Re: Legislative Representation of Greater Naples Fire Rescue District before the
2024 Florida Legislature

Dear Chief Sapp:

Thank you for considering Manson Bolves Donaldson Tanner (MBDT) in the provision of legislative services to the Greater Naples Fire Rescue District (District). As discussed, this letter will serve as a proposal of the terms under which MBDT will provide legislative representation related to Section 338.26, Florida Statutes, to address issues associated with the DOT agreement term, the inclusion of a consumer price index, and the return of District equipment at the end of the DOT agreement.

Fees are based upon the ethical rules. The amount of the District's statement will be the fair value of the services provided taking into account the time spent, the type of service being asked to perform, any special level of expertise required, the size and scope of the matter, the results obtained, and other relevant considerations. MBDT proposes an hourly rate of \$250. The District will be provided the most effective support systems available, while at the same time allocating the costs of such systems in accordance with the usage of the services by individual Districts. Therefore, in addition to fees for services, the District will also be charged separately for certain costs and expense disbursements, including travel expenses; messenger, courier, and other communication costs; document reproduction; and computer research facilities, but not to exceed \$2,000.

Billing statements will be rendered on a monthly basis and are due and payable upon receipt. Every effort will be made to include disbursements in the statement for the month in
