Commission or on a horse that is a covered horse as defined in the federal Horseracing Integrity and Safety Act, 15 U.S.C. ss. 3051 et seq.;

(f) Shall be familiar with available veterinary resources, including emergency resources, near the patient's location and be able to provide the client with a list of nearby veterinarians who may be able to see the patient in person upon the request of the client;

Explanation of Vote for Sequence Number 895

I empathize with those who have experienced trauma and family separation via communist regimes, but find it disingenuous for Republican colleagues, who constantly say they oppose "indoctrination" in our schools, to sponsor a bill that would require a specific political viewpoint be espoused onto our students. Instead, we should teach our students a holistic perspective of all economic and political systems and engage in critical thinking for them to form their own independent opinions. Ironically, it was communist regimes that dictated what can and can't be taught in schools; we should counter that -- not mimic it.

Explanation of Vote for Sequence Number 914

I am concerned that this the legislation would prevent citizens in their ability to document incidents of police brutality. When we look at the brutal murder of George Floyd, police body camera footage was used in the trial, but the police department described Floyd’s death as a “medical incident.” That was before 17-year-old Darnella Frazier’s cellphone video was released and shook the nation. We need to keep law enforcement safe, but we also need to protect public accountability. I fear that this bill hurts that balance.

So the bill passed, as amended, and was immediately certified to the Senate.

Explanation of Vote for Sequence Number 916

The science does not support the concept of casual exposure to fentanyl leading to a fentanyl overdose. It is "nearly impossible" according to experts. First responders who experience a medical episode in these incidents are more likely experiencing a panic attack, for which the symptoms may look like an overdose to non-doctors. This bill enables the justice system to further disproportionately punish individuals from Black and Brown communities and low-income areas, while doing nothing to make the job of first responders safer or curb addiction. It's a no vote from me.

The subpoena shall inform the party served of its rights under this subsection.

(b) If the matter that the department seeks to obtain by subpoena is located outside the state, the entity or person subpoenaed may make it available to the department or its representative to examine the matter at the place where it is located. access the material may select which method will be used to verify his or her age.

(3) A commercial entity must ensure that the requirements of s. 501.1738 are met.

(4)(a) This section does not apply to any bona fide news or public interest broadcast, website video, report, or event and does not affect the rights of a news-gathering organization.

(b) An Internet service provider or its affiliates or subsidiaries, a search engine, or a cloud service provider does not violate this section solely for providing access or connection to or from a website or other information or content on the Internet or a facility, system, or network not under the provider's control, including transmission, downloading, intermediate storage, or access software, to the extent the provider is not responsible for the creation of the content of the communication which constitutes material harmful to minors.

(5)(a) Any violation of subsection (2) or subsection (3) is deemed an unfair and deceptive trade practice actionable under part II of this chapter solely by the department on behalf of a resident minor against a commercial entity. If the department has reason to believe that a commercial entity is in violation of subsection (2) or subsection (3), the department, as the enforcing authority, may bring an action against the commercial entity for an unfair or deceptive act or practice. For the purpose of bringing an action pursuant to this section, ss. 501.211 and 501.212 do not apply. In addition to any other remedy under part II of this chapter, the department may collect a civil penalty of up to \$50,000 per violation and reasonable attorney fees and court costs. When the commercial entity's failure to comply with subsection (2) or subsection (3) is a consistent pattern of conduct of the commercial entity, punitive damages may be assessed against the commercial entity.

(b) A third party that performs age verification for a commercial entity in violation of s. 501.1738 is deemed to have committed an unfair and deceptive trade practice actionable under part II of this chapter solely by the department against such third party. If the department has reason to believe that the third party is in violation of s. 501.1738, the department, as the enforcing authority, may bring an action against such third party for an unfair or deceptive act or practice. For the purpose of bringing an action pursuant to this section, ss. 501.211 and 501.212 do not apply. In addition to other remedies under part II of this chapter, the department may collect a civil penalty of up to \$50,000 per violation and reasonable attorney fees and court costs.

(c) A commercial entity that violates subsection (2) for failing to prohibit access or prohibit a minor from future access to material harmful to minors after a report of unauthorized or unlawful access is liable to the minor for such access, including court costs and reasonable attorney fees as ordered by the court. Claimants may be awarded up to \$10,000 in damages. A civil action for a claim under this paragraph must be brought within 1 year from the date the complainant knew, or reasonably should have known, of the alleged violation.

(d) Any action under this subsection may only be brought on behalf of or by a resident minor.

