and responsibilities, and is deemed to include preliminary considerations and prerequisites, and all labor, materials, equipment, and tasks which are such an inseparable part of the Work described that exclusion would render performance by Contractor impractical, illogical, or unconscionable. Contractor acknowledges and agrees that the City's Contract Administrator has no authority to make changes that would increase, decrease, or otherwise modify the Scope of Services to be provided under this Agreement.

By signing this Agreement, the Contractor represents that it thoroughly reviewed the documents incorporated into this Agreement by reference and that it accepts the description of the work and the conditions under which the Work is to be performed.

It is acknowledged and agreed by Contractor that this amount is the maximum payable and constitutes a limitation upon City's obligation to compensate Contractor for Contractor's services related to this Agreement. This maximum amount, however, does not constitute a limitation of any sort upon Contractor's obligation to perform all items of work required by or which can be reasonably inferred from the Scope of Services. Except as otherwise provided in the solicitation, no amount shall be paid to Contractor to reimburse Contractor's expenses.

### **V. METHOD OF BILLING AND PAYMENT**

**N. Assignment and Performance**

Neither this Agreement nor any right or interest herein shall be assigned, transferred, or encumbered without the written consent of the other party. In addition, Contractor shall not subcontract any portion of the Work required by this Agreement, except as provided in the Schedule of Subcontractor Participation. City's failure to enforce any provision of this Agreement shall not be deemed a waiver of such provision or modification of this Agreement. A waiver of any breach of a provision of this Agreement shall not be deemed a waiver of any subsequent breach and shall not be construed to be a modification of the terms of this Agreement.

Nothing contained in this paragraph or elsewhere in this Agreement is in any way intended to be a waiver of the limitation placed upon City's liability as set forth in Section 768.28, Florida Statutes (2021), as may be amended or revised.

**U. Jurisdiction, Venue, Waiver, Waiver of Jury Trial**

- 5.15 UNUSUAL CIRCUMSTANCES:** If during a contract term where costs to the City are to remain firm or adjustments are restricted by a percentage or CPI cap, unusual circumstances that could not have been foreseen by either party of the contract occur, and those circumstances significantly affect the Contractor's cost in providing the required prior items or services, then the Contractor may request adjustments to the costs to the City to reflect the changed circumstances. Such action shall include, but not be limited to, declaring the Contractor in default and disqualifying Contractor from receiving any business from the City for a stated period of time.

Re: RFQ #12519-711 for State Legislative and Executive Branch Representative Services

Dear Ms. Saey,

On behalf of Capital City Consulting (CCC), we are excited to submit this proposal to provide state legislative and executive branch lobbying services for the City of Fort Lauderdale (City). At CCC, we understand that the City is uniquely situated because of its distinctive infrastructure needs, diverse population, and tourism-driven economy. We believe that our team of consultants has the background and expertise needed to effectively represent these diverse interests before the executive and legislative branches in Tallahassee. As you will see in this proposal, CCC has a proven track record of accomplishing client goals through strategic planning, accessing key relationships, and handling complex and controversial government initiatives; all skills and resources we will put to work for the City if selected to represent you.

Capital City Consulting is a full-service government relations firm that was founded 18 years ago by partners Nick Iarossi and Ron LaFace. CCC has 13 full time lobbyists, five full-time administrative staff, two Florida office locations, and approximately 200 current clients. CCC's Tallahassee office is one block from The Capitol and would be the central location where state government relations efforts are coordinated on behalf of the City. If selected, Jared Rosenstein and Ron LaFace will be the City's primary points of contact.

Capital City Consulting, LLC  
124 West Jefferson Street  
Tallahassee, FL 32301  
Office: 850.222.9075

CCC also has an office in downtown Tampa, managed by Justin Day, who represents clients before Florida's state government and local governments in Hillsborough and Pinellas counties.

