RE: Legislative Representation of Seminole Improvement District

Dear Lori:

This confirms the Firm has represented Seminole Improvement District (the "District") for approximately twenty three (23) years. Through myself and Terry Lewis, we have served as General Counsel to the District during that time. Further, since 1999, we have represented the District before the Florida Legislature as part of our duties. The first legislative assignment was codification of the District's Special Act. But, there has been continuous legislative representation from 1999 through the present.

Until 2015, any legislative work undertaken was performed under our original retainer letter and charged at the then hourly rate for the attorney performing the work. In 2015, however, the representation for legislative work was split out from the Firm's general duties and billed monthly at a flat rate of \$7,500 plus costs. We did not memorialize the agreement with a separate retainer but have continued to represent the District under the flat rate agreement since 2015.

Very truly yours,

Robert P. Diffenderfer