(6) For purposes of bringing an action under subsection (5), a commercial entity that publishes or distributes material harmful to minors on a website or application, if the website or application contains a substantial portion of material harmful to minors and such website or application is available to be accessed in this state, is considered to be both engaged in substantial and not isolated activities within this state and operating, conducting, engaging in, or carrying on a business and doing business in this state, and is therefore subject to the jurisdiction of the courts of this state.

(7) This section does not preclude any other available remedy at law or equity.

(8)(a) If, by its own inquiry or as a result of complaints, the department has reason to believe that an entity or person has engaged in, or is engaging in, an act or practice that violates this section, the department may administer oaths and affirmations, subpoena witnesses or matter, and collect evidence. Within 5 days, excluding weekends and legal holidays, after the service of a subpoena or at any time before the return date specified therein, whichever is longer, the party served may file in the circuit court in the county in which it resides or in which it transacts business and serve upon the enforcing authority a petition for an order modifying or setting aside the subpoena. The petitioner may raise any objection or privilege which would be available upon service of such

subpoena in a civil action. The subpoena shall inform the party served of its rights under this subsection.

(b) If the matter that the department seeks to obtain by subpoena is located outside the state, the entity or person subpoenaed may make it available to the department or its representative to examine the matter at the place where it is located. The department may designate representatives, including officials of the state in which the matter is located, to inspect the matter on its behalf, and may respond to similar requests from officials of other states.

(c) Upon failure of an entity or person without lawful excuse to obey a subpoena and upon reasonable notice to all persons affected, the department may apply to the circuit court for an order compelling compliance.

(d) The department may request that an entity or person that refuses to comply with a subpoena on the ground that testimony or matter may incriminate the entity or person be ordered by the court to provide the testimony or matter. Except in a prosecution for perjury, an entity or individual that complies with a court order to provide testimony or matter after asserting a valid privilege against self-incrimination shall not have the testimony or matter so provided, or evidence derived therefrom, received against the entity or person in any criminal investigation or proceeding.

(e) Any entity or person upon whom a subpoena is served pursuant to this section shall comply with the terms thereof unless otherwise provided by order of the court. Any entity or person that fails to appear with the intent to avoid, evade, or prevent compliance in whole or in part with any investigation under this part or that removes from any place, conceals, withholds, mutilates, alters, or destroys, or by any other means falsifies any documentary material in the possession, custody, or control of any entity or person subject to any such subpoena, or knowingly conceals any relevant information with the intent to avoid, evade, or prevent compliance, shall be liable for a civil penalty of not more than \$5,000 per week in violation, reasonable attorney's fees, and costs.

(9) The department may adopt rules to implement this section.

Section 3. Section 501.1738, Florida Statutes, is created to read:

501.1738 Anonymous age verification.—

(1) As used in this section, the term "anonymous age verification" means a commercially reasonable method used by a government agency or a business for the purpose of age verification which is conducted by a nongovernmental, independent third party organized under the laws of a state of the United States which:

(a) Has its principal place of business in a state of the United States; and

(b) Is not owned or controlled by a company formed in a foreign country, a government of a foreign country, or any other entity formed in a foreign country.

(2) A third party conducting anonymous age verification pursuant to this section:

(a) May not retain personal identifying information used to verify age once the age of an account holder or a person seeking an account has been verified.

(b) May not use personal identifying information used to verify age for any other purpose.

(c) Must keep anonymous any personal identifying information used to verify age. Such information may not be shared or otherwise communicated to any person.

(d) Must protect personal identifying information used to verify age from unauthorized or illegal access, destruction, use, modification, or disclosure through reasonable security procedures and practices appropriate to the nature of the personal information.

Section 4. If any provision of this act or its application to any person or circumstances is held invalid, the invalidity does not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

Section 5. This act shall take effect January 1, 2025.

Explanation of Vote for Sequence Number 937

I cannot in good conscience vote for legislation that is likely unconstitutional. Indeed, HB3’s sweeping prohibition of youth from social media runs contrary to a Supreme Court precedent. The Court has found that statutes restricting constitutionally protected speech will fail if “less restrictive alternatives would be at least as effective in achieving the legitimate purpose that the statute was enacted to serve.” Ashcroft v. Am. C.L. Union, 542 U.S. 656, 665 (2004). The Court in Ashcroft affirmed the injunction of a law remarkably similar to this bill, noting that the “purpose of the test is to ensure that speech is restricted no further than necessary to achieve the goal, for it is important to ensure that legitimate speech is not chilled or punished.” Though I agree more needs to be done in protecting our youth on social media, this bill goes too far in taking away parents' rights and banning social media usage -- and thus First Amendment Rights -- for young Floridians.