Capital City Consulting, LLC  
400 North Ashley Drive, Suite 1100  
Tampa, FL 33602  
Office: 850.544.1932

CCC's primary team of consultants on the City's account will include Jared Rosenstein, Ron LaFace, Nick Iarossi, Megan Fay, Andrew Ketchel, and Jim Boxold. We will also subcontract with Joe Gibbons, President of Gibbons Consulting Group (GCG), a South Florida based advocacy firm. As a former City Commissioner and State Representative, Joe Gibbons brings a wealth of local knowledge to complement CCC's statewide advocacy. While we do not anticipate many conflicts, GCG will take point on all issues that conflict with existing representation at CCC. At CCC, we successfully build lasting relationships with Florida's government leaders and welcome the opportunity to advance the City's state government agenda. This group of individuals has access to the highest levels of decision makers within state government, and if selected, we are confident that we will be able to effectively advocate for the City's legislative priorities.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ron LaFace', with a long horizontal line extending to the right.

Owner, Capital City Consulting

## Experience and Qualifications (4.2.3)

### Past Projects for Public Sector Clients

#### College of the Florida Keys (formerly Florida Keys Community College)

CCC has successfully represented the College of the Florida Keys in front of the legislature and executive branch since 2015. Some highlights over the past five years from this successful partnership include:

- Worked with the legislature during the 2020 Session to secure an additional \$450,000 in recurring operating funding for the College. These funds will allow the College to recruit and retain world-class faculty in the most expensive housing market in the state. It will also help the College continue to offer high quality programs at affordable tuition rates to a growing student population.
- CCC recently helped the College work with the Division of State Lands (Department of Environmental Protection) to secure a 50-year lease on a parcel in the Keys that was formerly used by the Department of Corrections. The parcel will be used to offer Commercial Driver's License (CDL) certificate programs and law enforcement training programs through the College. The College will also work in partnership with Monroe County and Monroe Sheriff's Office to provide other services to the community, including a location for staging in the event of a hurricane.
- Additionally, CCC worked with Senator Rick Scott's office in 2019 to expedite the award of a \$16 million grant that will allow the College of the Florida Keys to construct a new workforce training facility at their northern campus and provide the College with an alternate headquarters location should another major storm strike the region.
  - In 2021, CCC successfully included proviso in the General Appropriations Act allowing the College to spend the \$16M federal grant referenced above to construct a facility on the Upper Keys Campus property.
- Helped the College secure state PECO funding for the construction of additional classrooms on the main campus, which can also be used as an on-site Emergency Operations Center, and secured \$4,500,000 to purchase a site for the Upper Keys campus.
- Additionally, during the 2021 legislative Session, CCC helped secure \$384,000 for facilities renovations on the College's Dive Building.

## Palm Beach County School District

CCC has represented the Palm Beach County School District since 2003. Some of our legislative successes include:

- During the 2021 Session, CCC secured \$426,857 for the West Technical Education Center - Adult Education & Workforce Development Training Program
- CCC also passed language that will allow school board advisory committees to meet virtually, continuing a practice that started during the pandemic, but was found to actually encourage volunteer participation.
- During the 2020 Session, CCC helped secure a \$200,000 appropriation for the African American History Museum at Roosevelt High School. This appropriation was the second year of state legislative funding for the project, and combined with \$150,000 that was appropriated in 2019, will be enough funding to finish the project for the school district.
- We recently negotiated a transition year with the Department of Education on the CAPE Industry Certification funding list, which provided the school district with another year of access to approximately \$4.5M in funding that they otherwise would have lost.
- CCC also worked to secure a \$250,000 state appropriation for West Technical Career Center during the 2019 Session. West Tech is a post-secondary education facility run by the school district that serves the Glades area of the county. The appropriation was approved by Governor DeSantis.
- CCC has worked with the legislature and the Department of Education to negotiate a number of changes to legislation, including teacher salary increases, school safety, assessments and accountability and charter school issues.
- During the 2019 Session, we worked with legislative leadership to amend the tax package so that language requiring retroactive sharing of referendum millage with charter schools was applied prospectively – saving the school district approximately \$20 million.

## City of Venice

CCC has represented the City of Venice since 2015 and during that time has accomplished a number of legislative successes on their behalf, including:

- In the 2015 legislative session, CCC worked quickly to remove and amend certain negative provisions of proposed legislation relating to the Bert J. Harris, Jr. Property Rights Protection Act that would have resulted in large fiscal impacts on many cities and municipalities.
- CCC secured \$3 million in funding for road improvement projects for the City of Venice, despite the projects not being included in the original Department of Transportation work plan nor the Governor's appropriations recommendations.
- CCC also successfully lobbied the legislature on behalf of the City of Venice to secure an additional \$1.75 million in state funding that went towards local water projects and the replacement of aging utility infrastructure.

## Polk County

CCC has represented Polk County since 2019 and has successfully secured several high-profile legislative appropriations including:

- During the 2021 legislative session, CCC worked to secure \$ 9.5 million for the construction of a portion of a two-lane road, known as the North Ridge Trail. The proposed portion of North Ridge Trail is to be constructed is between Deen Still Road and Dolcetto Drive in northeast Polk County.
- Additionally, during the 2021 legislative session, CCC assisted Polk County in securing \$ 500,000 for design and construction of a new emergency management warehouse facility to strategically house supplies and equipment for citizens with special needs. Polk County has one of the highest special needs populations in the state. Polk County special needs shelters would need to house 3,246 clients, which does not include any out-of-county evacuees. As the population of Polk County continues to grow, so does the demand for the special needs.

## Lobbyists and Qualifications

Capital City Consulting (CCC) is excited about the opportunity to submit this proposal to the City of Fort Lauderdale (City) for state lobbying services. CCC is a full-service government relations firm that has been in business for 18 years. CCC is owned by founding partners Nick Iarossi and Ron LaFace and employs 13 full-time lobbyists and five full-time administrative staff. Combined, our team of consultants has over 200 years of experience in government affairs, which we will put to work on behalf of the City.

While CCC is not a law firm, seven of our consultants (Nick Iarossi, Ron LaFace, Ashley Kalifeh, Megan Fay, Scott Ross, Chris Schoonover, and Jared Rosenstein) are attorneys and most are licensed to practice in the State of Florida.

At CCC, our main focus is helping our clients navigate government in ways that increase business opportunities, protect their core mission, reduce problematic regulations, access funding opportunities, and prevent the passage of disruptive legislation. If selected, Jared Rosenstein will lead CCC's representation of the City of Fort Lauderdale. While Jared will serve as day-to-day liaison and primary lobbyist for the City, you can be assured that if selected, *all* CCC lobbyists and staff will be made available to ensure that the City has the best possible chance of achieving its legislative goals.

## Jared Rosenstein

Jared Rosenstein began his career in the Florida Senate while attending Florida State University. After graduating from Florida State University with a degree in political science, Rosenstein worked for several members of the Florida House of Representatives while attending law school at Nova Southeastern University's School of Law. As a legislative staffer in both chambers, he provided policy analysis on gaming, animal welfare, and natural disaster issues; additionally, during the 2018 legislative session, he helped craft the Marjory Stoneman Douglas School Safety Act.

In addition to his legislative experience, Rosenstein was the legislative affairs Director at the Florida Division of Emergency Management (FDEM) under Governor Ron DeSantis and Director Jared Moskowitz. Rosenstein was the primary point of contact for federal, state, and local elected officials during the COVID-19 pandemic.

Rosenstein splits his time between Fort Lauderdale and Tallahassee and is an ardent supporter of Jewish causes, animal rescue organizations, and cancer research initiatives.

## Ron LaFace

A lawyer by training and co-founder of CCC, Ron's lobbying experience includes assisting clients in shaping legislation, navigating procurements, and developing or influencing agency policy through rulemaking and other executive branch intervention. Ron's skill set and attention to policy nuance has won him accolades such as Health Care Lobbyist of the Year in 2017, as well as winning "Best Lobbyist" in a competition voted on by his peers.

Formerly President of Blue Key at the University of Florida, Ron received his Juris Doctorate from the Florida State University and has been Florida Senate confirmed to the state's Postsecondary Education Planning Commission. Prior to and during law school, Ron worked at the Department of Education, providing him a solid foundation for statewide public policy work.