So the bill passed, as amended. The action was immediately certified to the Senate and the bill was ordered enrolled after engrossment.

The Honorable Paul Renner, Speaker

I am directed to inform the House of Representatives that the Senate has passed CS for CS for HB 1491, with 1 amendment, by the required Constitutional two-thirds vote of all members present and voting, and requests the concurrence of the House.

Tracy C. Cantella, Secretary

CS/CS/HB 1491—A bill to be entitled An act relating to public records; amending s. 501.1737, F.S.; providing an exemption from public records requirements for information relating to investigations by the Department of Legal Affairs of certain age verification violations; authorizing the department to disclose such information for specified purposes; providing a definition; providing for future legislative review and repeal of the exemption; providing a statement of public necessity; providing a contingent effective date.

Senate Amendment 1 (with title amendment)—

Delete everything after the enacting clause and insert:

Section 1. Present subsection (11) of section 501.1736, Florida Statutes, as created by HB 3 or similar legislation, 2024 Regular Session, is redesignated as subsection (12), and a new subsection (11) is added to that section, to read:

501.1736 Social media use for minors.—

(11)(a) All information held by the department pursuant to a notification of a violation of this section or an investigation of a violation of this section is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution, until such time as the investigation is completed or ceases to be active. This exemption shall be construed in conformity with s. 119.071(2)(c).

(b) During an active investigation, information made confidential and exempt pursuant to paragraph (a) may be disclosed by the department:

1. In the furtherance of its official duties and responsibilities;

2. For print, publication, or broadcast if the department determines that such release would assist in notifying the public or locating or identifying a person that the department believes to be a victim of an improper use or disposal of customer records, except that information made confidential and exempt by paragraph (c) may not be released pursuant to this subparagraph; or

3. To another governmental entity in the furtherance of its official duties and responsibilities.

(c) Upon completion of an investigation or once an investigation ceases to be active, the following information held by the department shall remain

confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution:

1. Information that is otherwise confidential or exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.
2. Personal identifying information.
3. A computer forensic report.
4. Information that would otherwise reveal weaknesses in the data security of a social media platform.
5. Information that would disclose the proprietary information of a social media platform.

(d) For purposes of this section, the term "proprietary information" means information that:

1. Is owned or controlled by the social media platform.
2. Is intended to be private and is treated by the social media platform as private because disclosure would harm the social media platform or its business operations.
3. Has not been disclosed except as required by law or a private agreement that provides that the information will not be released to the public.
4. Is not publicly available or otherwise readily ascertainable through proper means from another source in the same configuration as received by the department.
5. Reveals competitive interests, the disclosure of which would impair the competitive advantage of the social media platform that is the subject of the information.

(e) This subsection is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2029, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 2. The Legislature finds that it is a public necessity that all information held by the Department of Legal Affairs pursuant to a notification of a violation of s. 501.1736, Florida Statutes, or an investigation of a violation of that section, be made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution for the following reasons:

(1) A notification of a violation of s. 501.1736, Florida Statutes, may result in an investigation of such violation. The premature release of such information could frustrate or thwart the investigation and impair the ability of the department to effectively and efficiently administer s. 501.1736, Florida Statutes. In addition, release of such information before completion of an active investigation could jeopardize the ongoing investigation.

(2) Release of information that is otherwise confidential or exempt from public records requirements once an investigation is completed or ceases to be active would undo the specific statutory exemption protecting that information, thus clarifying that any protections currently afforded to such information are not removed.

(3) An investigation of a violation of s. 501.1736, Florida Statutes, is likely to result in the gathering of sensitive personal identifying information, which could include identification numbers, unique identifiers, professional or employment-related information, and personal financial information. Such information could be used for the purpose of identity theft. The release of such information could subject families to possible privacy violations, as it would reveal information of a sensitive personal nature.

(4) Notices received by the department and information generated during an investigation of a violation of s. 501.1736, Florida Statutes, are likely to contain proprietary information. Such information derives independent, economic value, actual or potential, from being generally unknown to, and not readily ascertainable by, other persons who might obtain economic value from its disclosure or use. Allowing public access to proprietary information through a public records request could destroy the value of the proprietary information and cause a financial loss to the social media platform. Release of such information could give business competitors an unfair advantage.