## Nick Iarossi

As a co-founding member of Capital City Consulting, Nick Iarossi has worked on local, state, and federal government policy issues for over 20 years. Recently named by Influence Magazine as one of the 100 Most Influential People in Florida, Nick is considered the best in his field representing a diverse client base before Florida's government including: financial services, insurance, environmental, gaming, retail, education, alcohol, information technology, tobacco, and procurement. Over the years, Nick lobbied to pass countless pieces of legislation on behalf of his clients and secured over a billion dollars in legislative appropriations. Nick is often relied on by clients to assist on various public affairs aspects such as crisis management, message development, and political branding.

Before starting our firm, Nick practiced law and government affairs at a prominent Florida law firm after working in the Senate Majority Office and Office of Insurance Regulation as a law clerk. Nick graduated from Florida State University with honors, where he served as student body president and also received his JD from Florida State University Law School.

## Megan Fay

A University of Florida and Florida State graduate, Megan began her career as an attorney with the Department of Business and Professional Regulation litigating real estate issues before administrative bodies. She quickly rose through the ranks and joined the Governor's Office, providing advice and counsel on campaign finance and local government issues.

Soon after, Megan was selected to join Governor Rick Scott's senior staff where she worked in both legislative and cabinet affairs. After being promoted to Deputy Chief of Staff, Megan was instrumental in shaping issues spanning from tourism and incentives to education. In addition to overseeing VISIT Florida, Florida Housing Finance Corporation, the Department of Education, the Florida Lottery, and CareerSource. Megan was also involved in shaping policy as it related to gaming and the response to the Marjory Stoneman Douglas shooting, which culminated in the passage of legislation addressing school safety.

## Jim Boxold

CCC Managing Partner Jim Boxold is the former Secretary of the Florida Department of Transportation where he was responsible for managing a \$10 billion budget and over six thousand employees. His signature achievements were the implementation of the largest work program in departmental history, making record investments in the state's highways, railways, airports, and seaports, and negotiating a cost-saving highway project with the Federal Highway Administration. While leading FDOT, Jim also spearheaded the development of a new finance program to speed up construction projects, as well as consolidated toll agencies' customer service center functions.

Jim's career in state government took off after graduating from The George Washington University, when he served as an aide in the United States House of Representatives to Congressman Porter Goss, managing the Congressman's legislative portfolio and marshaling congressional approval of the Comprehensive Everglades Restoration Program. After moving to Florida, Jim worked for Governor Jeb Bush as a policy advisor and then for Commissioner Adam Putnam, where he managed cabinet affairs before being appointed to oversee the Department of Transportation by Governor Rick Scott.

## Andrew Ketchel

Andrew joined CCC after serving both as a policy advisor to Governor Scott and as the Legislative Affairs Director for the Department of Environmental Protection. In the latter role, Andrew oversaw the Department's legislative agenda and worked extensively on issues dealing with Florida's springs, the Everglades, state-owned lands, waste management, and the Florida Park Service. Andrew also oversaw the most recent state land statutory overhaul, Florida's coastal permitting reforms, and changes to the Petroleum Restoration Program. While at DEP, Andrew also helped resolve several complicated wastewater and drinking water issues.

Andrew's state government experience also extends to the Florida Department of Highway Safety and Motor Vehicles, where he worked as a member of the Gubernatorial Fellows program, a highly selective annual training program for young leaders. A graduate of the University of South Florida, Andrew was a four-year letterman on the football team.

Andrew plays a key role in CCC's representation of the Everglades Foundation and can point to many successes such as requiring the state to set aside 25% of Amendment 1 (Florida Land and Water Conservation Initiative) funding for Everglades' restoration and helping to pass legislation directing the state to create a southern storage reservoir to hold, clean, and release water to Florida Bay.

## Objectives & Approach to Scope of Work (3.2 & 4.2.4)

### 1. Full Range of State Advocacy Services

Should we be chosen to represent the City, CCC would waste no time meeting the Mayor, Commissioners, and staff, learning your issues, and developing a strategy for effective representation in Tallahassee. Our initial objective will be to educate ourselves on the City's legislative issues and priorities, which will allow us to develop a strategic course of action to achieve your goals.

Lobbying is a year-round activity and CCC's professionals know that a delay in lobbying government leaders on priority issues could spell defeat. Therefore, it will be critically important to effectively message the City's legislative issues to key policymakers while they are deciding their priorities and before misinformation or other outside interests influence their decisions. Also, as it relates to appropriations, much groundwork is completed well before session to ensure the City's requests are known and understood as internal legislative priority funding lists are generated. We are confident that our team of consultants can provide the City with the services defined in the RFP's Scope of Services section, and we will work with the City to develop a tailored advocacy strategy to meet your needs.

### 2. Effective Communication of Legislative Priorities

At CCC, we pride ourselves not only in being able to get a meeting with the right person, but in having a deep understanding of the subject matter and always being prepared for meetings with elected officials and staff. This gives our lobbyists the ability to communicate the client's objectives clearly and effectively when it's time to make the pitch for funding, project approval, or a legislative change.

It is also important to note that CCC is a bipartisan firm with a long history of supporting candidates in both political parties. This gives us the ability to work across the aisle to achieve the City's objectives. Because at least one CCC consultant has an established relationship with every member of the Florida Legislature and Cabinet, we will be able to set meetings and provide timely access to decision makers, allowing the City to use our relationships to its advantage when asking for funding or policy changes in Tallahassee.

Our lobbyists also stay in constant communication with members and legislative staff to ensure that we stay up to date on upcoming legislative concepts. We also use this regular communication to position ourselves as sources of information and sounding boards for members and staff as they develop legislative concepts and policy proposals. We also regularly provide them with feedback on behalf of our clients during the policy formulation process and before policy proposals become final or public. This approach often provides our clients the ability to head-off or reshape proposals that might negatively impact their interests before the policy gets traction.

### 3. Facilitate Meetings with Elected Officials

As stated in the previous section, our team has the proven ability to facilitate productive interactions between our clients and key policy makers at the local and state levels. We have developed long-standing relationships with committee staff and all members of the legislative and executive branches to ensure that we have access to the best person when making an ask on behalf of a client. Our long-standing relationships mean that we will be able to set meetings for City Commissioners, City officials, and City staff with Legislators, the Governor, and Cabinet members.

### 4. Communication with the City of Fort Lauderdale

Florida government advocacy is a year-round effort and being located in Tallahassee is essential for successful daily interaction with state government. At CCC, our team appreciates that the City will rely on effective communication as issues develop, particularly in light of the physical distance between Tallahassee and the City of Fort Lauderdale.

We pride ourselves on always being available to our clients, and when the Legislature is not in Session, we will continue to communicate regularly with our primary point of contact at the City to ensure that he or she is briefed on meetings with legislators, leadership changes in the legislature or state agencies, legislative issues on the horizon, grant opportunities, or any other issues that could impact the City.

During the Legislative Session, CCC will provide the following services to the City:

- Drafting legislation and proviso;
- Identifying and securing strategic legislative bill sponsors;
- Monitoring legislation and state funding opportunities;
- Identifying potential opportunities for state legislative appropriations;
- Scheduling and attending meeting with key legislators, cabinet members, and staff upon the request of the City;
- Scheduling and attending meetings with the Governor's Office of Policy and Budget and the Governor's Executive Office not just once, but during all key stages of the budget process, and particularly when the Governor is reviewing the budget for approval/veto of line items; and
- Coordinating public testimony and grassroots efforts.

Lastly, CCC is happy to attend weekly team strategy meetings, participate in conference calls, or any other update as requested. As a firm with clients located statewide, CCC travels regularly to Broward

County for business meetings and political events, making face-to-face interaction with the City very feasible. We believe this in-person interaction is essential to developing and executing successful government affairs strategies and would place an emphasis on making it happen despite our home office being located in Tallahassee.

## 5. Identifying Key Legislative Opportunities and Concerns

Should the City choose CCC, our team will request an in-person meeting as soon as practicable to go over key legislative issues and pressing executive branch actions affecting the City. This meeting will serve as a comprehensive workshop that allows us to educate ourselves so we can more effectively identify opportunities and advocate on your behalf. This will also include an in-depth discussion about the City's ideas for their State Legislative Agenda and long-term plans. It would also include a discussion of past challenges that you may have faced acquiring state appropriations or working with the legislative and executive branches.