(5) Information held by the department may contain a computer forensic report or information that could reveal weaknesses in the data security of a social media platform. The release of this information could result in the identification of vulnerabilities in the cybersecurity system of the social media platform and be used to harm the social media platform and its clients.

(6) The harm that may result from the release of information held by the department pursuant to a notification or investigation of a violation of s. 501.1736, Florida Statutes, could impair the effective and efficient administration of the investigation and thus outweighs the public benefit that may be derived from the disclosure of the information.

Section 3. Present subsection (9) of section 501.1737, Florida Statutes, as created by HB 3 or similar legislation, 2024 Regular Session, is redesignated as subsection (10), and a new subsection (9) is added to that section, to read:

501.1737 Age verification for online access to materials harmful to minors.—

(9)(a) All information held by the department pursuant to a notification of a violation of this section or an investigation of a violation of this section is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution, until such time as the investigation is completed or ceases to be active. This exemption shall be construed in conformity with s. 119.071(2)(c).

(b) During an active investigation, information made confidential and exempt pursuant to paragraph (a) may be disclosed by the department:

1. In the furtherance of its official duties and responsibilities;
2. For print, publication, or broadcast if the department determines that such release would assist in notifying the public or locating or identifying a person whom the department believes to be a victim of an improper use or disposal of customer records, except that information made confidential and exempt by paragraph (c) may not be released pursuant to this subparagraph; or
3. To another governmental entity in the furtherance of its official duties and responsibilities.

(c) Upon completion of an investigation or once an investigation ceases to be active, the following information held by the department shall remain confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution:

1. Information that is otherwise confidential or exempt from s. 119.07(1) or s. 24(a), Art. I of the State Constitution.
2. Personal identifying information.
3. A computer forensic report.
4. Information that would otherwise reveal weaknesses in the data security of the commercial entity.
5. Information that would disclose the proprietary information of the commercial entity.

(d) For purposes of this subsection, the term "proprietary information" means information that:

1. Is owned or controlled by the commercial entity.
2. Is intended to be private and is treated by the commercial entity as private because disclosure would harm the commercial entity or its business operations.
3. Has not been disclosed except as required by law or a private agreement that provides that the information will not be released to the public.
4. Is not publicly available or otherwise readily ascertainable through proper means from another source in the same configuration as received by the department.
5. Reveals competitive interests, the disclosure of which would impair the competitive advantage of the commercial entity that is the subject of the information.

(e) This subsection is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2029, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 4. The Legislature finds that it is a public necessity that all information held by the Department of Legal Affairs pursuant to a notification of a violation of s. 501.1737, Florida Statutes, or an investigation of a violation of that section, be made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution for the following reasons:

(1) A notification of a violation of s. 501.1737, Florida Statutes, may result in an investigation of such violation. The premature release of such information could frustrate or thwart the investigation and impair the ability of the department to effectively and efficiently administer s. 501.1737, Florida Statutes. In addition, release of such information before completion of an active investigation could jeopardize the ongoing investigation.

(2) Release of information that is otherwise confidential or exempt from public records requirements once an investigation is completed or ceases to be active would undo the specific statutory exemption protecting that information, thus clarifying that any protections currently afforded to that information are not removed.

(3) An investigation of a violation of s. 501.1737, Florida Statutes, is likely to result in the gathering of sensitive personal identifying information, which could include identification numbers, unique identifiers, professional or employment-related information, and personal financial information. Section 5. This act shall take effect on the same date that HB 3 or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

Explanation of Vote for Sequence Number 762

This bill makes it incredibly difficult for local governments to address the homelessness crisis in our state. In the 2023 count, Florida reported 15,482 unsheltered people or 6% of the national total of people living in places not meant for human habitation. This is a crisis, but instead of empowering local governments we are making it more difficult for them to respond via pre-emption. I am concerned that the requirements in this bill will push those who are unsheltered deeper into the shadows, versus allow them to access the help and support they need.

*Rep. Anna V. Eskamani
District 42*

Explanation of Vote for Sequence Number 770

This is another bad bill that is a part of the Governor's "anti-WOKE" agenda which has already been deemed unconstitutional. The projection from the GOP on issues of public education has no bounds. My colleagues on the right say they don't want a "distortion" of history, and yet they endorse PragerU being allowed in our schools. Instead of whitewashing history, we should embrace civil discourse and analyze topics that may make some uncomfortable. I am tired of seeing bills like this and hope for a day where we can move on from these culture wars.