## 6. Implementation of the Legislative Agenda

Considering that Florida's Legislative Session is limited to 60 days, it is not unusual for us to work with our clients well in advance to develop and refine legislative proposals or appropriations requests to a nearly finished product before any public filing of the proposal occurs. If selected to represent the City, CCC will use the information gathered to develop a unique strategic lobbying plan that includes, but is not limited to, the following actions:

- In-person advocacy with key legislators and staff during Committee Weeks and Legislative Session on behalf of the City;
- Attend all weekly team strategy meetings, legislative committee meetings, briefings, and hearings on behalf of the City;
- Monitor legislation, track agency policy changes, and follow upcoming grants and funding opportunities;
- Coalition building with other similarly aligned entities and associations like the Florida League of Cities and the National League of Cities;
- Help the City interface with the Broward County Legislative Delegation to develop support for legislative appropriations and policy requests;
- Brainstorm strategic members of the legislature to be advocates for the city's goals - both in the Broward County delegation and in the general membership;
- Complete all required House and Senate appropriations forms (in consultation with the City) if necessary;
- Communicate as frequently as needed with our established point of contact about important dates, deadlines, funding opportunities, and any meetings CCC has on behalf of the City;

- Use the information gathered from our initial meeting and subsequent conversations with the City to identify additional funding opportunities that may be available through executive agency grant programs or other state initiatives; and
- Facilitate and coordinate strategic legislative and executive branch meetings for City Commissioners and staff to present and advocate for the City's legislative priorities.

CCC's strategic lobbying plan will include a timeline, objectives, goals, important dates, target legislators for relationship building, and potential legislative sponsors for policy or appropriations bills. This strategic plan will provide the City with an accountability roadmap to measure our legislative success.

## **7. Team Effort and Consensus Building**

At CCC, we believe that communication is the key to legislative success. CCC will regularly communicate and consult with the City Manager, City Commissioners, in-house Lobbyists, and the city designated Contract Manager on any timely legislative or executive matters which may impact the City. Directly interfacing with key decision makers at the City level will help CCC better target their efforts in advancing the City's agenda.

## **8. Weekly Reporting and Legislative Tracking System (3.4)**

During Legislative Committee Weeks and Session, CCC will prepare weekly reports that include detailed information pertaining to legislation, committee meetings, the budget and appropriations process, political dynamics, and anything else that may impact the City. A final written report will also be prepared and presented to the City upon the completion of the legislative session or any special session.

At CCC, we use LobbyTools software to track legislation and amendments through the legislative process. In addition to the tracking information provided through LobbyTools, CCC will also provide City Administration with a weekly email on Fridays containing a day-by-day recap of the week's committee meetings, budget action, and other announcements that would impact the City of Fort Lauderdale.

Additionally, CCC will provide monthly written reports detailing our efforts to enact policy changes, build relationships, secure state funding on behalf of the City, and to provide general updates on relevant policy developments occurring in Tallahassee.

## State Subject Areas/Issues

### CCC Proficiencies

CCC has provided lobbying services for 18 years and represents over 200 clients at any given time, we have significant experience in **every subject area listed in section 3.3** of the RFQ. Further, many CCC lobbyists also served in Florida's government as the Governor's Deputy Chiefs-of-Staff; Governor's Directors of Cabinet Affairs and Policy and Budget; agencies' Chiefs-of-Staff; agencies' Chief Information Officer, Chief Financial Officer, and Directors of Purchasing, Real-Estate, Legislative Affairs, & Legal Counsel; and the Secretary of the Department of Transportation. In these roles issues often were presented and resolved by CCC members that involve many of the listed subject areas.

Specifically, our firm secures hundreds of millions in state appropriations in each General Appropriations Act for large line items such as Everglades Restoration, for 3 Florida public universities, for 3 Florida public colleges, and for 5 mid-size and large Florida public school districts. Our firm also represents developers and local governments in securing water, beach restoration, environmental cleanup, and road projects.

Additionally, our firm represents the Florida Cultural Alliance in securing funding for the State Department Cultural Affairs grant programs and represents Florida's Safety Net Hospitals to secure funding for charity and uncompensated care as well as Medicaid reimbursement shortfall.

CCC has experience in funding major terminal expansions at two of Florida's busiest airports, with the legislative rewrite of the Department of Transportation's aviation statutes in 2016 and represented a leading airport concessions firm to secure their return to the Orlando International airport.

CCC successfully drafted and implemented Florida's red light camera program which involves uniform traffic laws; this program additionally facilitates interaction between local governments and the State for permitting camera poles on state rights-of-way. CCC has influenced state legislation impacting local governments' ability to keep subcontractor retainage and comply with prompt payment laws while representing a large construction management firm who works for public entities. As it relates to city revenue, CCC has worked with the State on local governments' ability to charge convenience fees and state money remitter licensure exemptions.

In the criminal justice subject matter arena, CCC represents a large private prison provider and has experience working collaboratively with the juvenile justice system on behalf of public schools systems and representing the Guardian ad Litem Program. CCC members were also heavily involved in the drafting of the school safety legislation following the tragedy at Marjory Stoneman Douglas Highschool both as employees of the Governor's executive team, The Florida House of Representatives and on behalf of the State's School Superintendents Association.

When it comes to knowledge and experience on climate resiliency, water quality, and environmental issues, CCC is the lead firm representing the Everglades Foundation in Tallahassee. CCC also represents other environmental organizations such as Bonefish and Tarpon Trust, Loggerhead Marinelifelife Center, Enviva Biomass and Yamaha Marine. All of these entities are dedicated to water quality, the mitigation of climate resiliency and sea level rise, and the overall environmental health of our

state. During the course of CCC's representation of the Everglades Foundation, we have been successful in advocating for over \$1 billion for the development of the Southern Reservoir and marshes and \$250 million to fund "Legacy Florida" restoration efforts. CCC has also been successful in implementing the first residential water reuse program in the state, expanded the opportunity for local governments to mitigate for wetland ecosystem disturbances on state owned lands and been successful for local government clients in the pursuit of water project funding.

CCC has a large emergency management & disaster mitigation practice representing a large debris removal prime contractor, FEMA audit firms, and temporary housing and employee staffing providers for traditional disaster response and recovery. For the pandemic, CCC members guided much of the state testing and vaccinations efforts as executive members of Department of Emergency Management and representing the State's largest testing and vaccination vendor as well as CVS Health who implemented the Federal vaccination program and provided vaccinations in many nursing homes and ALFs.

On behalf of 5 medium and large Florida public Schools districts, CCC has much experience in millage referendums, TRIM notices, local option sales taxes, impact fees, fighting unfunded mandates, and protecting the ever-encroaching efforts by the State relating to Home Rule Authority. CCC has fought against mandates on when and how local government referendums can be placed on the ballot, increased authority for allowable expenses of sale tax option proceeds, weakened existing State pre-emption to allow for local regulation of smoking on local government owned property, overridden State sign restrictions to allow for certain signs authorized by local governments that can be viewed from state roads, and opposed efforts to curtail local governments' ability to collect fees to offset the impact of growth and development.

CCC has an extensive background in economic development; recently assisting clients in acquiring awards from the Governor's Job Growth Grant fund as well as a \$16.8 million grant award for mitigation infrastructure. Our firm also works closely with Enterprise Florida, providing small, minority, and entrepreneurial companies with training, development, and financing options for their businesses. Members of our firm helped create the very programs Florida based businesses tap into every day; this gives CCC a unique ability to provide expertise across multiple state agencies.

Finally, CCC has worked both in support and opposition to local bills over the years. Most recently, CCC brokered cooperation between Broward County and the Broward Clerk of the Court on a formal transfer of certain duties of the Clerk to the Broward County Administrator via a local bill. This was a two-year effort working on behalf of the Broward Clerk and with the local bill now enacted, a referendum to approve the transfer is in the process of going before the voters of Broward County during the 2022 general election.
